Dear Mrs. Roosevelt,

I was sorry to learn of your recent accident But happy that your injuries were not more serious.

I want to ask a favor of you as you have always Been so kind to the children and me. - Cynthia will come out this Christmas and Montie, ('tho still in China with the Marines for which he volunteered at seventeen) will probably soon Be home. Since living in New York I have too long neglected to have a listing in the Social Register, which will of course be helpful to me in Business But of especial Benifit for the children.

I should be most grateful if you would write a note to the Social Register association recommending a listing for us. C. Livingston Waterbury deceased; Mrs. C. L. W. - widow; Cynthia W. - age 17.
~~Montie~~
James M. W. - age 19
address 103 East 75 - New York.
If you would be good enough to mail it to me I will send it to the S. R. Association along with the six others required. Someone else will give them the bulk of information necessary.

With all good summer wishes
Very sincerely yours -
Frances Waterbury

Time is of course important as the listing will close soon.

I would have asked Maud instead of troubling you, But it would take to long.
