Dear Mrs Roosevelt

We still feel almost as though we were in a happy dream – it seems so hard to realize that we are really here after those long months of waiting for this wonderful homecoming!

We both want to thank you very warmly for

ORIGINAL RETIRED FOR PRESERVAT

your great help in furthering our aims. I dread to think of how long we might still have been held up — had it not been for your kind spokesmanship. It certainly was most good of you to have taken this trouble & thought for us & ours, amidst all your manifold duties.

It is almost like being in Paradise to be with our dear children, who are spoiling us & have already achieved wonders in helping us to forget the past & to regain our wonted health & spirits.

I wish some day we could show you this lovely spot - with its old fashioned dwelling & its surrounding almost primeval wildness!

Thanking you again for all you have been good enough to do for us

very sincerely yours
