(b) Any person who served in the active military or naval service during the Spanish-American War, including the Boxer Rebellion and the Philippine Insurrection, or the World War, and who is permanently disabled as a result of injury or disease: Provided, That nothing contained in this title shall deny a pension to a Spanish-American War veteran past the age of sixty-two years entitled to a pension under existing law, but the President may reduce the rate of pension as he may deem proper. (c) The widow, child, or children, dependent mother or father, of any person who dies as a result of disease or injury incurred or aggravated in line of duty in the active military or naval service. NOW, THEREFORE, by virtue of the authority vested in me by said law, the following regulation is hereby promulgated cancelling Veterans Regulation No. 1 and substituting therefor Veterans Regulation No. 1(a) to read as follows:

PART I

I. (a) For disability resulting from personal injury or disease contracted in line of duty, or for aggravation of a preexisting injury or

disease contracted or suffered in line of duty, when such disability was incurred in or aggravated by active military or naval service during an enlistment or employment entered into on or after April 21, 1898, and before August 13, 1898, where the injury or disease was incurred or aggravated prior to July 5, 1902; or during an enlistment or employment where there was actual participation in the Philippine Insurrection on or after August 13, 1898, and before July 5, 1902; provided, however, that if the person was serving with the United States military forces engaged in the hostilities in the Moro Province the dates herein stated shall extend to July 15, 1903; or during an enlistment or employment where there was actual participation in the Boxer Rebellion on or after June 20, 1900, and before May 13, 1901; or during an enlistment or employment entered into on or after April 6, 1917, and before November 12, 1918, where the disease or injury was incurred prior to July 2, 1921; provided, however, if the person was serving with the United States military forces in Russia the dates herein shall be extended to April 1, 1920; or where such disability was incurred in or aggravated by active military or naval service during an enlistment or employment where there was active service in the Spanish-American War, or actual participation in the Boxer Rebellion, or Philippine Insurrection, or active service in the World War during the dates specified, the United States will pay to any person thus disabled and who was honorably discharged a pension as hereinafter provided but no pension shall be paid if the disability is the result of the person's own misconduct.

(c) That for the purposes of paragraph I (a) hereof a chronic disease becoming manifest to a degree of 10% or more within one year from the date of separation from active service as set forth therein shall be considered to have been incurred in or aggravated by service as specified therein notwithstanding there is no record of evidence of such disease during the period of active service; provided the person suffering from such disease served 90 days or more in the active service as specified therein; provided, however, that - Where there is affirmative evidence to the contrary, or evidence to establish that an intercurrent injury or disease which is a recognized cause of such chronic disease, has been suffered between the date of discharge and the onset of the chronic disease, or the disability is due to the person's own misconduct, service connection will not be in order.

(d) That for the purposes of paragraph I (a) hereof a preexisting injury or disease will be considered to have been aggravated by active military service as provided for therein where there is an increase in disability during active service unless there is a specific finding that the increase in disability is due to the natural progress of the disease.

II. That for the purposes of Part I, paragraph I (a) hereof, if the disability results from injury or disease -

### PART III

#### PAYMENT OF PENSION FOR DISABILITIES OR DEATH NOT THE RESULT OF SERVICE

I. (a) Any person who served in the active military or naval service, for a period of ninety days or more, during either the Spanish-American War, the Boxer Rebellion, the Philippine Insurrection or the World War, who is shown to have been in active service therein before the cessation of hostili-

ties and to have been honorably discharged from such service shall be entitled to receive a pension for permanent total disability not the result of his misconduct and which is not shown to have been incurred in any period of military or naval service: Provided, that -

(b) To be entitled to pension under the terms of Part III a veteran of either the Boxer Rebellion or of the Philippine Insurrection must be shown to have actually participated therein during his period of service.

(c) That for the purpose of paragraph I (a) hereof, the World War shall be deemed to have ended November 11, 1918, and the delimiting periods of the Spanish-American War, the Boxer Rebellion, and the Philippine Insurrection shall be as specified in Part I.

(d) In determining the period of active service for the purpose of Part III, it is not requisite that the ninety days' period of service shall have been completed before the cessation of hostilities. It is necessary, however, that a claimant hereunder shall have entered service prior to the cessation of hostilities and shall have served continuously thereafter for ninety days. A period of continuous active service for ninety days which commenced prior to, and extended into a period of hostilities as defined by Part I, shall be considered as meeting the service requirements of Part III.

(e) Except as provided in paragraph I (g) hereof, no pension shall be payable under Part III for permanent disability less than total. A permanent total disability shall be taken to exist when there is present any impairment of mind or body which is sufficient to render it impossible for the average person to follow a substantially gainful occupation and where it is reasonably certain that such impairment will continue throughout the life of the disabled person. Notwithstanding this definition the Administrator of Veterans' Affairs is hereby authorized to classify as permanent and total those diseases and disorders, the nature and extent of which in his judgment is such as to justify such a determination.

(f) The amount of pension payable under the terms of Part III shall be \$30 monthly, provided, that -

(g) Any veteran of the Spanish-American War over sixty-two years of age, (1) who meets the other requirements of Part III, or (2) who was on the pension rolls March 20, 1933, shall be entitled to receive a pension in the amount of \$15.00 monthly, except that under (2), the pension being paid to the veteran on March 20, 1933, shall be continued in the same amount if it was less than \$15.00 per month.

II. (a) Payment of pension provided by Part III, except as provided in paragraph I (g) shall not be made to any unmarried person whose annual income exceeds \$1,000, or to any married person or any person with minor children whose annual income exceeds \$2500.

(b) Whenever the income of any beneficiary to whom pension has been allowed under Part III exceeds the amount specified in this paragraph, the award of pension shall be discontinued.

(c) Whenever it may be considered to be necessary for the purpose of this paragraph, the Veterans' Administration may require from any beneficiary under Part III such information, proofs or evidence as may be desired in order to determine the annual income of such beneficiary.

III. (a) The surviving widow and/or child or children of any deceased person who served in the active military or naval service during either the Spanish-American War, the Boxer Rebellion or the Philippine Insurrection, and whose service therein was as defined by Part III, paragraph I hereof, shall be entitled to receive a pension at the monthly rates specified next below:

Widow but no child	\$15
Widow and one child	20
(with \$3 monthly for each additional child)	
No widow but one child	12
No widow but two children	15 (equally divided)
No widow but three children	20 (equally divided)
(with \$2 monthly for each additional child; total amount to be equally divided)	

(b) The total pension payable under this paragraph shall not exceed \$27.00 monthly. Where such benefits would otherwise exceed \$27.00

monthly, the amount of \$27.00 may be apportioned as the Administrator of Veterans' Affairs may prescribe.

#### PART IV

##### COMBINING OF PENSIONS

I. The Administrator of Veterans Affairs is hereby authorized and directed to provide for the combination of ratings and to pay pension at the rates prescribed by Veterans Regulation No. 1(a), Part I, to those veterans who had war time service as defined in Veterans Regulation No. 1(a), Paragraph I(a), and peace time service as defined in Part II, Paragraph I(a) thereof, who have suffered disability in line of duty in each period of service.

II. The Administrator of Veterans Affairs is hereby further authorized and directed to provide that for the purpose of determining whether a veteran is suffering from permanent and total disability as defined in Part III, Veterans Regulation No. 1(a), ratings for disabilities incurred in active military or naval service and in line of duty may be combined with ratings for disabilities which are not shown to have been incurred in active military or naval service: Provided, That in those cases in which the veteran, by virtue of the above provision, is found to be entitled to a pension under Part III of Veterans Regulation No. 1(a), and is entitled to a pension Under Part I or Part II of Veterans Regulation No. 1(a), the Administrator of Veterans Affairs is authorized and directed to pay to the veteran the greater benefit.

VETERANS REGULATION NO. 3 (a)

WHEREAS, Section 3, Title I, of Public No. 2, 73rd Congress, entitled "An Act To maintain the credit of the United States Government", provides:

"For each class of persons specified in subparagraphs (a) and (b) of section 1 of this title the President is hereby authorized to prescribe by regulation the minimum degrees of disability and such higher degrees of disability, if any, as in his judgment should be recognized and prescribe the rate of pension payable for each such degree of disability. In fixing rates of pensions for disability or death the President shall prescribe by regulation such differentiation as he may deem just and equitable, in the rates to be paid to veterans of different wars and/or their dependents and to be paid for

(a) Disabilities and deaths resulting from disease or injury incurred or aggravated in line of duty in war-time service;

(b) Disabilities and deaths resulting from disease or injury incurred or aggravated in line of duty in peace-time service;

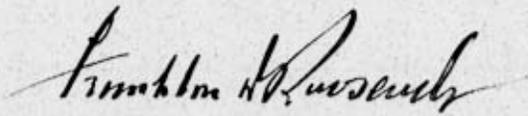

(c) Disabilities and deaths not incurred in service."

NOW, THEREFORE, by virtue of the authority vested in me by said law, the following regulation is hereby promulgated, cancelling Veterans Regulation No. 3, and substituting therefor Veterans Regulation No. 3 (a), to read as follows:

I. The Administrator of Veterans' Affairs is hereby authorized and directed to adopt and apply a schedule of ratings of reductions in earning capacity from specific injuries or combination of injuries. The ratings shall be based, as far as practicable, upon the average impairments of earning capacity resulting from such injuries in civil occupations.

The schedule shall be constructed so as to provide ten grades of disability and no more, upon which payments of pension shall be based, namely, ten per cent, twenty per cent, thirty per cent, forty per cent, fifty per cent, sixty per cent, seventy per cent, eighty per cent, ninety per cent, and total, one hundred per cent. The Administrator of Veterans' Affairs shall from time to time readjust this schedule of ratings in accordance with experience.

II. In connection with the review directed by Section 17 of Public No. 2, 73d Congress, the schedule of ratings provided for herein shall not operate to reduce by more than 25 per centum (exclusive of special statutory allowances) the payments being made to any veteran who on March 20, 1927, was properly rated on a permanent basis and who meets the requirements of Regulation No. 1, Part I.

The Administrator may, in his discretion, make contracts for burial and funeral services within the limits of the amount herein allowed without regard to the laws prescribing advertisement for proposals for supplies and services for the Veterans' Administration.

No deduction shall be made from the sum allowed because of any contribution toward the burial and funeral (including transportation) which shall be made by a State, county or other political subdivision, lodge, union, fraternal organization, society or beneficial organization, insurance company, Workmen's Compensation Commission, State Industrial Accident Board or employer, but the aggregate of the sums allowed from all sources shall not exceed the actual cost of the burial and funeral (including transportation).

III. Where death occurs in a Veterans Administration facility the Veterans Administration will (a) assume the actual cost (not to exceed \$75.00) of burial and funeral and (b) transport the body to the place of residence or to the nearest national cemetery or such other place as the next of kin may direct where the expense is not greater than the ascertained cost of transportation to place of residence. Where the ascertained cost of transportation to a place directed by the next of kin exceeds the amount allowed in accordance with (b) hereof, such allowable amount shall be available for reimbursement purposes or partial payment in such manner as the Administrator may determine.

IV. Claims for reimbursement must be filed within one year subsequent to the date of death of the veteran. In the event the claimant's application is not complete at the time of original submission, the Veterans' Administration will notify the claimant of the evidence necessary to complete the application and if such evidence is not received within six months of the date of the request therefor, no allowance may be paid.
