SEPARATION RATINGS OF DEPARTMENTAL EMPLOYEES

The first sentence of numbered paragraph 2 of Executive Order No. 4340, of June 4, 1933, providing for ratings to determine demotions and separations of departmental employees on account of reduction in force, is rescinded and the following is substituted:

"When preparing lists from which to select employees for demotion or for separation on account of reduction in force, there shall be given a credit for length of service of 2/10 of one point for each full year of Government service for the first five years, 5/10 of one point for each of the next two years, and 1 point for each year thereafter, except that the maximum credit for length of service shall not exceed 10 points: Provided, that whenever retirement after 30 years of service is authorized by law, employees eligible for retirement shall be given no credit for length of service."

The third sentence of the same paragraph is rescinded and the following is substituted:

"For example, an employee with 10 years of service, whose efficiency rating was 70, would receive a demotion or separation rating of 75,

while one with 15 years or more of service and
a rating of 70 would receive a demotion or separa-
tion rating of 80."

EXECUTIVE ORDER

ADMINISTRATION UNDER THE EMERGENCY RAILROAD
TRANSPORTATION ACT, 1933

WHEREAS section 2, title I of the act entitled "AN ACT To relieve the existing national emergency in relation to interstate railroad transportation, and to amend sections 5, 15a, and 19a of the Interstate Commerce Act, as amended", approved June 16, 1933, provides:

Section 2. In order to foster and protect interstate commerce in relation to railroad transportation by preventing and relieving obstructions and burdens thereon resulting from the present acute economic emergency, and in order to safeguard and maintain an adequate national system of transportation, there is hereby created the office of Federal Coordinator of Transportation, who shall be appointed by the President, with the advice and consent of the Senate, or be designated by the President from the membership of the Commission. If so designated, the Coordinator shall be relieved from other duties as Commissioner during his term of service to such extent as the President may direct; except that the Coordinator shall

not sit as a member of the Commission in any proceedings for the review or suspension of any order issued by him as Coordinator. The Coordinator shall have such powers and duties as are hereinafter set forth and prescribed, and may, with the approval of the President, and without regard to the civil service laws and the Classification Act of 1923, as amended, appoint and fix the compensation of such assistants and agents, in addition to the assistance provided by the Commission, as may be necessary to the performance of his duties under this Act.

AND WHEREAS under date of June 16, 1933, in accordance with said provisions of the Emergency Railroad Transportation Act, 1933, I have designated Interstate Commerce Commissioner Joseph B. Eastman as Federal Coordinator of Transportation:

NOW, THEREFORE, pursuant to the said provisions of the Emergency Railroad Transportation Act, 1933, said Commissioner Eastman is hereby relieved, during his term of service as Coordinator, of all duties as Interstate Commerce Commissioner except such as he may elect to perform, and except that he shall vote in all matters before the Commission for decision (other than in proceedings involving his acts as Coordinator) in which the remaining members of the Commission are equally divided.

AND, FURTHER, pursuant to the said provisions of the Emergency Railroad Transportation Act, 1933, approval is hereby given, effective June 17, 1933, to the appointment of such assistants and agents as the Federal Coordinator of Transportation may make under the provisions of said act, and to the compensation fixed by the Coordinator for each such assistant or agent, provided, however, that this approval shall not be held to cover the appointment of any assistant or agent at a compensation in excess of \$15,000 per annum.

EXECUTIVE ORDER

APPOINTMENT OF POSTMASTERS

When a vacancy exists or occurs in the position of postmaster at an office of the first, second or third class, the Postmaster General may submit to the President for renomination the name of the postmaster whose term has expired or is about to expire, or the name of some qualified person within the competitive classified Civil Service. If no such person is nominated the Postmaster General shall certify the fact to the Civil Service Commission which shall forthwith hold an open competitive examination to test the fitness of applicants not in either of the above mentioned classes to fill such vacancy. When such examination has been held and the papers submitted therewith have been rated, the Commission shall furnish a certificate of not less than three eligibles, if the same can be obtained, to the Postmaster General, who shall submit to the President the name of one of the highest three for appointment to fill such vacancy; provided that the Postmaster General may reject the name of any person or persons so certified if he shall find that such person or persons is disqualified, in which event, the said Commission shall upon request of the Postmaster General complete the certificate of three names; provided that no person who has passed his sixty-~~three~~^{sixty} birthday at the date for close of receipt of applications for such examination shall be permitted to take the same; and provided further that no person shall be examined for Postmaster who has not actually resided within the delivery of the office for which application is made for one year next preceding such date; and provided further that at the expiration of the term of any postmaster, or anticipating such expiration, or upon the death, resignation or removal of any postmaster, the Postmaster General may, in his discretion request the Civil Service Commission to hold an examination.

If, pursuant to this order, it is desired to submit to the President for nomination the name of a person in the competitive classified

service, such person must first be found by the Civil Service Commission to possess the requisite qualifications.

No person who has passed his sixty-~~eight~~^{sixth} birthday shall be appointed acting postmaster in an office of the first, second or third class unless he is already in the postal service.

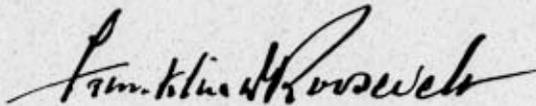

The Civil Service Commission, in rating the examination papers of candidates who are veterans of the World War, Spanish-American War, or the Philippine Insurrection, shall add to their earned ratings five points and make certification to the Postmaster General in accordance with their relative positions thus acquired.

The time such candidates were in the service during such wars may be reckoned by the Commission in making up the required length of business experience. As to such candidates all age limitations shall be waived.

This order shall supersede all previous Executive Orders affecting the appointment of postmasters to post offices of the first, second and third classes.

[RAYON WEAVING INDUSTRY, CODE OF FAIR COMPETITION]

In supplement to an application filed for approval of a Code of Fair Competition for the Rayon Weaving Industry, the applicants have requested immediate approval of certain provisions, and after due consideration, acting under the provisions of the National Industrial Recovery Act, I agree with the applicants who have filed said Code for the Rayon Weaving Industry that the provisions of Section V, paragraphs (a), (b), (d) and (e), which are identical with corresponding provisions in the Cotton Textile Code, approved by me July 9, 1933, should be made effective on July 17, 1933, which is the effective date of the Cotton Textile Code, and I therefore hereby approve of said provisions of said Code for the Rayon Weaving Industry subject to the interpretations and conditions imposed by me on my approval of the corresponding provisions of said Cotton Textile Code and subject further to such revisions or modifications as I may find proper after a hearing has been held on said Code of Fair Competition for the Rayon Weaving Industry, now set for July 25, 1933.

Approval recommended:

THE WHITE HOUSE,

July 14, 1933.

6204-A

SECTION V - (a) As required by Section 7 (A) of Title I of the National Industrial Recovery Act, the following provisions are conditions of this Code: "(1) That employees shall have the right to organize and bargain collectively through representatives of their own choosing, and shall be free from the interference, restraint, or coercion of employers of labor, or their agents, in the designation of such representatives or in self-organization or in other concerted activities for the purpose of collective bargaining or other mutual aid or protection; (2) That no employee and no one seeking employment shall be required as a condition of employment to join any company union or to refrain from joining, organizing or assisting a labor organization of his own choosing; and (3) That employers shall comply with the maximum hours of labor, minimum rates of pay, and other conditions of employment, approved or prescribed by the President."

SECTION V - (b) On and after the effective date employers in the rayon weaving industry shall not operate on a schedule of hours of labor for their employees in excess of forty (40) hours per week except for supervisory, executive and administrative employees, outside crews and cleaners; provided, however,

(1) that, on and after July 31, 1933, the maximum hours of labor for office employees shall not exceed an average of forty (40) hours a week over each period of six months;

(2) that, on and after the effective date the maximum hours of labor of the repair shop crews, engineers, electricians and watching crews, shall, except in the case of emergency, be forty (40) hours a week with a tolerance of ten (10) percent. Any emergency time shall be reported monthly to the Board of Directors;

(3) that the foregoing provisions for the maximum hours establish a maximum of hours of labor for every employee covered so that under no circumstances will such an employee be employed or permitted to work for one or more employers in the industry in the aggregate in excess of the prescribed number of hours in a single week.

SECTION V - (d)

(1) On and after the effective date employers in the rayon weaving industry shall not employ any person under the age of 16 years.

(2) On and after the effective date the minimum wages that shall be paid by the employers in the rayon weaving industry to any of their employees except learners during a six weeks apprenticeship, cleaners and outside employees, shall be at the rate of \$12 a week when employed in the Southern section of the industry and at the rate of \$13 a week when employed in the Northern section for forty (40) hours of labor.

(3) No employee shall receive less pay for forty (40) hours of labor than such employee would have received for the forty-eight (48) hour or longer work week at the rate prevailing prior to July 17, 1933. Wage differentials between the various classes of employees who, prior to the effective date, received pay in excess of the above established minimum wages, shall not be decreased.

(4) The percentage of apprentices at any one time shall not exceed five (5) percent of the total number of employees.

(5) The Board of Directors shall prepare and submit to the Administrator by January 1, 1934, a schedule of minimum wages and maximum hours for outside crews and cleaners.

EXECUTIVE ORDER

A Code of Fair Competition for the Cotton Textile Industry has been heretofore approved by Order of the President dated July 9, 1933, on certain conditions set forth in such order. The applicants for said Code have now requested the withdrawal of condition 12 of said order providing for the termination of approval at the end of four months unless expressly renewed, have accepted certain other conditions, have proposed amendments to the Code to effectuate the intent of the remaining conditions, and have requested that final approval be given to the Code as so amended and on such conditions.

Pursuant to the authority vested in me by Title I of the National Industrial Recovery Act, approved June 16, 1933, on the report and recommendation of the Administrator and on consideration.

It is ordered that the condition heretofore imposed as to the termination of approval of the Code is now withdrawn and that the Code of Fair Competition for the Cotton Textile Industry is finally approved with the conditions so accepted and with the amendments so proposed, as set forth in Schedule A attached hereto.

(SCHEDULE A)

Application to the President
by the Cotton Textile Industry Committee
for Final Approval of
Code of Fair Competition
for the
Cotton Textile Industry

The Cotton Textile Industry Committee, the applicant for the approval of the Code of Fair Competition for the Cotton Textile Industry, submitted for the approval of the President June 16, 1933, and as revised June 30, 1933, accepts the interpretations and conditions to the approval thereof set forth in paragraphs 1, 3, 7, 8, 9, and 13 of the order of the President dated July 9, 1933, and asks the approval of the President to the following amendments to such code as properly complying with and effectuating the conditions provided for in paragraphs 2, 4, 5, 6, 10 and 11 of said order of approval, and asks for the final approval by the President of the Code of Fair Competition for the Cotton Textile Industry as so amended, and on the conditions so accepted and with the omission of the condition in paragraph 12 of such order as to the termination of the approval at the end of four months.

1. It shall be one of the functions of the Planning and Fair Practice Agency provided for in Section 6 of the Code to consider the question of plans for eventual employee ownership of homes in mill villages and submit to the Recovery Administration prior to January 1, 1934, its report in the matter.

2. On and after July 31, 1933, the maximum hours of labor for office employees in the Cotton Textile Industry shall be an average of forty hours a week over each period of six months.

3. The amount of differences existing prior to July 17, 1933, between the wage rates paid various classes of employees (receiving more than the established minimum wage) shall not be decreased--in no event, however, shall any employer pay any employee a wage rate which will yield a less wage for a work week of 40 hours than such employee was receiving for the same class of work for the longer week of 48 hours or more prevailing prior to July 17, 1933. It shall be a function of the Planning and Fair Practice Agency provided for in Paragraph 6 of the Code to observe the operation of these provisions and recommend such further provisions as experience may indicate to be appropriate to effectuate their purposes.

4. On and after the effective date the maximum hours of labor of repair shop crews, engineers, electricians and watching crews in the Cotton Textile Industry shall, except in case of emergency work, be forty hours a week with a tolerance of 10 per cent. Any emergency time in any mill shall be reported monthly to the Planning and Fair Practice Agency provided for in Paragraph 6 of the Code, through the Cotton-Textile Institute.

5. Until adoption of further provisions of this Code that may prove necessary to prevent any improper speeding up of work (stretch-outs), no employee of any mill in the Cotton Textile Industry shall be required to do any work in excess of the practices as to the class of work of such employee prevailing on July 1, 1933, or prior to the Share-the-Work Movement, unless such increase is submitted to and approved by the Agency created by Sections 6 of the Code and by the National Recovery Administration.

6. This Code shall be in operation on and after the effective date as to the whole cotton textile industry except as an exemption from or a stay of the application of its provisions may be granted by the Administrator to a person applying for the same or except as provided in an executive order. No distinction shall be made in such exemptions between persons who have and have not joined in applying for the approval of this Code.

Respectfully submitted,
THE COTTON TEXTILE INDUSTRY COMMITTEE

Dated: July 15, 1933.

George A. Sloan, Chairman.

Washington, D. C.
July 9, 1933.

The Cotton Textile Code, a stenographic transcript of the hearing thereof, a report and recommendations of the National Recovery Administration thereon, (including a special statistical analysis of the industry by the Division of Planning and Research) and reports showing unanimous approval of such report and recommendations by each the Labor Advisory Board, the Industrial Advisory Board, and the Consumers' Advisory Board, having been submitted to the President, the following are his orders thereon.

In accordance with Section 3(a), National Industrial Recovery Act, the Cotton Textile Code submitted by duly qualified trade associations of the Cotton Textile Industry on June 16, 1933, in full compliance with all pertinent provisions of that Act, is hereby approved by the President subject to the following interpretations and conditions:

- (1) Limitations on the use of productive machinery shall not apply to production of tire yarns or fabrics for rubber tires for a period of three weeks after this date.
- (2) The Planning Committee of the Industry, provided for in the Code, will take up at once the question of employee purchase of homes in mill-villages, especially in the South, and will submit to the Administration before January 1st, 1934, a plan looking toward eventual employee home-ownership.

- (3) Approval of the minimum wages proposed by the Code is not to be regarded as approval of their economic sufficiency but is granted in the belief that, in view of the large increase in wage payments provided by the Code, any higher minima at this time might react to reduce consumption and employment, and on the understanding that if and as conditions improve the subject may be reopened with a view to increasing them.
- (4) That office employees be included within the benefits of the Code.
- (5) The existing amounts by which wages in the higher-paid classes, up to workers receiving \$30 per week, exceed wages in the lowest paid classes, shall be maintained.
- (6) While the exception of repair shop crews, engineers, electricians and watching crews from the maximum hour provisions is approved, it is on the condition that time and one-half be paid for overtime.
- (7) While the exception of cleaners and outside workers is approved for the present, it is on condition that the Planning and Supervisory Committee provided by Section 6 prepare and submit to the Administration, by January 1, 1934 a schedule of minimum wages and of maximum hours for these classes.
- (8) It is interpreted that the provisions for maximum hours establish a maximum of hours of labor per week for every employee covered, so that under no circumstances will such an employee be employed or permitted to work for one or more employers in the industry in the aggregate in excess of the prescribed number of hours in a single week.

- (9) It is interpreted that the provisions for a minimum wage in this code establish a guaranteed minimum rate of pay per hour of employment regardless of whether the employee's compensation is otherwise based on a time rate or upon a piece work performance. This is to avoid frustration of the purpose of the code by changing from hour to piece-work rules.
- (10) Until adoption of further provisions of this Code necessary to prevent the any improper speeding up of work to/disadvantage of employees ("stretch-outs") and in a manner destructive of the purposes of the National Industrial Recovery Act, it is required that any and all increases in the amount of work or production required of employees over that required on July 1, 1933, must be submitted to and approved by the agency created by section six of the code and by the administration and if not so submitted such increases will be regarded as a prima facie violation of the provisio for mainimum wages.
- (11) The code will be in operation as to the whole industry but, opportunity shall be given for administrative consideration of every application of the code in particular instances to any person directly affected who has not in person or by a representative consented and agreed to the terms of the code. Any such person shall be given an opportunity for a hearing before the Administratio^r or his representative, and for a stay of the application to him of any provision of the code, prior to incurring any liability to the enforcement of the code against him by any of the means provided in the National Industrial Recovery Act, pending such hearing. At such hearing any objection to the application of the code in the specific circumstances may be presented and will be heard.
- (12) This approval is limited to a four months' period with the right to ask for a modification at any time and subject to a request for renewal for another four months at any time before its expiration.

(13) Section 6 of the Code is approved on condition that the Administration be permitted to name three members of the Planning and Supervisory Committee of the industry. Such members shall have no vote but in all other respects shall be members of such Planning and Supervisory Committee.

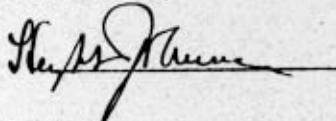

(Signed) Franklin D. Roosevelt.

EXECUTIVE ORDER

[THROWING INDUSTRY, CODE OF FAIR COMPETITION]

In supplement to an application filed for approval of a Code of Fair Competition for the Throwing Industry, the applicants have requested immediate approval of certain provisions of said Code, with amendments thereto, and after due consideration, acting under the provisions of the National Industrial Recovery Act, I agree with the applicants who have filed said Code for the Throwing Industry that the provisions of Sections III, IV, V, IX which, as amended, are identical with corresponding provisions in the Cotton Textile Code, approved by me July 9, 1933, should be made effective as amended on July 17, 1933, which is the effective date of the Cotton Textile Code, and I therefore hereby approve of said provisions of said Code for the Throwing Industry, as amended, subject to the interpretations and conditions imposed by me on my approval of the corresponding provisions of said Cotton Textile Code and subject further to such revisions or modifications as I may find proper after a hearing has been held on said Code of Fair Competition for the Throwing Industry, now set for July 25, 1933.

Approval recommended:

THE WHITE HOUSE,

July 14, 1933.

6204-B

SECTION III - On and after the effective date hereof and for the period of emergency no owner of throwing machinery shall employ any child, male or female, who has not attained the age of 16 years.

SECTION IV - On and after the effective date hereof no productive worker shall work or be employed in the throwing industry for more than forty hours in any one week. This number of hours per week may later, if necessary, be decreased or increased, with the approval of the President, in order to conform more closely with growing experience as to the results of this Code upon employment - and to match as nearly as possible the needs as demonstrated by experience subsequent hereto, of the weaving and knitting industries which we serve.

SECTION V - On and after the effective date, all employees of the throwing industry, excepting bobbin and skein carriers and cleaners, and "learners" as hereinafter defined, shall receive a minimum wage at the rate of thirty (30¢) cents per hour; and under no conditions, by means of fines, rebates or other methods, shall the actual pay received by employees and used for their own purposes, be brought below the minimums here named.

SECTION IX - As required by Section 7 (a) of Title 1 of the National Industrial Recovery Act the following provisions are conditions of the code:

1. That employees shall have the right to organize and bargain collectively through representatives of their own choosing, and shall be free from the interference restraint or coercion of employers of labor, or their agents, in the designation of such representatives or in self-organization or in other concerted activities for the purpose of collective bargaining or other mutual aid or protection.
2. That no employee and no one seeking employment shall be required as a condition of employment to join any company union or to refrain from joining, organizing, or assisting a labor organization of his own choosing.
3. That employers shall comply with the maximum hours of labor, minimum rates of pay, and other conditions employment, approved or prescribed by the President.

Washington, D. C.
July 9, 1933.

The Cotton Textile Code, a stenographic transcript of the hearing thereof, a report and recommendations of the National Recovery Administration thereon, (including a special statistical analysis of the industry by the Division of Planning and Research) and reports showing unanimous approval of such report and recommendations by each the Labor Advisory Board, the Industrial Advisory Board, and the Consumers' Advisory Board, having been submitted to the President, the following are his orders thereon.

In accordance with Section 3(a), National Industrial Recovery Act, the Cotton Textile Code submitted by duly qualified trade associations of the Cotton Textile Industry on June 16, 1933, in full compliance with all pertinent provisions of that Act, is hereby approved by the President subject to the following interpretations and conditions:

- (1) Limitations on the use of productive machinery shall not apply to production of tire yarns or fabrics for rubber tires for a period of three weeks after this date.
- (2) The Planning Committee of the Industry, provided for in the Code, will take up at once the question of employee purchase of homes in mill-villages, especially in the South, and will submit to the Administration before January 1st, 1934, a plan looking toward eventual employee home-ownership.

- (3) Approval of the minimum wages proposed by the Code is not to be regarded as approval of their economic sufficiency but is granted in the belief that, in view of the large increase in wage payments provided by the Code, any higher minima at this time might react to reduce consumption and employment, and on the understanding that if and as conditions improve the subject may be reopened with a view to increasing them.
- (4) That office employees be included within the benefits of the Code.
- (5) The existing amounts by which wages in the higher-paid classes, up to workers receiving \$30 per week, exceed wages in the lowest paid classes, shall be maintained.
- (6) While the exception of repair shop crews, engineers, electricians and watching crews from the maximum hour provisions is approved, it is on the condition that time and one-half be paid for overtime.
- (7) While the exception of cleaners and outside workers is approved for the present, it is on condition that the Planning and Supervisory Committee provided by Section 6 prepare and submit to the Administration, by January 1, 1934 a schedule of minimum wages and of maximum hours for these classes.
- (8) It is interpreted that the provisions for maximum hours establish a maximum of hours of labor per week for every employee covered, so that under no circumstances will such an employee be employed or permitted to work for one or more employers in the industry in the aggregate in excess of the prescribed number of hours in a single week.

- (9) It is interpreted that the provisions for a minimum wage in this code establish a guaranteed minimum rate of pay per hour of employment regardless of whether the employee's compensation is otherwise based on a time rate or upon a piece work performance. This is to avoid frustration of the purpose of the code by changing from hour to piece-work rules.
- (10) Until adoption of further provisions of this Code necessary to prevent any improper speeding up of work to ^{the} disadvantage of employees ("stretch-outs") and in a manner destructive of the purposes of the National Industrial Recovery Act, it is required that any and all increases in the amount of work or production required of employees over that required on July 1, 1933, must be submitted to and approved by the agency created by section six of the code and by the administration and if not so submitted such increases will be regarded as a prima facie violation of the provision for minimum wages.
- (11) The code will be in operation as to the whole industry but, opportunity shall be given for administrative consideration of every application of the code in particular instances to any person directly affected who has not in person or by a representative consented and agreed to the terms of the code. Any such person shall be given an opportunity for a hearing before the Administrator or his representative, and for a stay of the application to him of any provision of the code, prior to incurring any liability to the enforcement of the code against him by any of the means provided in the National Industrial Recovery Act, pending such hearing. At such hearing any objection to the application of the code in the specific circumstances may be presented and will be heard.
- (12) This approval is limited to a four months' period with the right to ask for a modification at any time and subject to a request for renewal for another four months at any time before its expiration.

(13) Section 6 of the Code is approved on condition that the Administration be permitted to name three members of the Planning and Supervisory Committee of the industry. Such members shall have no vote but in all other respects shall be members of such Planning and Supervisory Committee.

(Signed) Franklin D. Roosevelt.

CODES OF FAIR COMPETITION

Pursuant to the authority vested in me by Title I of the National Industrial Recovery Act, approved June 16, 1933,

I hereby prescribe the following regulation, modifying any previous order inconsistent therewith:

Any code of fair competition approved by me shall be deemed in full force and effect on the effective date as stated in the code; but after the approval of a code and as an incident to the immediate enforcement thereof, hearings may be given by the Administrator or his designated representative to persons (hereby defined to include natural persons, partnerships, associations or corporations) who have not in person or by a representative participated in establishing or consenting to a code, but who are directly affected thereby, and who claim that applications of the code in particular instances are unjust to them and who apply for an exception to, or exemption from, or modification of the code. Such persons so applying, within ten days after the effective date of the code, shall be given an opportunity for a hearing and determination of the issues raised prior to incurring any liability to enforcement of the code, and the Administrator shall, if justice requires, stay the application of the code to all similarly affected pending a determination by me of the issues raised.

NATIONAL RECOVERY ADMINISTRATION

**CODE OF FAIR COMPETITION
FOR THE
COTTON TEXTILE INDUSTRY
AS REVISED**

**AND PRESENTED TO THE ADMINISTRATOR
PRIOR TO CLOSE OF PUBLIC HEARING
JUNE 30, 1933**

To effectuate the policy of Title I of the National Industrial Recovery Act, during the period of the emergency, by reducing and relieving unemployment, improving the standards of labor, eliminating competitive practices destructive of the interests of the public, employees and employers, relieving the disastrous effects of overcapacity, and otherwise rehabilitating the cotton textile industry and by increasing the consumption of industrial and agricultural products by increasing purchasing power, and in other respects, the following provisions are established as a code of fair competition for the cotton textile industry:

I. Definitions: The term "cotton textile industry" as used herein is defined to mean the manufacture of cotton yarn and/or cotton woven fabrics, whether as a final process or as a part of a larger or further process. The term "employees" as used herein shall include all persons employed in the conduct of such operations. The term "productive machinery" as used herein is defined to mean spinning spindles and/or looms. The term "effective date" as used herein is defined to be July 17, 1933, or if this code shall not have been approved by the President two weeks prior thereto, then the second Monday after such approval. The term "persons" shall include natural persons, partnerships, associations and corporations.

✓ II. On and after the effective date, the minimum wage that shall be paid by employers in the cotton textile industry to any of their employees - except learners during a six weeks' apprenticeship, cleaners and outside employees - shall be at the rate of \$12 per week when employed in the Southern section of the industry and at the rate of \$13 per week when employed in the Northern section for 40 hours of labor.

✓ III. On and after the effective date, employers in the cotton textile industry shall not operate on a schedule of hours of labor for their employees - except repair shop crews, engineers, electricians, firemen, office and supervisory staff, shipping, watching and outside crews, and cleaners - in excess of 40 hours per week and they shall not operate productive machinery in the cotton textile industry for more than 2 shifts of 40 hours each per week.

✓ IV. On and after the effective date, employers in the cotton textile industry shall not employ any minor under the age of 16 years.

✓ V. With a view to keeping the President informed as to the observance or non-observance of this Code of Fair Competition, and as to whether the cotton textile industry is taking appropriate steps to effectuate the declared policy of the National Industrial Recovery Act, each person engaged in the cotton textile industry will furnish duly certified reports in substance as follows and in such form as may hereafter be provided:

(a) WAGES AND HOURS OF LABOR. Returns every four weeks showing actual hours worked by the various occupational groups of employees and minimum weekly rates of wages.

(b) MACHINERY DATA. In the case of mills having no looms, returns should be made every four weeks showing the number of spinning spindles in place, the number of spinning spindles actually operating each week, the number of shifts, and the total number of spindle hours each week. In the case of mills having no spinning spindles, returns every four weeks showing the number of looms in place, the number of looms actually operated each week, the number of shifts and the total number of loom hours each week. In the case of mills that have spinning spindles and looms, returns every four weeks showing the number of spinning spindles and looms in place; the number of spinning spindles and looms actually operated each week, the number of shifts and the total number of spindle hours and loom hours each week.

(c) REPORTS OF PRODUCTION, STOCKS AND ORDERS. Weekly returns showing Production in terms of the commonly used unit, i.e. linear yards, or pounds or pieces; stocks on hand both sold and unsold stated in the same terms and Unfilled Orders stated also in the same terms. These returns are to be confined to staple constructions and broad divisions of cotton textiles. The Cotton-Textile Institute, Inc., 320 Broadway, New York City, is constituted the agency to collect and receive such reports.

VI. To further effectuate the policies of the Act, the Cotton Textile Industry Committee, the applicants herein, or such successor committee or committees as may hereafter be constituted by the action of the Cotton Textile Institute, the American Cotton Manufacturers Association, and the National Association of Cotton Manufacturers, is set up to cooperate with the Administrator as a planning and fair practice agency for the cotton textile industry. Such agency may from time to time present to the Administrator recommendations based on conditions in the industry as they may develop from time to time which will tend to effectuate the operation of the provisions of this Code and the policy of the National Industrial Recovery Act, and in particular along the following lines:

1. Recommendations as to the requirements by the Administrator of such further reports from persons engaged in the cotton textile industry of statistical information and keeping of uniform accounts as may be required to secure the proper observance of the code and promote the proper balancing of production and consumption and the stabilization of the industry and employment.
2. Recommendations for the setting up of a service bureau for engineering, accounting, credit, and other purposes to aid the smaller mills in meeting the conditions of the emergency and the requirements of this code.
3. Recommendations (1) for the requirement by the Administrator of registration by persons engaged in the cotton textile industry of their productive machinery, (2) for the requirement by the Administrator that prior to the installation of additional productive machinery by persons engaged or engaging in the cotton textile industry, except for the replacement of a similar number of existing looms or spindles or to bring the operation of existing productive machinery into balance, such persons shall secure certificates that such installation will be consistent with effectuating the policy of the National Industrial Recovery Act during the period of the emergency, and (3) for the granting or withholding by the Administrator of such certificates if so required by him.
4. Recommendations for changes in, or exemptions from the provisions of this code as to the working hours of machinery which will tend to preserve a balance of productive activity with consumption requirements, so that the interests of the industry and the public may be properly served.
5. Recommendations for the making of requirements by the Administrator as to practices by persons engaged in the cotton textile industry as to methods and conditions of trading, the naming and reporting of prices which may be appropriate to avoid discrimination, to promote the stabilization of the industry, to prevent and eliminate unfair and destructive competitive prices and practices.
6. Recommendations for regulating the disposal of distress merchandise in a way to secure the protection of the owners and to promote sound and stable conditions in the industry.
7. Recommendations as to the making available to the suppliers of credit to those engaged in the industry of information regarding terms of, and actual functioning of any or all of the provisions of the code, the conditions of the industry and regarding the operations of any and all of the members of the industry covered by such code to the end that during the period of emergency available credit may be adapted to the needs of such industry considered as a whole and to the needs of the small as well as the large units.
8. Recommendations for dealing with any inequalities that may otherwise arise to endanger the stability of the industry and of production and employment.

Such recommendations, when approved by the Administrator, shall have the same force and effect as any other provisions of this code.

Such agency is also set up to cooperate with the Administrator in making investigations as to the functioning and observance of any of the provisions of this Code, at its own instance or on complaint by any person affected, and to report the same to the Administrator.

Such agency is also set up for the purpose of investigating and informing the Administrator on behalf of the Cotton Textile Industry as to the importation of competitive articles into the United States in substantial quantities or increasing ratio to domestic production on such terms or under such conditions as to render ineffective or seriously to endanger the maintenance of this Code and as an agency for making complaint to the President on behalf of the Cotton Textile Industry, under the provisions of the National Industrial Recovery Act, with respect thereto.

VII. Where the costs of executing contracts entered into in the Cotton Textile Industry prior to the presentation to Congress of the National Industrial Recovery Act are increased by the application of the provisions of that Act to the industry, it is equitable and promotive of the purposes of the Act that appropriate adjustments of such contracts to reflect such increased costs be arrived at by arbitral proceedings or otherwise, and the Cotton Textile Industry Committee, the applicant for this Code, is constituted an agency to assist in effecting such adjustments.

VIII. Employers in the Cotton Textile Industry shall comply with the requirements of the National Industrial Recovery Act as follows: "(1) That employees shall have the right to organize and bargain collectively through representatives of their own choosing, and shall be free from the interference, restraint, or coercion of employers of labor, or their agents, in the designation of such representatives or in self-organization or in other concerted activities for the purpose of collective bargaining or other mutual aid or protection; (2) that no employee and no one seeking employment shall be required as a condition of employment to join any company union or to refrain from joining, organizing, or assisting a labor organization of his own choosing; and (3) that employers shall comply with the maximum hours of labor, minimum rates of pay, and other conditions of employment, approved or prescribed by the President."

IX. This code and all the provisions thereof are expressly made subject to the right of the President, in accordance with the provision of Clause 10 (b) of the National Industrial Recovery Act, from time to time to cancel or modify any order, approval, license, rule, or regulation, issued under Title I of said Act, and specifically to the right of the President to cancel or modify his approval of this Code or any conditions imposed by him upon his approval thereof.

X. Such of the provisions of this Code as are not required to be included therein by the National Industrial Recovery Act may, with the approval of the President, be modified or eliminated as changes in circumstances or experience may indicate. It is contemplated that from time to time supplementary provisions to this Code or additional codes will be submitted for the approval of the President to prevent unfair competition in price and other unfair and destructive competitive practices and to effectuate the other purposes and policies of Title I of the National Industrial Recovery Act consistent with the provisions hereof.

NATIONAL RECOVERY ADMINISTRATION

IMMEDIATE RELEASE
JULY 17, 1933

RELEASE NO. 54

The text of the seven executive orders issued by President Roosevelt on July 15, 1933, is as follows:

July 15, 1933.

EXECUTIVE ORDER

Pursuant to the authority vested in me by Title I of the National Industrial Recovery Act, approved June 16, 1933, and in supplement to my Executive Order of June 16, 1933, appointing Hugh S. Johnson to be the Administrator for Industrial Recovery under Title I of said Act, and appointing a Special Industrial Recovery Board, I hereby authorize the Administrator, subject to the general approval of the Special Industrial Recovery Board, to appoint the necessary personnel on a permanent basis, to fix their compensation, and to conduct such hearings and to exercise such other functions as are vested in me by Title I of said Act, except the approval of codes, or making of agreements, or issuance of licenses, or exercise of powers conferred in Section 3 (e), Section 6 (c), Section 8 (b), Section 9, and Section 10.

July 15, 1933.

EXECUTIVE ORDER

Pursuant to the authority vested in me by Title I of the National Industrial Recovery Act, approved June 16, 1933,

I hereby prescribe the following regulation, modifying any previous order inconsistent therewith:

Any code of fair competition approved by me shall be deemed in full force and effect on the effective date as stated in the code; but after the approval of a code and as an incident to the immediate enforcement thereof, hearings may be given by the Administrator or his designated representative to persons (hereby defined to include natural persons, partnerships, associations or corporations) who have not in person or by a representative participated in establishing or consenting to a code, but who are directly affected thereby, and who claim that applications of the code in particular instances are unjust to them and who apply for an exception to, or exemption from, or modification of the code. Such persons so applying, within ten days after the effective date of the code, shall be given an opportunity for a hearing and determination of the issues raised prior to incurring any liability to enforcement of the code, and the Administrator shall, if justice requires, stay the application of the code to all similarly affected pending a determination by me of the issues raised.

July 15, 1933.

EXECUTIVE ORDER

In supplement to an application filed for approval of a code of fair competition for the rayon weaving industry, the applicants have requested immediate approval of certain provisions, and after due consideration, acting under the Provisions of the National Industrial Recovery Act, I agree with the applicants who have filed said code for the rayon weaving industry, that the provisions of section V, paragraphs A, B, D and E, which are identical with corresponding provisions in the Cotton Textile Code, approved by me July 9, 1933, should be made effective on July 17, 1933, which is the effective date of the Cotton Textile Code, and I hereby approve of said provisions of said code for the rayon weaving industry subject to the interpretation and conditions imposed by me on my approval of the corresponding provisions of said Cotton Textile Code, and subject further to such revision or modification as I may find proper after a hearing has been held on said code of fair competition for the rayon weaving industry, now set for July 25, 1933.

July 15, 1933.

EXECUTIVE ORDER

In supplement to an application filed for approval of a Code of Fair Competition for the Throwing Industry, the applicants have requested immediate approval of certain provisions of said Code, with amendments thereto, and after due consideration, acting under the provisions of the National Industrial Recovery Act, I agree with the applicants who have filed said Code for the Throwing Industry that the provisions of Sections III, IV, V, IX which, as amended, are identical with corresponding provisions in the Cotton Textile Code, approved by me July 9, 1933, should be made effective as amended on July 17, 1933, which is the effective date of the Cotton Textile Code, and I therefore hereby approve of said provisions of said Code for the Throwing Industry, as amended, subject to the interpretations and conditions imposed by me on my approval of the corresponding provisions of said Cotton Textile Code and subject further to such revisions or modifications as I may find proper after a hearing has been held on said Code of Fair Competition for the Throwing Industry, now set for July 25, 1933.

July 16, 1933.

EXECUTIVE ORDER:

In supplement to an application filed for approval of a Code of Fair Competition for the Cotton Thread Industry, the applicants have requested immediate approval of certain provisions, and after due consideration, acting under the provisions of the National Industrial Recovery Act, I agree with the applicants who have filed said Code for the Cotton Thread Industry that the provisions of Title 2, Paragraphs 5 and 6 and the provisions of Title 3, paragraphs 4 and 5, which are identical with corresponding provisions in the Cotton Textile Code, approved by me July 9, 1933, should be made effective on July 17, 1933, which is the effective date of the Cotton Textile Code, and I therefore hereby approve of said provisions of said Code for the Cotton Thread Industry subject to the interpretations and conditions imposed by me on my approval of the corresponding provisions of said Cotton Textile Code and subject further to such revisions or modifications as I may find proper after a hearing has been held on said Code of Fair Competition for the Cotton Thread Industry.

July 16, 1933.

EXECUTIVE ORDER

Pursuant to the authority vested in me by Title I of the National Industrial Recovery Act, approved June 16, 1933, and pending action upon a Code of Fair Competition to be presented by the Silk Association of America,

I agree with the Committee representing the Broad Silk and Rayon Weavers Division, the Converters Division, the Special Fabrics Division, the Ribbon Division, and the Woven Label Division, of the Silk Association of America, that they shall be bound beginning July 17 by the provisions of the Cotton Textile Industry Code as set forth in the telegram, dated July 14, offering this agreement to the President of the United States, pursuant to Section 4 of the National Recovery Act, which telegram is signed by Henry E. Stehli, James C. Black, Paul C. Debry, Sol C. Moss, Ramsay Peugnet, George G. Sommaripa, and addressed to Mr. Nelson Slater, Deputy Administrator, Department of Commerce, Washington, D. C., with the express understanding that this agreement is subject to cancellation at any time without notice.

July 15, 1933

EXECUTIVE ORDER

A Code of Fair Competition for the Cotton Textile Industry has been heretofore approved by Order of the President dated July 9, 1933, on certain conditions set forth in such order. The applicants for said Code have now requested the withdrawal of condition 12 of said order providing for the termination of approval at the end of four months unless expressly renewed, have accepted certain other conditions, have proposed amendments to the Code to effectuate the intent of the remaining conditions, and have requested that final approval be given to the Code as so amended and on such conditions.

Pursuant to the authority vested in me by Title I of the National Industrial Recovery Act, approved June 16, 1933, on the report and recommendation of the Administrator and on consideration.

It is ordered that the condition heretofore imposed as to the termination of approval of the Code is now withdrawn and that the Code of Fair Competition for the Cotton Textile Industry is finally approved with the conditions so accepted and with the amendments so proposed, as set forth in Schedule A attached hereto.

(SCHEDULE A)

Application to the President
by the Cotton Textile Industry Committee
for Final Approval of
Code of Fair Competition
for the
Cotton Textile Industry

The Cotton Textile Industry Committee, the applicant for the approval of the Code of Fair Competition for the Cotton Textile Industry, submitted for the approval of the President June 16, 1933, and as revised June 30, 1933, accepts the interpretations and conditions to the approval thereof set forth in paragraphs 1, 3, 7, 8, 9, and 13 of the order of the President dated July 9, 1933, and asks the approval of the President to the following amendments to such code as properly complying with and effectuating the conditions provided for in paragraphs 2, 4, 5, 6, 10 and 11 of said order of approval, and asks for the final approval by the President of the Code of Fair Competition for the Cotton Textile Industry as so amended, and on the conditions so accepted and with the omission of the condition in paragraph 12 of such order as to the termination of the approval at the end of four months.

1. It shall be one of the functions of the Planning and Fair Practice Agency provided for in Section 6 of the Code to consider the question of plans for eventual employee ownership of homes in mill villages and submit to the Recovery Administration prior to January 1, 1934, its report in the matter.

2. On and after July 31, 1933, the maximum hours of labor for office employees in the Cotton Textile Industry shall be an average of forty hours a week over each period of six months.

3. The amount of differences existing prior to July 17, 1933, between the wage rates paid various classes of employees (receiving more than the established minimum wage) shall not be decreased--in no event, however, shall any employer pay any employee a wage rate which will yield a less wage for a work week of 40 hours than such employee was receiving for the same class of work for the longer week of 48 hours or more prevailing prior to July 17, 1933. It shall be a function of the Planning and Fair Practice Agency provided for in Paragraph 6 of the Code to observe the operation of these provisions and recommend such further provisions as experience may indicate to be appropriate to effectuate their purposes.

4. On and after the effective date the maximum hours of labor of repair shop crews, engineers, electricians and watching crews in the Cotton Textile Industry shall, except in case of emergency work, be forty hours a week with a tolerance of 10 per cent. Any emergency time in any mill shall be reported monthly to the Planning and Fair Practice Agency provided for in Paragraph 6 of the Code, through the Cotton-Textile Institute.

5. Until adoption of further provisions of this Code that may prove necessary to prevent any improper speeding up of work (stretch-outs), no employee of any mill in the Cotton Textile Industry shall be required to do any work in excess of the practices as to the class of work of such employee prevailing on July 1, 1933, or prior to the Share-the-Work Movement, unless such increase is submitted to and approved by the Agency created by Sections 6 of the Code and by the National Recovery Administration.

6. This Code shall be in operation on and after the effective date as to the whole cotton textile industry except as an exemption from or a stay of the application of its provisions may be granted by the Administrator to a person applying for the same or except as provided in an executive order. No distinction shall be made in such exemptions between persons who have and have not joined in applying for the approval of this Code.

Respectfully submitted,
THE COTTON TEXTILE INDUSTRY COMMITTEE

Dated: July 15, 1933.

George A. Sloan, Chairman.

Washington, D. C.
July 9, 1933.

The Cotton Textile Code, a stenographic transcript of the hearing thereof, a report and recommendations of the National Recovery Administration thereon, (including a special statistical analysis of the industry by the Division of Planning and Research) and reports showing unanimous approval of such report and recommendations by each the Labor Advisory Board, the Industrial Advisory Board, and the Consumers' Advisory Board, having been submitted to the President, the following are his orders thereon.

In accordance with Section 3(a), National Industrial Recovery Act, the Cotton Textile Code submitted by duly qualified trade associations of the Cotton Textile Industry on June 16, 1933, in full compliance with all pertinent provisions of that Act, is hereby approved by the President subject to the following interpretations and conditions:

- (1) Limitations on the use of productive machinery shall not apply to production of tire yarns or fabrics for rubber tires for a period of three weeks after this date.
- (2) The Planning Committee of the Industry, provided for in the Code, will take up at once the question of employee purchase of homes in mill-villages, especially in the South, and will submit to the Administration before January 1st, 1934, a plan looking toward eventual employee home-ownership.

- (3) Approval of the minimum wages proposed by the Code is not to be regarded as approval of their economic sufficiency but is granted in the belief that, in view of the large increase in wage payments provided by the Code, any higher minima at this time might react to reduce consumption and employment, and on the understanding that if and as conditions improve the subject may be reopened with a view to increasing them.
- (4) That office employees be included within the benefits of the Code.
- ✓ (5) The existing amounts by which wages in the higher-paid classes, up to workers receiving \$30 per week, exceed wages in the lowest paid classes, shall be maintained.
- ✓ (6) While the exception of repair shop crews, engineers, electricians and watching crews from the maximum hour provisions is approved, it is on the condition that time and one-half be paid for overtime.
- (7) While the exception of cleaners and outside workers is approved for the present, it is on condition that the Planning and Supervisory Committee provided by Section 6 prepare and submit to the Administration, by January 1, 1934 a schedule of minimum wages and of maximum hours for these classes.
- ✓ (8) It is interpreted that the provisions for maximum hours establish a maximum of hours of labor per week for every employee covered, so that under no circumstances will such an employee be employed or permitted to work for one or more employers in the industry in the aggregate in excess of the prescribed number of hours in a single week.

✓ (9) It is interpreted that the provisions for a minimum wage in this code establish a guaranteed minimum rate of pay per hour of employment regardless of whether the employee's compensation is otherwise based on a time rate or upon a piece work performance. This is to avoid frustration of the purpose of the code by changing from hour to piece-work rules.

(10) Until adoption of further provisions of this Code necessary to prevent the any improper speeding up of work to/disadvantage of employees ("stretch-outs") and in a manner destructive of the purposes of the National Industrial Recovery Act, it is required that any and all increases in the amount of work or production required of employees over that required on July 1, 1933, must be submitted to and approved by the agency created by section six of the code and by the administration and if not so submitted such increases will be regarded as a prima facie violation of the provision for minimum wages.

(11) The code will be in operation as to the whole industry but, opportunity shall be given for administrative consideration of every application of the code in particular instances to any person directly affected who has not in person or by a representative consented and agreed to the terms of the code. Any such person shall be given an opportunity for a hearing before the Administrator or his representative, and for a stay of the application to him of any provision of the code, prior to incurring any liability to the enforcement of the code against him by any of the means provided in the National Industrial Recovery Act, pending such hearing. At such hearing any objection to the application of the code in the specific circumstances may be presented and will be heard.

(12) This approval is limited to a four months' period with the right to ask for a modification at any time and subject to a request for renewal for another four months at any time before its expiration.

(13) Section 6 of the Code is approved on condition that the Administration be permitted to name three members of the Planning and Supervisory Committee of the industry. Such members shall have no vote but in all other respects shall be members of such Planning and Supervisory Committee.

(Signed) Franklin D. Roosevelt.
