July 29, 1947

Dear Trude:

I think Mrs. Roosevelt wrote you about the Heckscher Foundation and its new policy of giving money to established charities, doing work in which they are interested.

The man who told Mrs. R. about it said he would communicate further with her after August 15th, when he will spend the week end with

Mr. Arthur Smadbeck
Heckscher Foundation
52 Vanderbilt Avenue

who is the man who evidently has the "say-so". You probably know him, but this is just for the record.

I hope you are having better weather than we have had - only three good days since we arrived.

Much love,
