Mors - Mort

that I could lay my hands on about him - and I am more convinced than ever - that we will not see his like for many many years -

Fortitude - Vision and Compassion were fused in him always an inspiration.

Due to physical troubles I am more or less of an invalid and so I have been unable to go to Hyde Park as I should like to - but from friends + photographs

NEW YORK

April 12 - 1947

My dear Mrs. Roosevelt.

I have just heard the Memorial Service from Hyde Park.

I had the greatest admiration for your husband and his death was a personal loss to me - as to many many other Americans -

I have read everything

Morse, H.

they have brought, nor I can sense the Peace that is his resting place.

In these truly perturbing days may he met in peace and always in the hearts of us all —

Sincerely yours
Harriet I. Morse.
