This is a little school snap shot taken of Cosie when she first became ill.

Dear Mrs. Roosevelt; Thanks for telling me [illegible] [illegible] story & I [illegible] [illegible]

I am writing to tell you about an incident that happened back in 1919 or 1920, that has to do with your husband and shows his great kindness and consideration for other people. My husband Frank is a grocer here in Boulder, his father was John Hemberger and his mother was Ida May Hemberger, both passed away last year at the age of eighty. Frank had a younger sister Cosubelle, who, when she was nineteen years old was stricken with arthritis in it's most vicious form. Her mother decided to take her to Murietta Hot Springs to see if that would help her, it didn't so they came home, but by that time she had stiffened up and became a helpless invalid. She had to be turned in bed inch at a time a very slow and painful process. Franklin Roosevelt was on the same train and knew what a time Frank's mother was having with Cosie. He got up three times during the night and helped turn her over and put pillows around

her; he helped my mother-in-law take care of her all of the way home, but that is not all, the next day they were traveling thro some very hot country, the train stopped at some little town for a few minutes. Franklin Roosevelt got off and bought Cosie some ice cream and a dish and a spoon to eat it with, he told her to just throw the dish and spoon away when she was thro with it. & he lived for six long years bed fast, passed away Nov. 22, 1925. Franklin Roosevelt has always had a place in our hearts, no matter what took place or was under discussion, Frank's mother always said "Franklin Roosevelt was a good man". I just wanted you to know about it. I saw you on television last night when you introduced Governor Stevenson and I want to tell you, that you looked just absolutely beautiful, with the very best of wishes to you

Sincerely

Ruby Hemberger

My Dear Mrs Roosevelt: -

Thank you
Hyde Park
Theatre Library

The other day I came across a Paulist Calendar issued by the Paulist Fathers of Old St Marys Church in San Francisco. issue of May 1945 The enclosed sermon was in it and after reading it I remarked "I wish you could read it" Then I saw in the paper where you

were coming to the Bay District and decided I would forward it to you.

I think it one of the most beautiful tributes to your late husband whom we loved and admired so much.

Wishing you every blessing - I am -

Sincerely

(Mrs) Mary Fennessy
