Dear Mrs. Roosevelt:

We spent two and a half hours this A.M. at Hyde Park, with a friend we brought back from Portland, enjoying every minute at your old homestead.

It reminds me so much of the Washington home in Mount Vernon.

Enclosed you will find clipping from last Sunday's Portland Telegram and Press Herald.

Please note they mentioned what I wrote you, in my previous letter.

My visit today at Hyde Park will linger with me for a long, long time.

Very Sincerely
Harry Armstrong
