EXECUTIVE ORDER

DOCUMENTS REQUIRED OF BONA FIDE ALIEN SEAMEN
ENTERING THE UNITED STATES

By virtue of the authority vested in me by the act of May 22, 1918 (ch. 81, 40 Stat. 559), as extended by the act of March 2, 1921 (ch. 113, 41 Stat. 1205, 1217), I hereby prescribe the following regulations governing the entry of alien seamen into the United States:

I.

Alien seamen whose occupational status as such is found to be bona fide, entering the ports of the United States solely in the pursuit of their calling as seamen, may be admitted temporarily in the discretion of the Secretary of Labor and under regulations prescribed by the Secretary without passports or visas if arriving in the United States under the following circumstances:

(1) As seamen who were members of the crew of an American vessel, which has been sold and delivered abroad, when the contract of employment provides for the return of the crew or the laws of the United States provide for their return to an American port;

(2) As individual seamen returned to the United States in accordance with the terms of

the articles of outward voyage;

(3) As shipwrecked or cast-away seamen rescued by or transferred to a vessel bound to an American port;

(4) As alien (American) seamen who are consular passengers, or are repatriated without expense to the United States Government following and in accordance with the terms of their discharge in a foreign port before an American consular officer, but who, for any reason, cannot be considered as serving as seamen on the vessel on which they arrive at an American port.

II.

Alien seamen arriving at a port in the United States, sent forward by the owners to join a foreign vessel in such port as members of the crew, may present passport visas, transit certificates, or group transit certificates, issued by a consular officer in accordance with the classification specified in section 3 of the Immigration Act of 1924 (ch. 190, 43 Stat. 153, 154) under such regulations as the Secretary of State and the Secretary of Labor may prescribe.

III.

Masters of vessels of all nationalities sailing for a port of the United States must submit for visa a list of all the alien members of the vessel's crew to the American consular officer at the port from which the vessel commences its

voyage. If there is no American consular officer stationed at that port, the crew list should be submitted at the first port of call (if the vessel touches at any other port) where an American consular officer is located. The visa of a shipping commissioner in the Canal Zone shall be accepted as equivalent to the visa of an American consular officer, but consular agents are not authorized to visa crew lists. This paragraph does not apply to members of crews of vessels sailing between ports of the United States and ports of Canada, Newfoundland, St. Pierre, and Miquelon and not touching at ports of other countries, no documentation being required of such persons.

When a vessel sails from a port where no American consular officer is stationed, but which is within a few hours' reach by mail of an American consulate, so that unreasonable delay and serious loss would not result from referring the crew list to such consulate, it should be referred thereto for visa.

An alien seaman whose name is not included in a visaed crew list arriving at a port of the United States shall not be allowed to land except upon the permission of the Secretary of State.

The Secretary of State and the Secretary of Labor are hereby authorized to make such additional rules and regulations, not inconsistent with this order, as may be deemed necessary for carrying

out the provisions of this order and the statutes mentioned therein.

This order shall take effect immediately and shall supersede Executive Order No. 4648, of May 13, 1927, entitled "Documents Required of Bona Fide Alien Seamen Entering the United States as Passengers", and section II (5) of Executive Order No. 5869, of June 30, 1932, entitled "Documents Required of Aliens Entering the United States".

Revised Code of Fair Competition of the
Iron and Steel Industry.

An application having been duly made pursuant to and in full compliance with the provisions of Title I of the National Industrial Recovery Act approved June 16, 1933, for my approval of certain amendments to the Code of Fair Competition of the Iron and Steel Industry as approved on August 19, 1933, a copy of which amendments are hereto attached as Exhibit A, and the Administrator, having rendered his report showing that said amendments have been proposed, adopted and submitted for my approval, pursuant to the provisions of Section 1 of Article XII of said Code and having recommended that said application be granted;

NOW, THEREFORE, I, Franklin D. Roosevelt, President of the United States, pursuant to the authority vested in me by Title I of said Act, and otherwise, do adopt and approve the report, recommendations and findings of the Administrator and do hereby order that said amendments to said Code be, and they hereby are, approved and that said Code as amended by said amendments, a copy of which is hereto attached as Exhibit B, be and it hereby is approved, said revised Code incorporating said amendments to become effective on June 11, 1934, prior to which effective date the Code of Fair Competition approved August 19, 1933, shall continue in full force and effect.

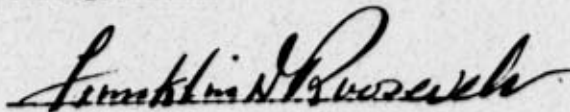

In connection with the foregoing approval I desire to make two statements:

1. Conditions of economic emergency make necessary the retention in modified form of the multiple basing point system adopted in the original code and effective in the industry for many years. But revisions made in this Code, increasing substantially the number of basing points, and modifications in practice under the Code, while alleviating some of the inequities in the existing system, illustrate the desirability of working toward the end of having prices quoted on the basis of areas of production and the eventual establishment of basing points coincident with all such areas, as well as the elimination of artificial transportation charges in price quotations. Therefore, I have directed the Federal Trade Commission and the National Recovery Administration to study further and jointly the operation of the basing point system and its effect on prices to consumers, and any effects of the existing system in either permitting or encouraging price fixing, or providing unfair competitive advantages for producers, or disadvantages for consumers not based on natural causes. I have requested that the results of this study be reported to me within six months, together with any recommendations for revisions of the Code, in accordance with the conclusions reached.

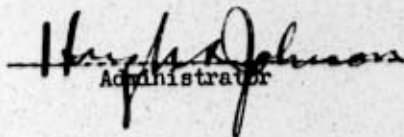

Page two.

2. In order to insure the free exercise of the rights of employees under the provisions of Section 7 of this Act and of Article IV of this Code, I will undertake promptly to provide, as the occasion may demand, for the election by employees in each industrial unit of representatives of their own choosing for the purpose of collective bargaining and other mutual aid and protection, under the supervision of an appropriate governmental agency and in accordance with suitable rules and regulations.

An application having been duly made, pursuant to and in full compliance with the provisions of Title I of the National Industrial Recovery Act, approved June 16, 1933, for my approval of a Code of Fair Competition for the Retail Tobacco Trade, and hearings having been held thereon and the Administrator having rendered his report containing an analysis of the said Code of Fair Competition together with his recommendations and findings with respect thereto, and the Administrator having found that the said Code of Fair Competition complies in all respects with the pertinent provisions of Title I of said Act and that the requirements of clauses (1) and (2) of subsection (a) of section 3 of the said Act have been met:

NOW, THEREFORE, I, Franklin D. Roosevelt, President of the United States, pursuant to the authority vested in me by Title I of the National Industrial Recovery Act, approved June 16, 1933, and otherwise, do adopt and approve the report, recommendations, and findings of the Administrator and do order that the said Code of Fair Competition be and it is hereby approved, and shall become effective on the date of this Order; subject, however, to the following conditions:

1. That the provisions of Part I of Article VI and of Schedule I - the Cigar Merchandising Plan - be stayed and shall not become effective until Monday, June 25, 1934.
2. That the waiting periods of five and three days contained in Schedule I, Part A, Section 1, and in Schedule I, Part B, Sections 1 and 2, respectively, be stayed and shall not become effective, notwithstanding said cigar merchandising plan becoming effective, until the further order of the Administrator.
3. That all provisions for the filing of prices and discounts in said cigar merchandising plan be stayed until arrangements satisfactory to the

Administrator, are made for confidential treatment and for simultaneous distribution thereof to all members of the trade and customers willing to pay the cost thereof.

4. That the preamble and Sections 1, 2, 3, 4, and 6, Part II of Article VI be stayed and that the trade accept in place thereof, the following:

"As to cigars, with respect to which the provisions of Part I or Schedule I shall not at the time be operative or shall be stayed, and as to cigarettes, smoking tobacco, chewing tobacco and snuff, the standards of fair competition for the trade with reference to pricing practices are declared to be as follows:

"Section 1 (a): Wilfully destructive price cutting is an unfair method of competition and is forbidden. Any member of the trade or of any other trade or industry or the customers of either may, at any time, complain to the Code Authority that any actual price constitutes unfair competition as destructive price cutting, imperilling small enterprises or tending toward monopoly or the impairment of code wages or working conditions. The Code Authority shall, within five days, afford an opportunity to the member making such price to answer such complaint and shall, within fourteen days, make a ruling or adjustment thereon. If such ruling is not concurred in by either party to the complaint, all papers shall be referred to the Research and Planning Division of NRA, which shall render a report and recommendation thereon to the Administrator.

"(b): When no declared emergency exists as to such products or any specified part thereof, there is to be no fixed minimum basis for prices.

"It is intended that sound cost estimating methods should be used and that consideration should be given to costs (including costs of retail distribution) in the determination of pricing policies.

"(c) When an emergency, by reason of unfair competitive practices or other conditions, exists in the trade as to such products or any specified part thereof, sale below the stated minimum price of such products or such specified part thereof, in violation of Section 2 hereof, is forbidden.

"Section 2. Emergency Provisions.

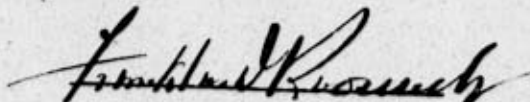

"(a): If the Administrator, after investigation, shall at any time find both (1) that an emergency has arisen within the trade, adversely affecting small enterprises or wages or labor conditions, or tending toward monopoly or other acute conditions which tend to defeat the purposes of the Act; and (2) that the finding of a basis for determining minimum prices for such products or any specified part thereof is necessary for a limited period, to correct the conditions constituting such emergency and to effectuate the purposes of the Act, the Code Authority may cause an impartial agency to investigate costs (including the costs of retail distribution) and to recommend to the Administrator a basis for determining minimum prices of the said products or the said specified part thereof affected by the emergency, and thereupon the Administrator may proceed to fix a basis for determining such minimum prices.

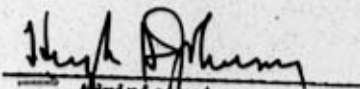

"(b): When the Administrator shall have fixed a basis for determining minimum prices for the said products or said specified part thereof for a stated period, which prices shall be reasonably calculated to correct the conditions of such emergency and to effectuate the purposes

of the Act, he shall publish the said basis. Thereafter, during such stated period, no member of the trade shall sell such products at a net realized price below the minimum price determined upon the basis so fixed, and any such sale shall be deemed destructive price cutting. From time to time, the Code Authority may recommend review or reconsideration or the Administrator may cause any determination hereunder to be reviewed or reconsidered, and appropriate action taken."

5. That the provisions of Articles III and IV shall be and the same hereby are stayed until, and shall become effective on, Monday, June 25, 1934.
