Mrs F. D. Roosevelt.

Dear Madam:

You will note I have enclosed a page of "Newsweek" Magazine giving a comentary on the work of your late husband.

May I tell you how much most Canadians and people of the British Isles felt towards him. We respected, admired and truly loved him for what he was and did.

I was truly grieved last year to hear of his going away. We have so few good men in the world particularly those in responsible positions that we will miss him for years.

Sincerely,
K. C. Emberley.
