EXECUTIVE ORDER

AMENDMENT OF EXECUTIVE ORDER NO. 6657-A DATED
MARCH 27, 1934

Section 3 of Executive Order No. 6657-A of March 27, 1934, as amended by Executive Order No. 6780 of June 30, 1934, prescribing regulations for payment of losses sustained by officers, enlisted men, and employees of the United States in foreign countries due to appreciation of foreign currencies in their relation to the American dollar, is hereby amended to read as follows:

3. (a) The loss above referred to is that calculated on the basis of conversion into foreign currency of the employee's net salary and net allowances, except as provided in paragraphs (b), (g), and (d) of this section.

(b) In case of employees serving under the War and Navy Departments (with the exception of military and naval attachés and other employees attached to their offices, who shall be governed by paragraph (g) of this section), the loss is that calculated on the basis of conversion into foreign currency of the employee's net pay and allowances.
(g) In case of employees traveling in foreign countries under official orders, not employed in or on assignment or detail to a post of duty in a foreign country, no part of the employee's salary not converted for expenditure abroad shall be included in the loss referred to for the purposes of these regulations.

(g) In case of a foreign country in which the loss cannot be calculated on the basis of conversion into the currency of that country but, in consequence of local law or regulation, is required to be calculated on the basis of the appreciation in relation to the dollar of a noncirculating monetary unit in which prices of commodities and services are quoted but not payable—the dollar itself being used in payment therefore—the loss is authorized to be computed on that basis.

(e) In case of employees who sustained losses arising from the conversion of salaries or allowances (including those paid from fees either in foreign or American currency) during the period from July 15, 1933, to the effective date of this order, the losses shall be calculated as provided in paragraphs (a), (b), (c), and (d) of this section. Claim for reimbursement for such loss shall be accompanied by the best evidence, available to the employee, of the rate at which conversion was made.
(g) As used in this section:

The term "net salary" means the base salary less any deduction for contribution to the retirement or other fund, or on account of percentage deductions in compensation.

The term "net allowances" means allowances paid to the employee.

The term "net pay and allowances" means the employee's full pay, including extra or additional pay, and all allowances (other than those furnished in kind) less deductions therefrom on account of allotments, fines and forfeitures, clothing, hospital, Civil Service Retirement Fund, percentage deductions in compensation, and other sundry checkages.

This order shall be retroactive to April 1, 1934, the effective date of the order which it amends.

CREATION OF THE TEXTILE LABOR RELATIONS BOARD, ETC.

By virtue of and pursuant to the authority vested in me under title I of the National Industrial Recovery Act (ch. 90, 48 Stat. 195, tit. 15, U.S.C., sec. 701) and under joint resolution approved June 19, 1934 (Public Res. 44, 73d Cong.), and in order to effectuate the policy of said title and the purposes of the said joint resolution, it is hereby ordered as follows:

Sec. 1. There is hereby created in connection with the Department of Labor a board to be known as the "Textile Labor Relations Board" (hereinafter referred to as "the Board") which shall be composed of the following three "special commissioners": Judge Walter P. Stacy of North Carolina, chairman; James A. Haltenbech of Illinois; and Admiral Henry A. Wiley, United States Navy, retired. Each special commissioner shall receive necessary travelling and subsistence expenses and, except on such days as he receives compensation pursuant to Executive Order No. 6751, June 28, 1934, $40 per diem in addition thereto. Two special commissioners shall constitute a quorum. A vacancy in the Board shall not impair the right of the remaining special commissioners to exercise all the powers of the Board.

Sec. 2. The Board and/or such agencies as it may create or utilize in accordance with this Order shall immediately investigate, hold hearings, make findings of fact, and take appropriate action in any case in which it is alleged that there has been discrimination in taking men back to work after the textile strike.

Sec. 3. The Board is hereby authorized and directed, in connection with the textile industry:

(a) To create, utilize, or exercise its powers through such regional or special agents or agencies as it may deem necessary to carry out its functions; and

(b) To exercise all the powers provided in Public Resolution 44, Seventy-third Congress, for a board established under said resolution; and
(c) On its own motion or on complaint of any party affected, to investigate, hold hearings on, and make findings of fact as to, any alleged violation of section 7 (a) of the National Industrial Recovery Act and such part of any code of fair competition or agreement as incorporates said section, and, if necessary, to refer such findings, with recommendations, to proper Governmental agencies for appropriate action; and

(d) Upon request of the parties to a labor dispute, to act as a board of voluntary arbitration or to appoint a person or agency for such voluntary arbitration; and

(e) To exercise such powers as may be conferred upon it by any code of fair competition.

Sec. 4. In connection with the codes of fair competition for the cotton textile, silk textile, and wool textile industries, the Board is hereby authorized and directed, on its own motion or on complaint of any party affected, to investigate, hold hearings on, and make findings of fact as to, any alleged violation of any provision of said codes relating to hours of work, rates of pay, or other conditions of employment, and, if necessary, to refer such findings, with recommendations, to proper Governmental agencies for appropriate action.

Sec. 5. The Board shall certify the results of all elections conducted by it or by its agents to parties concerned, and the person, persons, or organization certified as the choice of the majority of those voting shall be accepted, for the purpose of collective bargaining, as the representative or representatives of the employees eligible to participate in the election, without thereby denying to any individual or employee or group of employees the right to present grievances, to confer with their employers, or otherwise to associate themselves and act for mutual aid or protection.

Sec. 6 (a) Appeals on questions of law in cases involving section 7 (a) of the National Industrial Recovery Act and such part of any code of fair
competition or agreement as incorporates said section may be taken from
the Textile Labor Relations Board to the National Labor Relations Board in
cases in which (1) the Textile Labor Relations Board recommends review, or
(2) there is a difference of opinion in the Board, or (3) the National Labor
Relations Board deems review will serve the public interest.

(b) Whenever the Board has taken or has announced its intention to
take jurisdiction of any case or controversy authorized by this Order, no
other person or agency in the executive branch of the Government, except
upon the request of the Board or except as otherwise provided in the pre-
ceding subsection, shall take or continue to entertain jurisdiction of such
case or controversy. Whenever the Board has made a finding of facts, or
issued an order in any such case or controversy, such finding of facts and
such order shall (except as otherwise provided in the preceding subsection
or except as otherwise recommended by the Board) be final and not subject to
review by any person or agency in the executive branch of the Government.

Sec. 7 (a) The Board, with the approval of the National Labor Relations
Board and the President, shall make and prescribe such rules and regulations
as it may deem necessary for the exercise of the powers conferred in this
Order.

(b) The Board shall make quarterly and annual reports through the
National Labor Relations Board and the Secretary of Labor to the President.
Such reports shall state in detail cases heard, decisions rendered, investi-
gations made, and the names, salaries and duties of all officers and employ-
ees appointed by it under the authority of this Order and receiving compensa-
tion directly or indirectly from the United States.

Sec. 8. The Bureau of Labor Statistics shall prepare a comprehensive
report on the actual hours of employment, earnings and working conditions in
the textile industries. The Bureau shall also make an investigation on and
a report of the different types of work performed by the various classes of
labor in such industries, the actual wage rates paid for the various classifications of work, and the extent to which differential wage rates apply to different skills. In accordance with section 6 (c) of the National Industrial Recovery Act, and in order to furnish a basis for determining whether wage increases based upon reduction in hours or otherwise can, under prevailing economic conditions, be sustained, the Federal Trade Commission shall undertake an investigation of, and report on, the labor costs, profits and investments of companies and establishments in the textile industries, and make pertinent comparisons between the facts so ascertained and the changes in wages, hours and extent of employment of workers in such industries. In order to expedite this inquiry, the Federal Trade Commission is directed to give it priority over any other general investigation. The Bureau of Labor Statistics and the Federal Trade Commission shall, at the earliest possible moment, make public the reports required by this section. Such public reports shall be so prepared that data confidentially furnished by a particular person, corporation or establishment cannot be identified.

Sec. 9. The Board of Inquiry for the Cotton Textile Industry created by Executive Order No. 6340 of September 5, 1934, the Cotton Textile National Industrial Relations Board created by section XVII of the Code of Fair Competition for the Cotton Textile Industry, as amended July 10, 1934, and the Textile National Industrial Relations Board created by Administrative Order of June 28, 1934, are hereby abolished.

Sec. 10 (a) In order to carry out this Order, there is hereby allotted from the funds appropriated for the purposes of the National Recovery Act by title II of the "Emergency Appropriation Act, Fiscal Year 1935," approved June 19, 1934 (Public No. 412, Seventy-third Congress) $30,000 to the Textile Labor Relations Board, to be expended under the direction of the Secretary of Labor. After estimates have been submitted to me, further allotments from the same funds shall be made to the Textile Labor Relations Board to be expended under the direction of the Secretary of Labor; to the Federal Trade Commission; and to the Bureau of Labor Statistics.
(b) The Board (with the approval of the Secretary of Labor), the Bureau of Labor Statistics, and the Federal Trade Commission shall have authority to incur such financial obligations and (without regard to the Civil Service laws, the Classification Act of 1925 as amended, or Executive Order No. 6746 of June 21, 1954) to appoint or assign such employees as they deem necessary for their functions and the functions of such agencies as the Board may create or utilize in accordance with this Order.

CODE OF FAIR COMPETITION

FOR THE

NEEDLEWORK INDUSTRY IN PUERTO RICO

As Approved on June 29, 1934

Executive Order

Modifying Order Approving Code of Fair Competition
for the Needlework Industry in Puerto Rico to Alter
the Constitution of the Puerto Rican Needlework Commission.

The Executive Order of June 28th approving the Code of
Fair Competition for the Needlework Industry in Puerto Rico
provided, in part in the fourth condition of approval, as
follows:

"That there shall be appointed by the Administrator for
Industrial Recovery, within ten days after the effective date
hereof, a Puerto Rican Needlework Commission consisting of

Authority for the Needlework Industry in Puerto Rico, another
of whom shall be nominated by the several Code Authorities of
related industries in continental United States, and a third
person to serve as chairman, shall be nominated by the National
Recovery Administration."

It having been found by the National Industrial Recovery
Board that the several Code Authorities of the related
industries in the continental United States cannot agree upon
a nominee for this Commission, and the said Board having
recommended, in its report to me which is approved and attached
hereto, a modification of the above-quoted provision.

NOW, THEREFORE, I, Franklin Delano Roosevelt, President
of the United States, pursuant to the authority vested in me by
Title I of the National Industrial Recovery Act, approved June 18,
1933, and otherwise, do order that the above-quoted provision be
and it is hereby revised to read as follows:
"That there shall be established a Puerto Rican Needlework Commission consisting of four members who shall be appointed by the National Industrial Recovery Board as follows: one member to represent the Needlework Industry in Puerto Rico, on the nomination of the Code Authority for that industry, who shall have one vote; two members to represent the related industries in the continental United States, to be selected by the National Industrial Recovery Board from the nominations made by the Code Authorities for such industries, each of whom shall have one-half vote; one member to serve as impartial chairman, who shall have one vote."

FOR THE SILK TEXTILE INDUSTRY

The Code of Fair Competition for the Silk Textile Industry shall be amended by adding at the end thereof, as Article XIII, the following provisions:

"XIII (1) The Textile Labor Relations Board shall appoint a Silk Textile Work Assignment Board, to be composed of an impartial chairman, one representative of the employers subject to the Code of Fair Competition for the Silk Textile Industry, and one representative of the employees in that Industry.

*(2) In order to provide opportunity to develop a sound method and adequate organization for the regulation of work assignments, no employer prior to February 1, 1935, shall make any change in work assignment of any class of employees which shall increase the effort required over that prevailing on September 21, 1934.

*During this period the number of looms, frames or other machines required to be tended by any class of employees shall not be increased where the character of the raw material, yarn, construction of cloth, preparatory processes, type of equipment used, or character of finish or put-up, is not changed. Where such changes do occur the number of machines tended by such employees may be increased or decreased in such manner as will not increase the amount of effort required of the worker.

"Where, on September 21, 1934, a new style of yarn or cloth or any other new type of product was in course of introduction or is thereafter during the period above referred to introduced into a mill or finishing plant, a tentative work load may be established during the period of determining a proper work load in accordance with the foregoing principles.

"(3) Prior to February 1, 1935, on petition of the Code Authority or of any employee or employer affected, or his representative, or on its own motion, the Silk Textile Work Assignment Board may investigate any work assignment which has been increased since July 1, 1933, at any mill and the mill shall show the reasons for such increase. If the Board finds after fair hearing such assignment requires excessive effort it may require its reduction accordingly.
