

AMENDMENT TO THE CODE OF FAIR COMPETITION  
FOR THE COTTON TEXTILE INDUSTRY

Section XVII of the Code of Fair Competition for the Cotton Textile Industry is hereby repealed and the following provisions shall be substituted therefor:

"XVII (1) The Textile Labor Relations Board shall appoint a Cotton Textile Work Assignment Board, to be composed of an impartial chairman, one representative of the employers subject to the Code of Fair Competition for the Cotton Textile Industry, and one representative of the employees in that Industry.

"(2) In order to provide opportunity to develop a sound method and adequate organization for the regulation of work assignments, no employer prior to February 1, 1935, shall make any change in work assignment of any class of employees which shall increase the effort required over that prevailing on September 21, 1934.

"During this period the number of looms, frames or other machines required to be tended by any class of employees shall not be increased where the character of the raw material, yarn, construction of cloth, preparatory processes, type of equipment used, or character of finish or put-up, is not changed. Where such changes do occur the number of machines tended by such employees may be increased or decreased in such manner as will not increase the amount of effort required of the worker.

"Where, during the period above referred to, a mill resumes the manufacture of any specific product which it has made within six months prior to September 21, 1934, and where the conditions of manufacture enumerated in the preceding paragraph are not changed, then the work load formerly used on such product shall be

the guide in determining the proper work assignment.

"Where, on September 21, 1934, a new style of yarn or cloth or any other new type of product was in course of introduction or is thereafter during the period above referred to introduced into a mill or finishing plant, a tentative work load may be established during the period of determining a proper work load in accordance with the foregoing principles.

"(3) Prior to February 1, 1935, on petition of any employee or employer affected, or his representative, or on its own motion, the Cotton Textile Work Assignment Board may investigate any work assignment which has been increased since July 1, 1933, at any mill and the mill shall show the reasons for such increase. If after hearing the Board finds such assignment requires excessive effort it may require its reduction accordingly.

"(4) The Cotton Textile Work Assignment Board shall have authority to appoint district impartial chairmen and such other agents as it may select and to issue rules and regulations to carry out the foregoing provisions of this Section.

"(5) The Cotton Textile Work Assignment Board shall, subject to instructions of the President, make a study of actual operations in representative plants and report to the President as to a permanent plan for regulation of work assignments in the Industry."

## EXECUTIVE ORDER

### CREATING WOOL TEXTILE WORK ASSIGNMENT BOARD, ETC.

Representations having been made to me by the Code Authority for the Wool Textile Industry that paragraph 2 of Section 3 of the Code of Fair Competition for the Wool Textile Industry already provides for a freezing period as respects work assignments as recommended by the Board of Inquiry for the Cotton Textile Industry, created by Executive Order No. 6840, dated September 5, 1934, embodied in the report of said Board, submitted to me on September 17, 1934, and upon finding accordingly; and application having been made by the sponsors of the Code in a letter dated July 25, 1933, which stated: "In order to prevent abuses, without hampering progress, we hereby request the Administrator to appoint a committee to study this problem in order to insure a practical definition of improper speeding up of work and to avoid its harmful results,"

NOW, THEREFORE, I, Franklin D. Roosevelt, President of the United States, pursuant to authority vested in me by Title I of the National Industrial Recovery Act, approved June 16, 1933, and otherwise, do issue the following rules and regulations for the administration of said paragraph 2 of Section 3 of said Code until February 1, 1935:

1. The Textile Labor Relations Board shall appoint a Wool Textile Work Assignment Board, to be composed of an impartial chairman, one representative of the employers subject to the Code of Fair Competition for the Wool Textile Industry, and one representative of the employees in that industry.
2. The Wool Textile Work Assignment Board is hereby charged with the responsibility of administering said paragraph 2 of Section 3 of said Code, in accordance with the following principles:

(a) No employer shall extend the number of similar looms, frames, spindles or other machines or equipment tended by any class of employee unless there is a compensating change in the operation, including a change in the quality or character of the product or material processed or manufactured.

(b) The Wool Textile Work Assignment Board may, on petition of any mill which installs labor saving machinery, after such investigation as it may deem proper, authorize the employer to increase labor assignments to the extent only that the amount of work required of the employees affected will not be increased by the installation of this machinery.

(c) On petition of the representatives of labor, on its own motion, or otherwise, the Wool Textile Work Assignment Board may investigate any case where it is alleged that the work load has been improperly increased since July 1, 1933, in violation of the Code and may require its reduction if it finds that the assignment has been so increased.

3. The Wool Textile Work Assignment Board shall have authority to appoint district impartial chairmen and such other agents as it sees fit, and to issue such rules and regulations as it seems necessary to carry out the foregoing provisions.

RULES AND REGULATIONS FOR THE COTTON, SILK AND WOOL  
TEXTILE WORK ASSIGNMENT BOARDS

By virtue of and pursuant to the authority vested in me under Title I of the National Industrial Recovery Act (Chapter 90, 48 Stat. 195, Tit. 15 U.S.C. #701), and under the Codes of Fair Competition for the Cotton Textile Industry, the Silk Textile Industry and the Wool Textile Industry, it is hereby ordered as follows:

Sec. 1. The Textile Labor Relations Board shall appoint a single individual as common chairman of the Cotton Textile Work Assignment Board, the Silk Textile Work Assignment Board and the Wool Textile Work Assignment Board. All general rules and regulations involving products manufactured under more than one of the above Codes shall be jointly considered by the Work Assignment Boards for those Codes.

Sec. 2. The Cotton, Silk and Wool Textile Work Assignment Boards shall study the actual operation of the stretch-out (or specialization) system in a number of representative plants, including such plants as may be selected respectively by the Code Authority affected and by the United Textile Workers of America and such other plants as the Boards may themselves select either upon or without nomination of interested parties. The Boards shall, after consultation with the employers and employees in the respective industries, and their representatives, prepare, and before January 1, 1935, submit to the President, recommendations for a permanent plan for regulation of work assignments in the respective industries. Such recommendations, if adopted in accordance with the National Industrial Recovery Act, shall become effective as therein provided. Such recommendations, unless good cause is shown to the contrary, shall include, among other provisions, substantially the following principles:

(a) No employer shall increase the work assignments of any class of work until he has secured authorization therefor from the district impartial chairman (appointed by the Textile Work Assignment Board) of the District in which the mill operates. The district impartial chairman shall authorize

extensions of work assignments only if the following conditions have been complied with:

(i) The employer has filed with the district impartial chairman and with the representatives of the employees affected a petition for authorization of extension of work assignments. The petition shall include a sworn statement on a form to be provided by the Textile Work Assignment Board indicating the conditions which have been established at the mill as the basis for extension.

(ii) A period of six weeks has elapsed since the filing of the petition.

(iii) Either (a) the representatives of labor affected have not filed a protest to the proposed extension before the end of the six-weeks' period, or (b) if such protest has been filed, there has been a public hearing, with such investigation by the district impartial chairman or his agents as he may deem advisable, and the impartial chairman finds that the conditions which have been maintained throughout the six-weeks' period justify the extension.

The fact that any employer has failed to maintain any of the conditions set forth in the statement accompanying the petition on which the existing work assignment was authorized shall be ground for the denial of the petition.

(b) The district impartial chairman, on petition by the representatives of any employees affected, shall investigate the justifiability of existing labor assignments, and if he finds any assignment involves excessive efforts by the workers, shall require the employer to reduce such assignment.

(c) Decisions of the district chairman rendered under the above provisions shall be subject to appeal to the Textile Work Assignment Board, whose decision shall be final.

Sec. 3. The Textile Labor Relations Board shall provide funds for, and maintain administrative supervision over the several Textile Work Assignment Boards.

AMENDMENT OF EXECUTIVE ORDER OF AUGUST 25, 1892,  
AS AMENDED, PRESCRIBING RULES AND REGULATIONS FOR  
THE GOVERNMENT OF THE ARMY AND NAVY GENERAL HOSPITAL,  
HOT SPRINGS, ARKANSAS

The Executive order of August 25, 1892, as amended, is hereby amended to read as follows:

By virtue of and pursuant to the authority vested in me by the act of June 30, 1882 (ch. 254, 22 Stat. 117, 121), the following rules and regulations are hereby prescribed for the government of the Army and Navy General Hospital at Hot Springs, Arkansas:

1. The said hospital shall continue to be known as the Army and Navy General Hospital and shall be under the direction of the Secretary of War, and it shall be devoted to the treatment of such diseases as the waters of the hot springs of Arkansas have an established reputation for benefiting. The War Department will announce the character of the diseases from which benefit by treatment at this hospital may be expected, and will set forth the proper procedure for obtaining admission thereto for treatment.

2. The organization of the hospital shall consist of one medical officer of the Army, who shall

command it, and such other medical officers of the Army and Navy as may be necessary, to be detailed by the Secretary of War or by the Secretary of the Navy, respectively; one or more officers of the Quartermaster Corps of the Army; such members of the Army Nurse Corps as may be detailed by the Secretary of War; such noncommissioned officers and enlisted men of the Medical Department of the Army as may be authorized by the Secretary of War; and such civilian employees as may be necessary for the proper service of the hospital when authorized by the Surgeon General of the Army. The duties of the commissioned and enlisted personnel and members of the Army Nurse Corps shall be the same as those prescribed by regulations for Army hospitals.

3. This hospital, within the limits of available accommodations, shall be devoted to the treatment of the personnel indicated below:

a. Officers, nurses, commissioned warrant officers, warrant officers, and enlisted men of the Army, the Navy, and the Marine Corps, on the active lists, and cadets at the Military Academy and midshipmen at the Naval Academy, subject to such rules as may be prescribed by the War and Navy Departments, respectively.

b. Beneficiaries of the United States Veterans' Administration entitled to hospitalization, upon request of the proper representative thereof.

c. When authorized by the Secretary of

War, officers, enlisted men, and cadets of the Coast Guard, and officers of the Public Health Service on the active lists under such rules as may be prescribed by the Treasury Department; and officers and enlisted men of the Coast and Geodetic Survey, on the active lists, under such rules as may be prescribed by the Department of Commerce.

d. e. Members of the Naval Reserve and Marine Corps Reserve who are entitled to treatment in naval hospitals (act approved January 19, 1939, 45 Stat. 1090), when authorized by the Secretary of War, subject to such conditions and regulations as may be prescribed by the Navy Department.

f. Honorably discharged officers, nurses, commissioned warrant officers, warrant officers, Army field clerks, field clerks Quartermaster Corps, pay clerks, cadets, cadet engineers, and enlisted men of the Army, the Navy, the Marine Corps (including National Guard, Naval Militia, volunteers and drafted or selected men in the service of the United States), the Coast Guard, and the Coast and Geodetic Survey, and honorably discharged officers of the Public Health

Service, under such conditions and regulations as may be prescribed by the Secretary of War.

g. When practicable, and for a reasonable time, under such conditions and regulations as may be prescribed by the Secretary of War, such persons, other than those enumerated above, who are entitled to medical care and treatment at the expense of the United States.

h. Such other persons as may be eligible under Army regulations for treatment in Army hospitals.

4. The rations of enlisted men of the Army on the active list while under treatment in the hospital will be commuted at the rate of 60 cents a ration to be paid to the commanding officer of the hospital by the post finance officer or such other officer as may be designated, conformably to the regulations governing the subsistence of enlisted patients at other Army hospitals.

5. Since it is impracticable to establish a separate mess for enlisted men on duty at this hospital, and rations in kind cannot be economically issued, the rations of the enlisted men of the Army on duty at this hospital will be commuted at the rate of 60 cents a ration, conformably to the regulations governing such payments in other Army cases.

6. The subsistence of enlisted men of the Navy, Marine Corps, Coast Guard, and Coast and Geodetic Survey, on the active lists, under

treatment in this hospital in pursuance of orders, will be paid for to the commanding officer of the hospital at the rate of 60 cents a day by the proper officers of the Navy Department, Coast Guard, and Coast and Geodetic Survey, upon monthly statements of amounts due certified by the commanding officer of the hospital direct to the Surgeon General of the Navy, the Commandant of the Coast Guard, and the Director of the Coast and Geodetic Survey, respectively.

a. For those subsisted on the status of an enlisted man, at 85 cents per day.

b. For those subsisted on the status of an officer, at \$1.50 per day.

a. For a patient in hospital, 50 cents for each day in hospital.

b. For a dispensary case or out-patient, 50 cents for each prescription or treatment.

c. Such additional charges as may be necessary to cover the cost of expensive medicines, dressings, or appliances.

10. In the cases of patients admitted upon account of the United States Veterans' Administration, subsistence charges at 85 cents a day will be billed and submitted with War Department form no. 351 properly accomplished, by the commanding officer of the hospital direct to the local finance officer for settlement. Other expenses of Veterans' Administration patients will be adjusted between the appropriations concerned in conformity with orders issued by the Secretary of War from time to time.

11. In the cases of patients admitted upon account of the United States Employees' Compensation Commission, subsistence and other charges will be billed by the commanding officer direct to the Commission.

12. Collections arising from subsistence charges will be taken up and accounted for as hospital funds. Collections arising from medicine charges will be turned over, on War Department form no. 332a, to the nearest disbursing or agent officer for deposit with the Treasurer of the United States to the credit of the proper appropriations, which will be designated

**EXECUTIVE ORDER**

-----

**RULES GOVERNING THE OBTAINING OF NARCOTIC DRUGS AND  
PREPARATIONS BY QUALIFIED PERSONS IN THE VIRGIN  
ISLANDS FROM MANUFACTURERS AND WHOLESALE DEALERS  
IN THE UNITED STATES**

WHEREAS section 2 of the act of December 17, 1914 (38 Stat. 786), as amended by section 2 of the act of January 22, 1927 (44 Stat. 1023), provides in part as follows:

"The President is further authorized and directed to issue such Executive orders as will permit those persons in the Virgin Islands of the United States lawfully entitled to sell, deal in, dispense, prescribe, and distribute the aforesaid drugs, to obtain said drugs from persons registered under this Act within the continental United States for legitimate medical purposes, without regard to the order forms described in this section."

NOW, THEREFORE, by virtue of and pursuant to the authority vested in me by the above-quoted provision of the said act, it is hereby ordered:

1. That any person lawfully entitled to sell, deal in, dispense, prescribe, or distribute opium or coca leaves, or any compound, manufacture, salt,

derivative, or preparation thereof, in the Virgin Islands of the United States, may obtain such narcotics as shall be necessary for legitimate medical purposes within those islands by executing a written order therefor upon a duly qualified importer, manufacturer, producer, compounder, or dealer in such drugs located in the continental United States: Provided, That such order has been first submitted to the Commissioner of Health of the Virgin Islands and bears upon its face the approval of said Commissioner of Health of the Virgin Islands, the official seal of the Government of the Virgin Islands, and the date of such approval.

2. Upon receipt of the order for narcotic drugs from the person in the Virgin Islands ordering such drugs, the Commissioner of Health of the Virgin Islands, if he finds that such person is qualified in accordance with the terms of the preceding section, and if he is satisfied that such person is ordering the drugs for legitimate medical purposes only, shall approve the order form by signing a suitable notation on the face thereof, including the date of such approval, and impress the seal of the Government of the Virgin Islands thereon, and return same to the person from whom it was received, who may then transmit the approved order to the appropriate prospective vendor in the continental United States, who is hereby authorized to furnish and ship the drugs called

for in the said order in the same manner and to the same extent that he would be authorized if the order were properly executed on an official order form submitted by a duly qualified dealer or practitioner in the continental United States under section 2 of the act of December 17, 1914 (38 Stat. 786), as amended.

3. No order as above described shall be filled by any importer, manufacturer, producer, compounder, or dealer in the continental United States if received after 2 months from the date of approval described in the preceding section. If, for any reason, an approved order is not forwarded to the person in the continental United States from whom the drug is to be ordered in time to reach such person on or before the expiration of a period of 2 months after the date of approval, such order shall be returned to the Commissioner of Health of the Virgin Islands for cancelation. The Commissioner of Health of the Virgin Islands shall keep a record of all orders received by him, showing the date the order was received, the date it was approved, if approved, and the date the approved order was returned to the person submitting it. The Commissioner of Health of the Virgin Islands shall submit semiannually to the Commissioner of Narcotics of the United States, not later than the 1st of September and the 1st of March respectively, reports covering the

respective preceding semiannual periods ending June 30 and December 31, showing the total amounts and kinds of narcotic drugs for which orders were approved, the total amounts and kinds of narcotic drugs actually received in the islands during the periods, the total amounts and kinds of narcotic drugs actually sold or dispensed in the islands during the periods, and the total amounts and kinds of narcotic drugs on hand in the islands at the close of the said periods. For the purpose of carrying out the provisions of this order, the Commissioner of Health of the Virgin Islands, with the advice and consent of the Governor of the Virgin Islands, is hereby authorized to require such periodical reports concerning narcotic drugs from persons ordering, dealing in, selling, dispensing, prescribing, or distributing such drugs in the Virgin Islands as he shall deem appropriate for the purpose.

4. The word "person", as used in this order, shall be construed to mean and include a partnership, association, company, or corporation as well as a natural person.

5. The Commissioner of Narcotics of the United States, with the approval of the Secretary of the Treasury, shall make all needful rules and regulations for carrying into effect the provisions of this order insofar as it concerns persons registered under the said act of December 17, 1914, as

amended, in the continental United States.

6. Responsibility is placed upon the Governor of the Virgin Islands to enforce the provisions of this order in the said islands in such manner that the sale, dealing in, dispensing, prescribing, distribution, and use of narcotic drugs therein shall be confined to legitimate medical purposes. Any shipment or transfer of narcotic drugs from the continental United States not in accordance with the provisions and requirements of this order shall subject the parties responsible for such shipment or transfer to the penalties provided in the said act of December 17, 1914, as amended.
