Mrs. Eleanor Roosevelt,
Hyde Park, N. Y.

Dear Mrs. Roosevelt:

I realize you are a very busy person and I should not bother you, but I would love to have your autograph, on face of playing card, if you do not care to autograph card just place it in enclosed envelope and drop in mail.

After a very long siege Rheumatic fever I have to walk with a crutch most of the time and so I have to do something to help pass time. I collect antique china and glassware, coins and stamps, also autographs of people I greatly admire. I also have two albums of snapshot pictures taken in several countries by my nephews and friends. I am enclosing a snapshot for you I think you might like to have.

Our family still mourn the death of Mr. Roosevelt, he was a wonderful man.

Best wishes to you for your health and contentment, for after all contentment is everything.

Sincerely
(Mrs.) Fred Riegelman

My dear Mr. Riggs:

I wonder if you think that all Communists are alike. They are just as much alike as all Democrats and all Republicans.

There is a group that plans exactly what this man told you but if you read the Hearst papers I think you must realize that what he says is not exactly what a great many people in this country feel and that is true with Russia.

We live in the same world and we must get on with them. We should do our best to make our form of democracy work for the good of the greatest majority of the people. If we are thriving and our people are content and happy we don't have to fear either fascism or communism.

Very sincerely yours,

Dear Mr Roosevelt:- I've known you by [illegible] [illegible] a long time but all Russians are not some. Rally meeting & all rally meeting Communist stood on a street [illegible]. Corner here one night from 10 P.M. untill midnight telling me about their plans and methods of working. He said "I don't believe in God as a creator but we join churches and we join Sunday school classes to get in with the better class of people and get our men elected to office and when we get enough key positions we will just take over". From all reports progress is being made right along the line he outlined. They don't want communism and democracy to work in harmony for they want everything. When they

Dictate

get control in enough nation they can control the U.N. and eventualy rule the whole world.

Bible prophecy tells us that the time is coming when the whole world will be ruled by one man who will be the man of sin and anti Christ. Russia may fit that description. They may help India to drive England out then force China into line with Japan coming along and then rule small nation in Europe and what chance does any other nation have?

If we don't get tough with Communists now they will get tough with us later on. Why don't you see the light?

Yours Sincerely
