Memo for H. Morgan
D. L.
Hon. H. Morgan.

As I have known for several weeks that Mr. Blandford has been working on a tentative report on administrative organ. of T.V.A. I have asked him to bring what he now has to show Edna.

It is my thought that inclusion this will necessarily bear on the future of organ of other future, but that matter is plenty time for other reasons I am sure that I would like I have not a misapprehension

Judgment on admin
aff of. In such case
I would like to have my
~~gov minutes~~ gov
& get the I.V.A. to
advise me confidentially
as of their views.

It seems to me that ~~the~~
~~the minutes no action~~
because the draft of the
Institution is not in final
form it should come to
me first for examination

Memo ~~Dear~~ Secy Wallace

I think it would be an excellent idea to have women like Mrs. Anna Dickey Olsen of Minnesota Mrs Pat Nagle of Oklahoma and Mrs. Hatch of Indiana employed in some capacity by the AAA so that their work travelling through the farming sections will give them opportunity to interpret our agricultural policies

~~From~~: F. D.

Memo for Mr. Helvering:-

I am familiar with the work of the National Consumers League and the Nat'l League of Women Voters and believe both come within the intent of the revenue law that allows the deduction of contributions for educational organizations.

I ~~am familiar with~~ also know the construction made by the Circuit Court of Appeals for the Second Circuit in Slee v. Commissioner 42 Fed.(2d) 184 that "political agitation as such is outside the statute" but I believe the case of these two organizations should be differentiated from the Slee case because by far the greater part of their work is clearly educational.

A liberal interpretation of the statute seems to me to be more in harmony

with ~~the present administration~~ the intent of the Statute, don't you?

~~and I should be glad if~~

you as Commissioner see fit to make a ruling to that effect in regard to both these organizations.

Sincerely yours

FDR's writing in ink
