Dear Missy

Sometimes when the President has a minute, will you give him the inclosed letter. He said he would design a binding for me in leather and autograph the set for me. Please be sure that I get the bill for the job.

Thanks a lot! I hope the ambassadorial shoulder is better.

Cordially
Sam.

P.S. I am curious to hear how the galley sheets binding came out. Ask Mary to write me about it.

Dear Mr. President

You said you would design a cover binding for me for the inclosed unbound sheets of the "Public Papers" and have them done at the Government Printing Office, sending me the bill. I don't know what I could use as a seal, like the recent visiting royalty, except perhaps a steak sandwich. I guess the Presidential seal will be sufficient alone.

Thanks a lot for your trouble!

Cordially
Sam

The enclosed will probably be reminiscent of your visit to the court house last. I believe that if sufficient publicity is given to this clipping it will cause a tremendous rise in the sales of chewing gum.

I am leaving shortly for Albany. I did not have a

JURY EXONERATES WIFE

Finds Her Not Guilty of Husband's Misconduct Charge.

Special to the World-Telegram.

WHITE PLAINS, May 9.—A jury today, after deliberating an hour and a half, found Mrs. Shirley Abrams not guilty of misconduct with Harold R. Woodson, Miami business man.

Her husband, Abraham Abrams, theatrical trucking operator, brought the charge, alleging that in a raid on May 11, 1933, on a hotel at 152 West 49th St., Manhattan, he found his wife and Mr. Woodson in a state of undress.

Mrs. Abrams, weeping, testified she had taken her dress off because the weather was hot, and that Mr. Woodson had removed his trousers because there was chewing gum stuck on them. She charged that her husband and her sister-in-law induced her to go to Mr. Woodson's room to play rummy.

Dear Missy:

Glad to get your letter but hope that your finger is all healed by now. It must have been much more serious than you thought at the time.

You mustn't thank me for your visit to N.Y. I had a much better time than you did. We saw Lewis last night and he is also grateful for a pleasant evening.

I am trying a separation case now and wish you were down here as the testimony is even more thrilling than in the now famous Adler vs Adler. When are you coming again?

On Friday we are going up to the Cape to find a house for the Summer, so you had better set aside the weeks you are going to spend with us. We expect to be up there over the week-end. Then the blood 30 day bill period begins and I expect to spend a good part of each week at the old mansion. You've heard of the thirty-day bill period, haven't you? Things are passing fast in Albany and this year's crop of bills ought to be excellent.

I'm going to try to phone you to-morrow.

Regards.

Monday

Dear Missy

I certainly broke out of obscurity at Hyde Park this last week-end. Not only did the Times print it this morning, but I am informed by chronic radio fans that my gorgeous

I looked through the

must have been "Ma

I could lay my hands definitely on the bozo who told. I'm beginning to agree with you about the relative merits of Washington & Hyde Park, at least so far as hiding is concerned.

With all best wishes

Yours

Sammy
