May I suggest if the Committee concurs that I come to Chicago at once for the purpose of meeting and greeting the Delegates and Alternates before they return to their homes, and also suggest ~~the purpose~~ receiving the formal notification of my selection. In these times it is easier and less expensive for one man to journey to a great party gathering now meeting than to ask many from every State to come to Albany at a future date.

Also as a laborer in

action I hope to see this campaign get under weigh now and not a month later. Will you advise me of the wishes of the convention? I can reach Chicago by —
