APR 7 1945

Dear Mrs. Roosevelt:

Our Guild of the Church of the Redeemer in Pelham, plans to adopt a war orphan thru the Foster Parents' Plan for War Children of New York City.

We have about 25 active members out of a parish of possibly 300 persons and to raise the necessary funds ($120.00) for the year, are giving a benefit bridge and game night on April 13th.

I have seen your name on the list of sponsors of this plan, and take upon myself the great liberty and full responsibility of writing you this letter.

We are making every effort to successfully promote this benefit among our small group here in Pelham. However it is a little broader undertaking than some people in our town approve of even under the present conditions.

We hope to reach our goal. However knowing of your interest, perhaps in spite of the thousands of demands that must be made upon you, you might care to assist us in some small way toward our end.

Thanking you for your consideration,

Respectfully yours,
Mrs. Keith C. Bernard (Mrs. A.)
