Dear Mrs. Roosevelt,

The Czechoslovak radio, monitored by the Office of War Information in New York, reported the following message on October 10:

"The Charles University in Praha will confer an honorary doctorship on Mrs. Roosevelt, who, at her husband's side, performed worthy services in an extraordinary way in the struggle for the defeat of fascism and for the liberation of the oppressed nations. The Honorary Doctorship will be conferred at the World Student Congress.

We want to tell you how happy we were to hear of the action of the Charles University; their decision is a proof of how much the services you have rendered to the cause of freedom and civilization are appreciated, not only by the students of America, but also by those of Central Europe, and particularly, of Czechoslovakia. Please allow us to congratulate you most sincerely.

Very truly yours,

V. E. Andic
