The date here is when I wrote this

Sept 1932

Election For President of U.S.

I show our onward march of history down to our present date. We have read of not seen the unbelievable performed by some one that was created unknown to himself or his immediate friends as to his mission upon this earth. These persons that are so created for timely needs arrive as you were to set your alarm clock to awaken you at five o'clock or at what so ever time you so desired to be awakened. Brothers and sisters I invite you to take heed of their time and conditions for we at present are arriving at the cross roads where such a man will arise. Such a man was not created by our hands or schools but by one who is far superior to ^{our} ideals.

But by one that has seen all and comprehends all. One that knows our needs even better by far than we do. These kind of men or women are born to perform such duties. As their manhood or womanhood develops so do their natural duties materialize for better and greater causes for ~~human~~ humanity. The unfolding chapter of petals of a rose one by one a daily bloom and in the height of its beauty we have realized the actual growth. There are many of us that have seen the actual growth and beauty. Many that have understood and many that will never understand. To day we have such ^{one}

Baxter, O.

Franklin D. Roosevelt
Jan 24-47
47

Day the minutes thru out the hours,
the days, the weeks, months and the
years we will become aware to the fact
that Franklin D. Roosevelt is the
man that our great savior has created
for such an emergency to save our
nation in the hour of need. He has a
tremendous task ~~to~~ before him. He has
appealed not only to those of his party
for ~~up~~ support but to all other
parties as well. His vision is great enough
that he realizes that it is not a one
mans job or a one party job, but the
duty of all fair minded American
citizens in unionism in a just cause
for all. We have a great nation let us
keep it improving by electing Franklin
D. Roosevelt and his ~~to~~ workers on Nov 8
1932. Yours for better times

Jan 24-47

I have copied this from my book at
the request of some of my friends and
mailing it to you. No ^{other} President ever
did so much for the many and by
helping the many the greedy few were
able to get off of their crutches and
throw them at the doctor that cured them
as our Great President stated. in
appreciation -

Even our savior was crucified for helping
the many. Hoping you receive this letter.
