To Say I'M THINKING OF YOU
1122-19th Ave.,

I spend so much time
Just thinking of you,
That I just simply had
To tell you I do!

and remember with you
the second birthday in
this Eternal Home of a
great friend of all of
us in U.S.A. I am sure
he dwells with me yet in
spirit. Love to you.

Mrs. J. A. Boslet.

My dear Mrs. Roosevelt,

It is my privilege, and indeed a great honor for me, to inform you that the French Government has decided to make a posthumous award of the "Médaille Militaire" to the late President Franklin D. Roosevelt.

The "Médaille Militaire" is, as you know the highest French military distinction. Its statutes rule that it may be bestowed only on generals who have been commanders-in-chief in the field. The French felt that it should be conferred on the five great statesmen who led the armies of the United Nations to final victory and therefore decided to grant it to President Roosevelt, Generalissimo Stalin, Marshal Chiang Kai Shek and General de Gaulle. Those awards are to be made public very shortly, but the French Government directed me to advise you immediately of its decision to pay this high tribute to the illustrious memory of the President.

Very sincerely yours,
