It is with very great pleasure and deep gratefulness, that we beg to acknowledge receipt of your kind message, dated October, 7, 1946 whole which had the due echo in our hearts as parents, as in the whole of the Roumanian Press, as well.

For several days, all the papers of our Capital commented in due form and extent, your gesture, causing thereby the refreshing in the mind of our people, of every democratic citizen, the great figure of the illustrious deceased, Franklin Delour Roosevelt.

We beg to attach herewith, in support of what precedes several, of the most important papers of our Capital.
