Dear Mr. Roosevelt,

30th April 47

I am aware that advertisements against an ally of the country without any cause go to the defence of England. I have been letter of course in the papers refuting some of the statements but no one has had the courage to challenge the A.F.P. to make them take back some of their vicious mis-representation in print.

Does the U.N. know that this Peter Benet who is so active in往前new’s defense makes money from the League which is all set with in the suicide of news items. I would very much like to hear from you on this subject in your free time. I was also interested to hear from you about your stay in Lhasa. Success — I saw a man who said to me: "De Gaulle (or some such name) was the embrace of that phase of the world."

Perhaps you’d be willing to reconsider me to him. I must tell you I am amazed that so much...

BRITISH IMPOSE NAZI RULES TO PUNISH HEBREW COMMUNITY

REPEAT LIDICE IN GROUP REPRISAL

The British administration in Palestine, in its war with the Hebrews, has imposed new and severe restrictions on the Hebrews. The government has issued a number of new regulations to punish the Hebrews. These regulations include the imposition of a heavy tax on the Hebrews, the closing of all Hebrew schools, and the prohibition of all Hebrew gatherings. The Hebrews are also being denied the right to vote in the elections for the Jewish National Council.

The British government has imposed these regulations as a punishment for the Hebrews. The Hebrews have been engaged in various acts of sabotage and resistance against the British, and the British government has decided to impose these regulations as a punishment for these acts. The Hebrews are being denied the right to vote in the elections for the Jewish National Council as a punishment for these acts.

ARABIAN OIL, U. S. MONEY IN A BLOODY SCANDAL

WASHINGTON, D. C. (Patriot)—People of the Middle East have been told that the world's oil capital stands in a grave threat to the oil companies. A recent investigation by the Department of Justice and the Department of the Interior has revealed that the Arabian-American Oil Company (A-AO) has been engaged in a conspiracy to defraud the United States government out of millions of dollars. The investigation has also uncovered evidence that A-AO has been using its influence to suppress information about the oil fields in the Middle East.

Palestine Chooses

A-B, H. Stimson, special correspondent of the DAC in Palestine, arrives in Jerusalem. Stimson reports that the average Hebrew is more interested in the plight of the Jews than in the affairs of the Arab League. He also reports that the Arab League has been applying pressure on the Hebrews to moderate their activities.

Arab League Applies Pressure on Hebrews

The governments of the states belonging to the Arab League have appealed to their League leaders to press the Hebrews to moderate their activities. The League leaders are expected to meet in Jerusalem to discuss the situation. The Arab League has also threatened to break off relations with the Hebrews if they do not moderate their activities.

DJ P's Present "Flag Is Born" in Cyprus; Camps Crowded

Clifford Daniel, who visited the Cyprus camps, tells the New York Times that the "Flag Is Born" in the camps has been serving the Hebrews in the camps. He also reports that the "Flag Is Born" is being used in the camps as a symbol of the Hebrews' struggle for freedom.

IN FLUSHING THEY TALK

Britain Is Not Bound to Enforce U.N. Palestine Policy, Lords Hear

LONDON, April 28—The British Government's determination not to aid the Arab states in their united appeal to the United Nations to settle a final solution of the Palestine problem was clearly stated today in the House of Lords.

The Foreign Office has already notified the United Nations that it is not bound to enforce the U.N. decisions on Palestine. This is clear from an announcement by Lord Leith that the Government will not do so.

The Foreign Office has also been informed that the United States Government is not bound to enforce the U.N. decisions on Palestine.

Fifty-five nations, represented at Flushing Meadows, are forced into a game of tragic futility.

The current United Nations session is a "heads I win, tails you lose" game, in which the British can't lose and YOU and the other peoples of the world can't win. It is the old game in which money, time, and hope go down the drain, while the United Nations loses prestige and the Hebrew people start their third year in D. P. camps, hoping against hope that this monstrous crime will stir the conscience of the world and produce action.

IN PALESTINE THEY FIGHT

IN AMERICA WE MUST ACT—NOW!

While British diplomacy is waiting the United Nations Assembly, in favor of the Hebrew victory in the field. The Resolutions of the U.N. on Palestine, the D.F.'s in Europe, and the peoples of America—YOU—can make Victory. Statements by the President, instructors and prosecutors, can be translated into reality by the Palestine Freedom Drive's $7,500,000.

The Palestine Freedom Drive will turn your money into history.

REPARATION—Let's Get Them There!

While the diplomats talk, thousands of Hebrews in European camps are preparing their march to the sea—the beginning of the Second Exodous. With enough ships, they will batter the British blockade, thus breaking this illegal barrier that keeps the gates of Palestine open.

Forty percent of the Palestine Freedom Drive's proceeds will finance the Exodus—$3,000,000 to carry a Hebrew from Europe to Palestine. Great Britain may be able to block the Exodus, but that cannot stop the Hebrew return to the land.

RESISTANCE—It's 1776 in Palestine!

The Hebrews fight today in Palestine. They stand battling for a spot on earth to call their own. Forty percent of the Drive's proceeds go to medicine, relief, and other aid to the persecuted fighters. As long as FUTILE talk continues in the assemblies of the world, Resistance must continue in the struggle of the world.

RECOGNITION—A Flag Is Born!

Not rejected in the United Nations debate on Palestine is the Hebrew nation. This nation—first to fight Hitler, first in the number of casualties, seventh in the number of field officers on the Axis (seven brigades, including the Aliyah Brigade)—this nation has no recognition and no voice. The temporary spokesman for the Hebrews is the Hebrew Committee of National Liberation, chief in the audience, while the Hashomer Hatzair and other younger leaders also demand recognition. 

Twelve percent of the funds raised by the Drive will assist the Hebrews in establishing a provisional government through which they may speak in their own behalf—a right which we have freely accorded to ourselves and to dubious Arab neutrals, but which is denied our staunch allies.

DON'T PASS THE BUCK

If you care about world peace, if you want justice for the D.F.'s in Europe and an end to the crisis in Palestine, then back this practical program. Your money and your work in the Palestine Freedom Drive are the only realizations that can win.

Your dollars will be invested in reparations ships, possibilities for wounded Hebrew fighters, support for a newly formed democratic Hebrew government.

Join the Palestine Freedom Drive—give it your money and volunteer your time. The Hebrews are holding the citadel for freedom—they must not fight alone.

A CHANCE TO WIN
