My dear Mr. Hayes:

Very sincerely yours,

Your letter rather takes my breath away because it seems such a monumental task which you want to undertake. I am afraid I could not pass judgment on what you want to do.

It is true that I realize the world is suffering, but to do the job which you feel you are called to do would require a great deal more than your personal devotion.

It has been a great many centuries that people have been trying to live the teachings of Christ and we are very far from doing so now and though I do not doubt there are people who will be called to make great sacrifices and great effort to bring people to the realization of their shortcomings, still I would not know how to inter-
pret what you want to do in my column

Mrs. Eleanor Roosevelt,
My dear Mrs. Roosevelt,

You may recall the man who sat on your right hand the other day in your apartment in New York, acting as confidential Sec. of Brig. Gen. Holdridge. I saw that man. I mention these facts to recall my self to you.

Something which you said that day rang a bell in my mind because it was so in line with my own conclusions. You mentioned the fact that the American people needed to be awakened before any great change would come about.

I carried that thought away with me and then the light came - I had known that this was true for years, but had not seen my relation to it clearly. Now this you see. This is a job that I must be about doing.
He was no faith to save the soul.

The thing must be a new system.

The doctrine of the Victorian

Atonement is pre-ordained

or some else's life,
Brotherhood of Man - The day of the teaching of the Vicarious atonement is passed - the time has come for mankind to live and practice his teachings. It is up to them to make them live again.

This movement can be called the movement of "Christocracy" or the teaching of the Philosophy of Christ. Through this can come to pass the truth of his words.

"Greater things than these that I do shall ye do." He came to teach not the fear of God but the love of God - and thus can be made to come true those great words spoken by your late husband.

"There is nothing to fear but Fear itself."
I face a point which I must bring up.

It seems to me that you have a like matter. Do you agree in your method? I think I have a better one.

This can be done. I wrote you in the last post that I would come in two weeks. I hope that you will not think it is too late or that it is not satisfactory. I am working on this now.

I am very much interested in your work and your progress. I feel that I have been so pleased with your efforts. I hope that you will continue in the same manner.

Please feel free to write me at any time.

Sincerely,

I am appealing to you because I can never forget the deep sense of spiritual understanding which I saw in your eyes that day in New York brought I know through your deep suffering for the cause of human Kind.

I will deeply appreciate any any word you may care to send to me relative to this plan I have outlined.

Farewell again.

Mrs. Eleanor Roosevelt,
Hyde Park, N. Y.

Dear Mrs. Roosevelt:

It was my misfortune to be below par the Sunday you were so kind as to visit Castle Point and, therefore, I was unable to get over to the recreation hall. I regret that I didn't meet you, Mrs. Roosevelt, and, with the other patients, hear your words of good cheer. However, I would like to express my appreciation of your thoughtfulness in visiting the patients of this hospital by presenting to you the accompanying bracelets and butterfly pin. These are made here by the other patients as well as by myself, the making of which helps to fill in the gaps during the days of hospitalization and, I might add, is of great benefit mentally inasmuch as it diverts our minds from our problems.

Sincerely yours,

Packages going forward under separate covers.
I am deeply sorry your letter did not reach me before I left for Mexico.

If you expect to be in the east, you will let me know ahead. Perhaps you can send the diploma delivered here or perhaps you can designate someone here to do so.

I am deeply honored to have these diplomas conferred on me, my husband, and myself.
Mrs. Eleanor Roosevelt,

Dear Mrs. Roosevelt:

Some months ago I received from France the diplomas of the "Chevaliers de la Croix de Lorraine et Compagnons de la Resistance" conferred upon your late distinguished husband, our President, and upon you, by this veterans society. The posthumous honour done your husband was the unanimous gesture of homage from this group of French war veterans to their spiritual leader. These gentlemen sought also to pay honour to the not-inconsiderable efforts you made for the welfare and restoration of France.

I wrote you, upon receipt of these diplomas, asking what was the best manner of presenting them to you. I presume I had the incorrect address as no reply was ever received. Now that you are here in Southern California I hope I may have the pleasant duty of discharging the obligation laid upon me by this Society.

Enclosed is a brief broadside, or notification, announcing your participation in the Society and giving some information on its works.

I will greatly appreciate it if you will be kind enough to appoint a date a place when I may have the honour and pleasure of placing in your hands these two diplomas.

The gentlemen of the Society are anxious to learn that these diplomas have been placed safely in your hands. I have had a number of letters from the President of the Society and have had to make excuses for not having been able to transmit the diplomas sooner.

Hoping that you will do me the honour to receive me for this reason, and possibly one or two other members of the Society also, and with sincere best wishes for a pleasant visit to California, I have the honour to be,

Cordially and sincerely yours,

Alan W. Hazeltine

Sur l'initiative de Monsieur Gérard Perraud, Officier de la Légion d'Honneur, Commandeur de notre Ordre pour l'Angoumois et la Saintonge, le Comité Directeur a décidé pour 1947, la création de colonies de vacances pour les enfants de nos membres, morts pour la France, déportés, ou se trouvant dans une s.
uation pécuniaire difficile. La principale colonie se trouve à la ferme charentaise du Vieux Charles (Guyenne), de notre ami Fernand. Les enfants seront logés, nourris et transportés gratuitement. Par ailleurs, nous ferons un échange de Résistants et d'enfants de Résistants avec nos Alliés.

Pour réaliser nos projets, nous décidons qu'au cours de l'année 1947, une grande vente de charité soit organisée. Des séances artistiques seront données avec le concours gratuit de la Compagnie « Jeux de Scène ». Nos membres écrivains vendront leurs œuvres dédiées au cours de ces manifestations.

Au cas où et nous l'espérons, le produit de ces manifestations serait fructueux, nous en étenrons le bénéfice aux organisations admissibles comme Membres des Chevaliers de la Croix de Lorraine ou représentées par leurs présidents dans notre Comité d'Honneur.
