30 Nov. 1945

Dear Mrs. Roosevelt:

It has recently been my pleasure to make shipment to you of a portrait of our late great president.

This portrait was painted and framed in a hand worked scroll by a native of Naples, Italy in appreciation for the great good done Italy by President Roosevelt. At the request of the maker I have arranged for crating and shipment. I consider it to be an excellent example of the painstaking work to be found on rare occasions in Italy. A letter from the maker is enclosed in the packing case.

I believe you will find this gift of considerable curio and sentimental value.

Respectfully

*Edward H. Goldsmith.*
