My Dear Mrs Roosevelt: - This just a note to tell you how much we really loved your marvelous husband. 4 times my husband and I voted for him, and when he finished his work here on earth - if my husband had of lost one of his dearest friends he could not have felt worse. he was so silent and down cast. I took a magazine picture of your beloved president. I pinned it up on our living room wall and draped it in black and an silk american flag at the top - there it hung for 30 days. We prayed no one would come in who would say one word against him. Mrs Roosevelt I really believe we would have asked any one that had - to leave and friend ship would have went with them as the left. we still love him and the next generations will appreciate even more than this one I am sure a small print from the Eagle magazine is on my book case of him. it is a print of him when he first took office when he did not look so care worn from the war torn years. Manifold

could not refrain from  
telling you how we love him  
God Bless him

To live in the hearts of those  
who loves him is not to die so  
I am sure he is doing very worthy  
work in the spiritual world

God Bless both you and him

My dear Mrs Roosevelt :- Will you please answer if humanly possible. I among many others I have talked too are much disturbed because our newspaper that always carried your column - "My Day" no longer publishes the column. We women at the office have wondered to such an extent that I sat down one evening and wrote to both Grove Patterson - Editor of The Toledo Blade and asked him to publish in the columns of the paper. Why he had discontinued - this is a month ago "No reply" (yet when Westbrook Pegler went on a vacation - that was reported in the paper - that he would be on vacation same with other columnists) I also wrote to Walter Winchell and asked him to find out why and asked him to announce it over the Radio on Sunday nites when many of us

the listening. Well several of us  
listened on Apr 6<sup>th</sup> 13<sup>th</sup> and both  
of them has not said a word. so you  
I am sure will have the courtesy  
to have your secretary answer so  
we will be satisfied.

If prejudice is keeping you  
off let us know. because we are  
just average laboring people, and  
you write so we can enjoy  
and learn from reading your  
column and if it is possible we  
would like to have it back - I  
personally would be willing to  
start a petition to present to  
Grove Patterson to put you back.

Please answer if possible.  
I am writing in the name of friends  
and several women employees

office at Hamilton St Toledo Ohio
