Glad to know about your brother's publications in Europe.

The most recent book sounds like it's about

Dear Mrs. Roosevelt,

I have been asked to write a brief biography of Franklin D. Roosevelt for the
Institute of Communists but of which I am one of the sponsors knowing that you
purchased three of his paintings. Since the time they became so well known, I thought
of you could write me a brief note for quotation telling me your reaction to them.

It is now two years since I last had
the pleasure of talking with you in connection with my biography of President Roosevelt. At
my request you know that in addition to the American edition and serial rights, the
book is being published in England by
Skiffington, in France by Hetelte and
in Germany. Chapter II, which the contents
of the Inland Empire Journal

Sincerely yours,

Golda Hatch.
Dear Mrs. Thompson:

Thank you very much for having admitted me hand. The book is already
and was proofread. It would
have been an awful business
to change it. Please tell
Mrs. Roosevelt that her son
James has read the whole
book and seems to like it
very much. I greatly appreciated
her reading the past she did,
but when she became our
representative at the U.W. I
realized that the world had
problems to write on and
we'll accepted thanks

Sincerely yours,

Alden Hatch
