Dear Mrs Russell

I am enclosing a copy of
the bulletin which I put
out for our chapter of
Hadassah.

Believe me Mrs Russell, had
your husband lived I know
that the world would not be
in such a horrible political

tangle now.

Your loss was mankind's
loss.

MOTHER'S DAY

*A tree that looks at God all day
And lifts her leafy arms to pray*

Trees — Joyce Kilmer

This year we have chosen May 14th on which to celebrate the loveliest of all days—Mother's Day. On this day all mothers and mothers-in-law of our group are to be our guests for the afternoon. A beautiful program is being planned after which refreshments will be served.

We, in Hadassah, usually celebrate this day by presenting our mothers with tree certificates. These certificates are duplicates of the plaques which are placed on young trees in Palestine.

Why not give your mother and mother-in-law some of these certificates and let her share the joy of knowing that she too is participating in the rebuilding of the Holy Land. Celia Greenberg, your Jewish National Fund chairman, will gladly take your order. Call her at BE. 6-8154.

SEE YOU AT THE ASTOR

Kilroy was here and Richard open that door, are now passe. These days all the smart people in Bensonhurst are saying "see you at the Astor".

Just in case you haven't heard, the Astor Roof has been hired for May 5th for an all-out luncheon for our members and their friends at the nominal price of \$5. per person. The profit made at this luncheon is to be used in the erection of a medical college in Palestine.

Those of us who have been to Hadassah's luncheons before know what to look forward to and those who haven't, have a most delightful treat in store for them.

The Astor Roof holds about 1200—so don't hesitate to ask as many of your friends as you can. Call your luncheon chairman Mrs. M. Bliss BE. 2-6109 for your reservation. See You at the Astor.

CREED

TO HELP towards the re-creation of Palestine, as a homeland, for our people so that never again may they suffer indignity and brutality.

TO HELP towards the re-establishment of this land so that some day it will be an independent and self-sustaining nation. A nation among nations.

TO HELP financially and however else possible to see that every Jewish person, no matter where he be, can return to the land of his forefathers, if that is his desire.

RESOLVED THAT THIS BE OUR CREED!

CONDOLENCES

To—Sylvia Jalkow on the passing of her mother-in-law.

OUR ANNUAL KIDDY SHOWER

Once a year we have a kiddy party for our wee friends in Palestine. We bring new dresses, rompers, sweaters, bed clothes and whatever else little children need. These are sent to Palestine and given to the children in the hospital, nurseries, etc. Since these showers always turn out to be so delightful won't you come on April 23rd and spend a pleasant few hours with your fellow members? Mrs. Hattie Jarschauer, your Palestine Supplies chairman has planned a delightful afternoon for you.

UNSUNG HEROES

Anna Eisner and her lovely daughter Elaine are the ladies who see to it that we get all our letters and notices. Ordinarily this should end here but knowing Anna and liking her as we all do for her ever-willingness and desire to cooperate we again say "thank you Anna".

Anna Bandes, that grand and austere lady for whom we all have such fondness was one of the founders of this group. Anna's ever present calmness and good judgment has helped to make this group what it is.

How fortunate we are to have these women in our midst!

LEST WE FORGET

On April 12, 1944, Franklin Delano Roosevelt passed from our midst.

No matter how we try to eulogize him we cannot, because mere words become insignificant compared to his statuesque deeds; hence we pay tribute to his loving memory by enumerating a few of his enactments while in office: social security; old age insurance; soil conservation; reforestation, stabilization of banks, rural electrification through TVA and other projects, playgrounds, schools, hospitals thru WPA, etc.

It was our friend and leader Franklin Delano Roosevelt who said "the greatest thing to fear is fear itself". Let us, the living, take up where he left off to make this world a better place for all mankind. Thus do we pay homage to his memory.

Introducing Bernice Meyers and Rose Bernstein, the ladies who own the RoseBern Dress Shop at 2321-83rd Street. Since this is about the time of the year when you think of getting your spring and summer outfits why not stop into the RoseBern Shop and let Bernice or Rose (two very charming ladies) help you with your selection. Once you go there, we're sure it will become a habit.

LET US GO FORWARD WITH HADASSAH
