Dear Mr. Cosgrove:

This will introduce Mr. Dennis O'Shea who is trying to obtain work as a guard with the United Nations.

He was formerly an agent with the United States Secret Service and a detective with the New York State Police.

Any consideration you may be able to give his application will be appreciated.

Very sincerely yours,

*This letter sent to
Mr. O'Shea*

Dear Madam:

I received your letter of introduction to Mr Cosgrove, of the guard force at the United Nations, at present they are not taking on any one. In regards to the International Police Force, I have since learned that this is strictly a military unit, and will have no civilians in this outfit.

Due to my 6 years experience with the U.S. Secret Service as an Agent, I would like something similiar. About Nov. 1946 I filed an application with the State Dept. as a special agent, at that time I filed my application with Mr Thomas B. Fitch, Agent in Charge, Washington, D.C. to date I have received no reply. I wonder if it would possible for you to contact someone in the State Dept. and ascertain what my possibilities are of obtaining a position with this

apt. in any capacity.

If you could do this for me I would be forever grateful. Hoping you will not think me bold, or rash, in writing to you, in order to seek your assistance.

Very sincerely yours,

Dennis J. O'Shea

Dear Madam:

I am taking the liberty of writing to you at this time, to seek your influence in seeking employment. I am Dennis J. O'Shea, formerly of the U.S. Secret Service, where I was employed as an Agent, and have met you on a number of occasions. One which you may remember was the time I took your son John's children to Nahant, Mass. from Hyde Park. I was also with James's children, and on many occasions, was with the President.

My experience is as follows: 1941 to 1946 Agent with the U.S. Secret Service. 1937 to 1941 Detective with the New York State Police.

In view of my experience I would like to obtain an investigator job somewhere. Recently I have read about the U.N.O. preparing to start a new International Police Force, I would be very much interested in this new Dept., or for that matter, any job you may ^{have} about, as I am pretty desperate for something.

I am married and have two young children, 35 years of age, 6 foot tall and weigh about 190 lbs therefor I am quite capable for any type of position.

Anything you can do for me, I would greatly appreciate. Hoping you won't think me too rash, for writing to you.

Sincerely yours

Dennis J. O'Shea
