ST. JOSEPH COUNTY DEMOCRAT  
WOMEN'S CLUB  
SOUTH BEND. INDIANA

February 26, 1947

Dear Mrs. Roosevelt:

Our club has followed and studied the United Nations Organization since its beginnings at Dumbarton Oaks. Although we are a political club we have always tried to focus our studies on issues that belong to no party, or perhaps to all parties. We know that throughout your public life you have followed the same objective.

It seemed to us only fitting that you were asked to head the United Nations Human Rights Commission. We know that it is perhaps the most difficult assignment in the organization, and certainly one of the most important - what can be more important than the rights of a human being? Your job has a meaning to all of us no matter where we may live.

We should like for you to know that there is a small group of women who follow your work with deep pride and appreciation.

Sincerely yours,

*Lula Milnes*
