DEPARTMENT OF STATE  
WASHINGTON

February 3, 1947.

Dear Mrs. Roosevelt:

With reference to your letter of January 27, I delivered personally to General Marshall's secretary the letter which you sent to me. As she knows me personally, I am confident that the letter will be put directly in General Marshall's hands.

We are happy that you enjoyed the evening with us, and I can assure you that the pleasure on our side was much more than mutual. We are naturally delighted at the prospect of having you come again in the Spring. We shall look forward to having you and Tommy visit us, perhaps when the dogwood and azaleas are in bloom.

Sincerely yours,

*Durward V. Sandifer*
