Dear Mr. Ambassador:

I am deeply appreciative of the honor paid to my husband's memory in renaming the "Hedvika" mine "The Mine of President F. D. Roosevelt". He was always so deeply interested in Czechoslovakia and the people, this tribute would have been a source of gratification to him.

It is with real regret that I can not accept your kind invitation to the present at the christening of the mine. My work here makes it impossible for me to go to Czechoslovakia in the near future.

Will you be kind enough to express my appreciation to all those who participate in this ceremony?

Very cordially yours,

Mrs. Eleanor Roosevelt,

My dear Mrs. Roosevelt,

it gives me great pleasure to inform you that the Northern Czech Brown Coal Mines, a national concern and the Management of the coal mine "Hedvika" at Ervěnice intend to rename the mine "Hedvika" "The Mine of President F.D. Roosevelt", in honor of your great husband. As you are planning to visit Czechoslovakia this year, according to newspaper reports, the Management of the mines would be greatly honored if you could be present at the christening of the mine. The Minister of Foreign Affairs, Mr. Jan Masaryk would be present at the ceremonies and would deliver an address.

I beg to extend to you the invitation of the Management of the Mines to be present at the christening of "The Mine of President F.D. Roosevelt" and would appreciate if you would kindly inform me whether it will be possible for you to visit Czechoslovakia and if so what date would be most convenient for you.

Awaiting your kind reply, I am,

Very respectfully yours,

J. Slávik

My dear Mrs. Roosevelt:

Thinking over the happenings in this year for which I have to be thankful, the one that is most prominent is your great kindness in saying a word for Dr. Sloan, about whom I wrote you from Florida. He was transferred to the Marine Hospital in Chicago, which made him very happy. I know that through your help the last days of a fine man were made much more comfortable and easier to bear. He was grateful, and I am more than grateful.

I can only hope that you will be richly rewarded for all the many kind deeds you have done, and all the help you have given to others. May your Holiday Season be a happy one.

My kindest regards to you.

Most sincerely,

Wendell Willkie

BERGEN nh., May 9th. 1947.

My Lady,

By mail I am sending you a picture in the form of a big "show-card". We are intending by sending this to express our thanks for the great part your husband, the great President, has taken in our liberation. As I don't know your address, I send this picture to the Ministry of Foreign Affairs in Washington.

Last year we had a relief-action for the Fundation 1940-1945. People could buy stamps and the proceeds were for that relief-action. To stimulate that action we have asked four painters of the "Bergen-School" to paint for us four pictures in the form of a big show-card of 1 by 0,75 M. On the backside of that cards are glued 500 stamps and the signatures of them who have bought these stamps.

We have also sent such a show-card to General Eisenhower, to Mr. Churchill and to Generalissimo Stalin.

I hope that you will do us the honour to accept our little present.

I remain, My Lady, with my thanks and respects,

Yours faithfully,

N. Sluyter
