LAURENCE RUTMAN  
GENERAL MANAGER

December 30, 1947

My dear Mrs. Roosevelt:

Today marks the 12th Anniversary of our syndication of "MY DAY" and, of course, I wouldn't let the day pass without expressing to you the pleasure we have had in distributing your column. It is my hope that in 1948 we will be able to add many new subscribers in order to enable their readers to enjoy your most interesting and enlightening articles. These are very difficult times. A large number of readers are groping for sound interpretations of the events of the day and your writing clarifies the confusing issues. Then, too, I know that millions of people enjoy being able to share some of your experiences with you.

It is my hope that your every wish for 1948 will be fulfilled and that you may enjoy the very best of health.

Cordially,  
*Laurence Rutman*
