HEADQUARTERS, U. S. MARINE CORPS
WASHINGTON 25, D.C.

18 November 1947

My dear Mrs. Roosevelt: *fr*

Please accept my sincere thanks for your splendid article on the Marines, published November 13th.

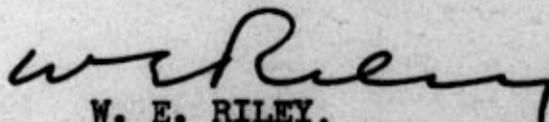

I feel that this gesture was typical of the generous support you have always given the Marine Corps and all branches of the service.

I especially remember your visit to the South and Southwest Pacific in 1943, and can assure you that your presence was a highlight for all of us who met you in Noumea. You performed a great service for both officers and enlisted men.

Your courtesy in writing or calling so many families upon your return to the United States meant much, and still means much, both to the families and to the men themselves.

Again with thanks and all good wishes,

Sincerely yours,

W. E. RILEY,
Brigadier General, U. S. Marine Corps.
