My dear Mrs. Roosevelt:

Enclosed are six copies of the edition of the "VETERANS TIMES" which was delivered to our patients on your husband's birthday. We deemed it most fitting to reserve the front page of our hospital paper in remembrance of him on this day. The staff felt that you might be interested in this particular issue of our paper and the activities being conducted by and for the hospitalized veterans of this area.

Very truly yours,

THE ROLE OF A CHRISTIAN
Anton Lang, noted player of the role of Christ in the Passion Play, enjoyed the unique distinction of being chosen three times for this all-important and difficult role. Yet, Anton Lang is not the only one who has been called to play the part of Christ. On the contrary, every Christian is expected to play that role. Every follower of Christ is to personify His Lord before the world, to manifest His Spirit in every human relationship, to radiate His smile upon every discouraged fellowman, to perform deeds of service wherever there is suffering and need; and to echo His words of love wherever there is malice and ill will.

The world is the stage and all men and women are players. There is a Passion Play in every village and city. Wherever there is human sin, there is a reenactment of the divine drama of the Atonement. And wherever there are souls in darkness, God expects His servants to bear the torch of the Spirit, for they are His representatives before the world.

God does not expect perfection in our action. He knows that we are finite and carnal-minded. Yet He expects us to be sincere and to do our best as we perform and live the role of a Christian.

The EDITORS CORNER BY Art Tester

THEY SAY! BY Eddie Collins

Regardless of the fact that my ever-caustic competitor of the column, Bill Anderson, delights in referring to this poor aching head as, bare- it might be fitting to remind him that grass just won't grow on a busy street. Then, too, if Bill has as many problems-editorially speaking, as this humble writer, perhaps some of his golden locks would depart, too. His chances of losing hair on his job-with all the conveniences of a Fifth Avenue Office - seems to be quite scarce.... Still in all, we can see where he could spend plenty time giving that alleged basketball team a complete work out.....

With the current rehearsals of the Ellery Queen Radio Show in progress, and the dead-line of the TIMES to be met, we could use an extra hand or two. Let's all you reporters who want your items to appear in print remember that Tuesday noon is the dead-line. Please get your copy into us by then-it will make the issue of the paper so much smoother.....

Since the State Legislature in the sovereign state of Georgia has cancelled, or stopped payment on the Governor's position until the mess is straightened out, less and less aspirants are becoming noticeable.... We might as well take our hat out of the ring, too.

We see where some far-sighted economist says that if sugar is taken off the ration list the price will soar to forty cents per pound. Seems like a lot of "hay" to put on the line for a little sugar. We can drink black coffee again, if we must.

Time again to offer our sincere thanks to the really swell gals who help us get the TIMES to press on time. Also to the loyal distributors of the TIMES.

The Ice Palace at St. Paul's Winter Carnival will contain forty-four thousand blocks of ice, weighing seven thousand seven hundred tons!

Fastest among living things is the deer fly--said to fly over eight hundred miles per hour.

Despite reports of legendary sluggers of yore--It was actually Babe Ruth who started 'em all aiming for the fences, thus establishing a new trend in baseball.

Contrary to popular belief, Washington hasn't always been our capital. New York City and Philadelphia also had the honor, though for a short time only.

Don't know who could afford it, but crushed pears were once used for medicinal purposes.

Nobody knows the sculptor of the most famous statue in the world-- The statue of Venus de Milo in the Lourdes Museum.

Zyzzle is the last word in the English language. It means the same as Zizzle which means practically the same as sizzle.... quite a revelation, eh what????

Jim Thorpe, winner of the pentathlon as well as the decathlon, was the outstanding athlete at Stockholm. The King of Sweden publicly acclaimed him as the world's greatest athlete. Though his fame spread throughout the entire world, the Indian athlete was forced in to oblivion because of rules and regulations governing the very field of endeavor where he gained his fame.

Patient's Patter

After weeks of trials and tribulations, we are firmly convinced that Rome wasn't built in a day.

Orchids to the Grey Ladies, Red Cross, and Special Services for their splendid efforts in making the Annex a more comfortable and pleasant place.

Many thanks to the various organizations and persons who have contributed to the many evenings of entertainment that we have enjoyed so much.

As we are still in the process of expansion, our repetorial notes will not have the finesse of our more accomplished colleagues.

We'd like to nominate as "Dean" of the Annex, "Bob Havenga". Bob has the distinguished position in the Annex of being one of the oldest residents of the hospital, something like nine years.

Johnny Varoga, "God's gift to the working gal" doesn't seem to be doing so good lately--wonder if his gosem buddy is beating his time--better watch that guy Hodgkins, he sure is mooth.

Then ther's the Windjammer Kid, Jerry Behmer, who lulls us to sleep with his accordian, sweet and mellos?????

I notice that Luther Thomas is sporting a new mustache, grows fast too. Tip the boys off--what do you use Lute?

Wonder if Roy Conley has ever found that pill yet, unlucky no?

Moss still misses Rosen, I don't know why, they were always griping at each other. Quist here since they parted.

Seems like evenings have been a succession of some pretty nice nurses. Perhaps we may get time to get acquainted with the next one. I understand that Miss Sura is coming back, "Welcome Home."

Thanks to Mrs. Sturges, and Misses Rau and Dunbar for their splendid nursing, sorry to see you leave.

Gosh every time we look around we see new faces. We want to welcome you all and hope that you enjoy your stay with us. There are so many types of recreation and entertainment for you to enjoy---See your Special Service representative for any thing that you'd like to inquire about in that line.

Well looks like I've about gone far enough.....

LINES FROM 7-B....Al Hemphill

With spring in the air a few of the fellows are taking full advantage of the nice weather and have gone on pass. In the coming two months we are not apt to be so lucky. Of course, down Iowa way, we have four complete seasons, so we know what's coming. Up here, if you don't like the weather--wait a minute!

George Knudson would like to know who pulls all those things in front of his door. He and Adolph Christianson find themselves barred in their room with wheelchairs, etc, etc....

Saying: quote, "High?-No, Harris, low?"-unquote! Every evening or so, "Laugh" Harris can be seen looking around for the boys. Bill Hager bribed Harris to the tune of 50¢ to leave the room one

evening, so I hear. Say, you know, that gives me an idea!!!

Since going to the mess hall I sure hear plenty about these one-horse towns in Minnesota. Tom Beek, Loyie Sever, Bill Skelley and a few others sure go at it. Mr. Olson, although not so deep into the discussion, probably thinks a great deal of his city (?); but not being from the Range, he has little to say.

Did you all notice how red Everett's face got when some gal sang "Queenie" the other night? 'Smatter, Kid???

Mr. Baumen's cookie duster is really taking shape-at last. We were dubious for a while. Along with Bill Skelley's dimples, 7-B certainly has some attractions.

Who spends the most time in the telephone booth? That is a good question, but easily figured out. Between Messrs. Le Claire, Sahean, and Home you can find the answer. Just take your pick.

Jim Sueda is still trying to calm down the men around 202, but doesn't seem to do much good. We'd say, Jim, that is a useless task - to say the least.

SHOP- RETRAINING INAUGURATED

PRE-VOCATIONAL SHOP RETRAINING

Dr. Louis C. Jansen, Chief of Physical Medicine and Rehabilitation, announces the inauguration of Pre-vocational Shop retraining at this hospital under the direction of Mr. Ralph E. Andresen. Pre-vocational Shop Retraining will include such vocational subjects as woodworking, drawing, electricity, radio, metal work and photography. It is hoped that watch repair, lock smithery and printing will be added in the near future.

A large, well-lighted room in the Fort Snelling hospital has been allocated for Shop Retraining. A general unit shop consisting of the above mentioned course will be offered when the necessary equipment arrives.

Equipment necessary for a complete photographic dark room, including chemicals and paper, has been generously donated by the Milwaukee Railroad Women's Club of Minneapolis. This equipment is being installed in Building 7 and will be available for use on February 3, 1947. The dark room will be scheduled for one or two successive hours at the discretion of the attending physician. No more than three patients will be scheduled for any one period.

Those now taking the USAFI course in photography and others interested in photography will contact their ward physician for the necessary prescription. Without a prescription patients cannot be admitted to the dark room.

If there are any questions regarding the above, the Chief, Pre-vocational Shop Retraining can be contacted by telephone, extension #24.

At the present time, only photograph can be offered. Watch the "Times" for an announcement of other laboratory courses, both at this hospital and at the annex.

Facts and Figures

SOME FACTS AND FIGURES ABOUT THE MINNEAPOLIS VETERANS ADMINISTRATION HOSPITAL.

While consuming a cup of coffee lately have you learned:

THAT the canteen in Building Two serves approximately 500 to 700 cups of coffee every day during meal times and coffee time. It's a good thing that there is a lot of coffee in Brazil to supply all the coffee drinkers.

THAT informed persons announce that nothing exciting like a marriage has happened to anyone in the Personnel Department in many months. Maybe personnel work makes one immune to the love bug.

THAT in walking from Building One to Four you walk up the height of nine stair steps on this gradual incline.

THAT out-going mail leaves the Hospital Post Office at 9 and 11 o'clock in the morning and at 2, 4, and 4:30 in the afternoon. Air mail letters mailed shortly before 9 and 11 a.m. and 2 p.m. are taken directly to the Wold-Chamberlain airport Post Office for immediate dispatch.

THAT the Hospital Blood Bank permits donors to give a pint of blood every eight (8) weeks.

THAT veterans are beginning to check up on their earnings during 1946 in order to figure their income tax return properly before the dead-line - March 15, 1947. Remember this is one worry most of us did not have while in our country's service.

THAT we have learned enough over this cup of coffee.

ENTERTAINMENT for Building 6-7

FUN FOLLIES

On Monday afternoon, about 4:00 p.m. U.S.O. Camp and Hospital unit will present their show "Fun Follies". This is a talented unit of screen, radio and vaudeville people.

This show is scheduled for the 7-B day room, thus necessitating a change in movie schedule. "Criminal Court" will be shown on 7-A at 3:30 p.m. Monday afternoon and on 7-B at 6:15 Monday night.

BINGO

Wednesday night is Bingo night, boys, so be in your day rooms at 7 p.m. sharp. The American Legion Auxiliary is sponsoring the parties in the day rooms of 6-B, 7-B and 7-A. There will be prizes galore so be on hand to take 'em away.

We understand the "Colonel" of the porch has been grounded temporarily but that doesn't mean that 7-A will be mung. Oh no! Larry's cohorts in crime, Sever and Merchant, will carry on. The deadline's Wednesday noon, boys!

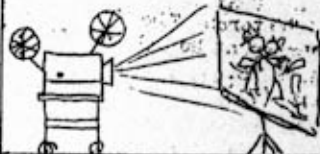

MORE MUSIC

Remember that little (?) man with the bass viol and his friends who made with the music on your wards several weeks ago? Well, Tiny is coming back for a repeat performance. Besides the bass viol, there will be a trumpet, an accordion and a guitar. The day----- Friday, January 31st, and the time any where from 7 o'clock to 9 o'clock. You 6-B'ers will enjoy this outfit, especially. Stick around--you won't be sorry!

DAILY RADIO PROGRAM

Each and every day, from Monday, thru Friday, from 1:30 to 2:30 p.m. the radio program, Matinee Medley, is beamed your way direct from the radio room in Bldg. Four. This one hour program is made up of latest records and transcriptions. We want your suggestions, comments, and requests to help make this your very own show.

One of the features of the Matinee Medley is the "Mystery Tune" of the afternoon. We play a record, and the patient who calls us first--at 311--after 3:30 wins a prize--Join the fun, Gang.

NEW BASKETBALL LEAGUE TO START.

The Branch #8 Employees Basketball League which was due to get under way Monday, January 27, will start Monday, February 3. This will be a twelve team league, divided into a Monday night and Friday night section.

The Hospital Personnel team will play in the Monday night league.

BASKETBALL RESULTS.

The Personnel basketball team chalked up another victory last Tuesday, January 21 at the main hospital gymnasium. Their victims were the Branch Insurance Section, who wound up on the short end of a 64 to 14 score. Branch offered little in the way of opposition for Atkinson's fast and furious quint. Big Bill Anderson led the attack for the victors, getting 17 points into his own scoring column; and Bernie Atkinson was a close second in the scoring spree with 14 points to his credit. Kroher was the high point man for the Insurance boys.

This Personnel team is really improving as the weeks roll by, and very soon will be in condition to meet any branch of opposition tossed its way.

HERNES INSURANCE TO MEET PERSONNEL.

On Tuesday night, February 4, the Hernes Insurance Co. basketball team will invade the hospital auditorium to meet the onslaught of the Personnel team. This club, a member of the American Division of the St. Paul Municipal League will be ready to go at 7:30 P.M.

Hernes Insurance is the only undefeat-

ed team in the League and should certainly offer an exciting match for the Personnel boys. This is the game we have all been waiting for, so let's have a big turnout and help cheer our men on to another well-earned victory. Remember the date and time: Tuesday, Feb. 4 at 7:30 P.M.

BASKETBALL CONTEST WINNERS

In last week's basketball contest, which is a current feature of the VETERANS TIMES, Horace B. Chilson of Ward B at the Ft. Snelling Annex was the winner among the patients. In the Personnel Section, Mr. Joe Sandin came up with the most correct answers. Each will receive a carton of his favorite cigarettes.

The SPORTING THING

SPORTS SLANTS BY BILL ANDERSON.

Notes from the Ft. Snelling Country Club.

Well, this place is really operating now. The patient's basketball team, "NOW KIDS", played their second game last Wednesday against the Regional Supply. The patients lost but they showed lots of improvement over the first game. If the boys sharpen up their eyes a bit, I think they'll actually win a game.

Say, they had quite a tournament over in Cantonment #1 last Friday. The wheelchair patients participated in a little hand wrestling. The undefeated champ was Mr. Bill Cooke who won over five contestants without a hitch. That strong left arm of his had developed pretty well pushing himself around in his wheelchair. Another novel tournament was held the same day, in Cantonment #1. It was called "Marble pick up." In this tournament Mr. Tonite topped all comers in this difficult feat. What made the tournament interesting was the fact that the men had to pick up marbles with their toes and drop them into a can. Now, Mr. Tonite is crowned "Champion marble picker-upper with toes dropping them into a can."

The patient's basketball team had quite a cheering section last Wednesday. It consisted of one man—Mr. Hodgkins. Ernie is the team's biggest rooter. He also kept score and time and still the patients lost. We'll have to look into that! We certainly should have won, with our own scorekeeper, our own timekeeper and myself refereeing!

STATEMENTS:

What happened to the Miller hockey team? They can't even buy a game. How about those Golden Gophers? Let's hope they stay "hot" for the remainder of the season... That Big Nine race is really anybody's championship. Everyone is getting knocked off.... Bernie's personnel basketball team is the hottest thing on wheels..

No one should beat them in the hospital gym... If this warm weather continues, the speed-skaters will have to wear bathing suits... but, whoever heard of it being warm in Minnesota during the month of February???

PARTING SHOTS:

Last week the Editor, in his column, (fifth-column) really gave us the business, but, I've a strong back and can take it! Personally, I think it is those little "green-men" peeping around the Editor's back----it it's possible to look around that obese back. It's easier to look over the "bare" top—we would think.

PATIENT'S BASKETBALL

Last Wednesday evening, the patients played their second basketball game. Even in defeat, the patients showed a decided improvement over their initial appearance against the Hospital personnel team.

The score was 29 to 16 in favor of Regional Supply. The patients looked good the first half as they held Supply to a 9-9 deadlock. In the second half, Supply got hot and was dropping the baskets in from all over while the patients just couldn't make the ball fit that hoop. Gilly was high point man for the patients with 5 points and "Swish". Varoga second with 4 points.

The next game will be on Wednesday, Jan. 29, against the Branch Insurance Sec.

SATURDAY BASKETBALL GAMES

The Auditorium of Bldg. Four will be the scene of two exciting basketball games next Sat. Feb. 8th. First game will be at 3:00 p.m. between the So. Side Memorial and the "Wonders". The second game of the day, scheduled for 4:00 p.m., will find the fast World-Chamberlain club meeting the "Little-Teds"... Lets have a good crowd out.
