My dear Mrs. Roosevelt:

It was most kind of you to answer my letter so very promptly in regard to my coming to see you about the United Negro College Fund. In your busy life and your being out at Lake Success every day, it is most kind of you to suggest my coming to see you some evening in the next two weeks. One of my sons is to have an operation on his nose next week and, with the lack of nurses these days, I shall probably be tied down here at home most of next week. The following week - beginning June 23rd - I shall drop you a note and see what evening will be convenient for me to spend a little time with you. I certainly think it was nice of you to let me hear from you so soon and to let me drop by to see you.

With best wishes and looking forward to our meeting,

Sincerely yours,

Catherine Hughes Waddell
