UNITED STATES DELEGATION TO THE UNITED NATIONS

250 WEST 57TH STREET
NEW YORK 19, N. Y.
CIRCLE 6-4400

February 20, 1947

Dear Mrs. Roosevelt:

Under separate cover we have sent you a copy of today's Daily Unclassified Summary of the Delegation which we shall henceforth send directly to you by mail from the Delegation office in order that, in your capacity as United States Representative on the Human Rights Commission, you may be informed regarding UN meetings. We think that you will probably find these Summaries particularly informative during the forthcoming meetings of the Economic and Social Council.

May I renew again our invitation to call on the Delegation for any service which we can perform in your behalf prior to the next meeting of your Commission.

Very truly yours,

Richard S Winslow

Dear Mr. Winslow:

I have been talking with Dr. Humphreys about the possible work that might lie before us in getting this International Bill of Human Rights drafted.

After the first of April we have to send monthly statements which I, as the chairman will have to send to all of the eighteen government members and which means a two page report, I imagine.

We will have an all day meeting of the officers of the Human Rights Commission and members of the secretariat at my apartment on March 27th.

Then I think we will be receiving suggestions from governments and if that is the case I think we should have some one here who can analyze and brief those suggestions and classify them.

I am going to have two meetings after that, one the first of May for five days and one in June, either here or in Hyde Park, where certainly someone will have to be in attendance to do the work which

they may want done in the way of typing
and redrafting of certain sections and
making notes, etc. Dear Mr. Winlow:

It has seemed to me that Miss Isabel Smith
if she were to continue with somebody
else's work, might be detailed to do this
work as well.

I am also wondering whether there is any
chance that Mr. Bidle might be able to
use her. I have written him a note
about her but of course, do not know at
all whom he has in mind. I hope he is
going to keep the present staff because
they are so valuable in connection with
the general work.

Very cordially yours,

My dear Mr. Sinslow:

I will not be back in New York until March 23rd. I told the Commission that I could not be present and the Commission voted to ask the reporter, Dr. Malik of Lebanon, to present the report.

Very sincerely yours,

Dear Mrs. Roosevelt:

As you know, the Fourth Session of the Economic and Social Council commenced on February 28. The date on which the report of your Commission will be discussed has not yet been established. At the suggestion of Mr. Leroy D. Stinebower, Acting U. S. Representative on the Economic and Social Council, I am writing to say that if you care to be present, the Delegation would be pleased to have you available for consultation while the report of your Commission is being discussed. It would be our hope that we would have sufficient advance notice of the scheduling of your Commission's report on the agenda of ECOSOC so that you could be present at the Delegation's preliminary discussion, as well as during the Council's discussion at Lake Success. At present, the Council has placed the report of your Commission as Item No. 20 on the Agenda which has already been sent to you by our Documents Office (E/256).

Your consultation with our Delegation, as suggested above, would be in addition to any function which you have been officially requested to perform by your own Commission.

Any time which you devote either to consultative service with the Delegation, or to the duties requested officially by your Commission will be compensated by the Delegation in accordance with the same terms which prevailed during the recent Commission meetings.

We will inform you about the exact dates just as soon as we receive final notice of the date established on the Agenda.

Sincerely yours,
Richard S. Winslow

Winslow

Mr. Winslow of the UN called me about the following:

The Int. Food Organization rented four floors in the Longfellow Bldg. on Connecticut Avenue. The owner of the building leased to the United Cigar-Whalen Corp. the cafeteria space. The Whalen Corp. has set up two separate entrances, etc., and do not allow the colored and white to mix.

Sir John Orr wrote a protest to the president of the company but received no reply. It is particularly bad because an international organization is involved when its employees patronize this cafeteria.

The President of the company is Walter G. Baumhogger
215 - 4th Ave.

Mr. Winslow has been told to go to see him, but he thought if any one knew Mr. Baumhogger and could ease the way for him, it would be easier. I said you did not know him, but that perhaps F.Jr. might, or you might think of someone else through whom he could be approached.
