Dear Nigger Lover,

We hate you + all that
you stand for. If the truth could
be learned I am sure that you
would be chalked up as a
Communist along with your late husband,
whom the Country is beginning to see in his
true light.

With deep Loathing, I
remain your most ardent hater.

P.S. I know you will write one of
your silly articles on hate. That's right,
Keep up the Party line! W.W. Woodall.

Dear Miss Williams:

I have just found that I have a speaking engagement for the Committee in Ithaca on May 16th and though we have tried every conceivable conveyance, I cannot possibly get to Hyde Park for noon on the 17th. I am very sorry as I should so have enjoyed being with you.

I know you will have a lovely day. My best regards to the group.

Sincerely,
