My dear Mrs. Roosevelt:

I had a long and an informative talk with Mr. Joseph Lash a few days ago. As soon as he can supply me with the names of people in upper Manhattan who are interested in the work of ADA we are going to set up a group in this area. I am a firm believer in the program of the ADA and shall do everything within my power to see to it that a strong chapter is set up in upper Manhattan.

Thanks again for making my trip to Europe last summer possible. I am constantly being called upon to discuss my experiences acquired on the European Continent. Some of my favorite topics have been, "The Paris Peace Conference and Another War"; "Czechoslovakia": a country still suffering; "A Day in British Parliament" and "England Facing Re-adjustment."

I have suggested to some of the members of the American Federation of Students, that the organization become absorbed by American's for Democratic Action. This suggestion was enthusiastically received. If you think it is a good idea, kindly let me know at your convenience. I am trying to get the re-actions of other members of the Advisory Committee on this point.

I shall keep you informed concerning developments relating to the ADA Chapter in this area.

Sincerely yours,

Charles M. Campbell
