

Koons, Earle R.
1945-52

July 11, 1945

Dear Mr. Koons:

I am enclosing a letter from the Willys Overland Motors Company. The June 2nd letter to which they refer, I sent at once to Mr. Fred Botts as I thought he could let me know where the car was and whether my husband had made any disposition of it.

To date Mr. Botts has not replied and I have written to Mr. Rice explaining.

Will you send Mr. Rice the information he wishes?

Very sincerely yours,

P.S. In their first letter, they said they wanted to buy the car to put into their museum.
