Mrs Franklin D. Roosevelt,
Hyde Park,

New York.

My Dear - This has taken
some study, didn't know
whether to send this picture
or not. Did want you to
know we had to live on
the same farm in Iowa
many years to get this
collection and all the
honor goes to Franklin
D. Roosevelt. He had
just bought another farm
during that time and if
he hadn't of used all his
power the way he did to
help us farmers. He
would still be there

It certainly did help
us farmers. One person
I always did want to see.
Took his picture out of
Wes Moines, Iowa paper,
standing with his parents.
Mr Roosevelt and my
Husband are the very
image when young.
Their hair is combed
exactly alike and both
long faces. Wish you
could see them some time.
am sure you would agree.
Have had these ^{six} out
standing initials, standing
out in front of me.

To friends N. dearest
R. remembrance.
and the one doing
his best to fill that

of vacancy.
N. honest & sincere
& trustworthy.
My clovers really helps to be
seen to be appreciated.
May be if I "Hit the Jack
Pot" on Radiophone Tues.
nite. "Ha Ha" Will fix one
3 x 5 ft. frame up into a Cock-
tail or coffee table and send
you. Would certainly make
some antique table in a
large parlor, but 12 in
from floor, or panelled in wall
my home too small for it.
Hope you find my clovers
interesting. Will call all
this revolving.

"The Iowa Farm Journal"
With love.
