My dear Miss Pearce:

Thank you very much for sending me your manuscript. I am sorry that I cannot help in any way to get it before the public or have it produced on the stage or screen. The best way to have that done is through agents who know the possibilities in the field and are in a position to get it before the right people.

I am enclosing the part which you wish returned and after reading your manuscript I shall put it in the Franklin D. Roosevelt Library inasmuch as you have written it as a memorial to my husband.

Very sincerely yours,

Miss Catherine Pearce
