Mrs. Eleanor Roosevelt

Please look over my typed song for your approval.  
to send to Metro-Goldwyn-Mayer for their film that is to  
portray 'President Roosevelt' in "The Beginning of The End,"

For the "aces" song I had inquired of the  
President's secretary, before copyrighting in regard to the  
use of the President's photo. Reply - "Use your own good judgement"

The within song is my latest a Roosevelt  
song - that you may like better for your approval also.  
and your approval-influence is just what I need very  
much, to interest M.G.M. so as to consider my songs.  
and I am sure you are very much interested in the success  
of the film, for I've seen in our paper where you did not  
approve of one player.

Being an unknown songwriter my M.S. come  
back envelope marked Refused.

and it is too expensive for me to consider  
publishing - on my low income. So, I must make a  
deal with some publisher, and M.G.M. have their  
own publishing house.

Yours Respectfully  
J. H. Spencer

"ROOSEVELT AND ACES"  
TAPS FOR LIGHTS OUT

VERSE

We have won a grand victory  
But the cost was severe  
We lost many hero aces  
Do keep our honor clear

CHORUS

We are proud of each hero ace  
Army, sailor, aviator, nurse, and chief of all  
Roosevelt our people's choice and wonderful winning ace  
and war time chief over all, whose honored life portrayal  
will be freely shown in a grand film  
'The Beginning of The End' yes and we will always be fair  
Honor and revere forever by taps of lights out  
For Roosevelt, and hero aces lost over there.

But the words may need changing  
some when arranging the music.

Yours Respectfully  
J. H. Spencer

**PRESIDENT TRUMAN, THE ATOMIC MAN**

(verse)

We have won a grand victory,  
Now the old world will know democracy,  
And how to overthrow the dictators three  
That ruled their people with hypocrisy.

(Chorus)

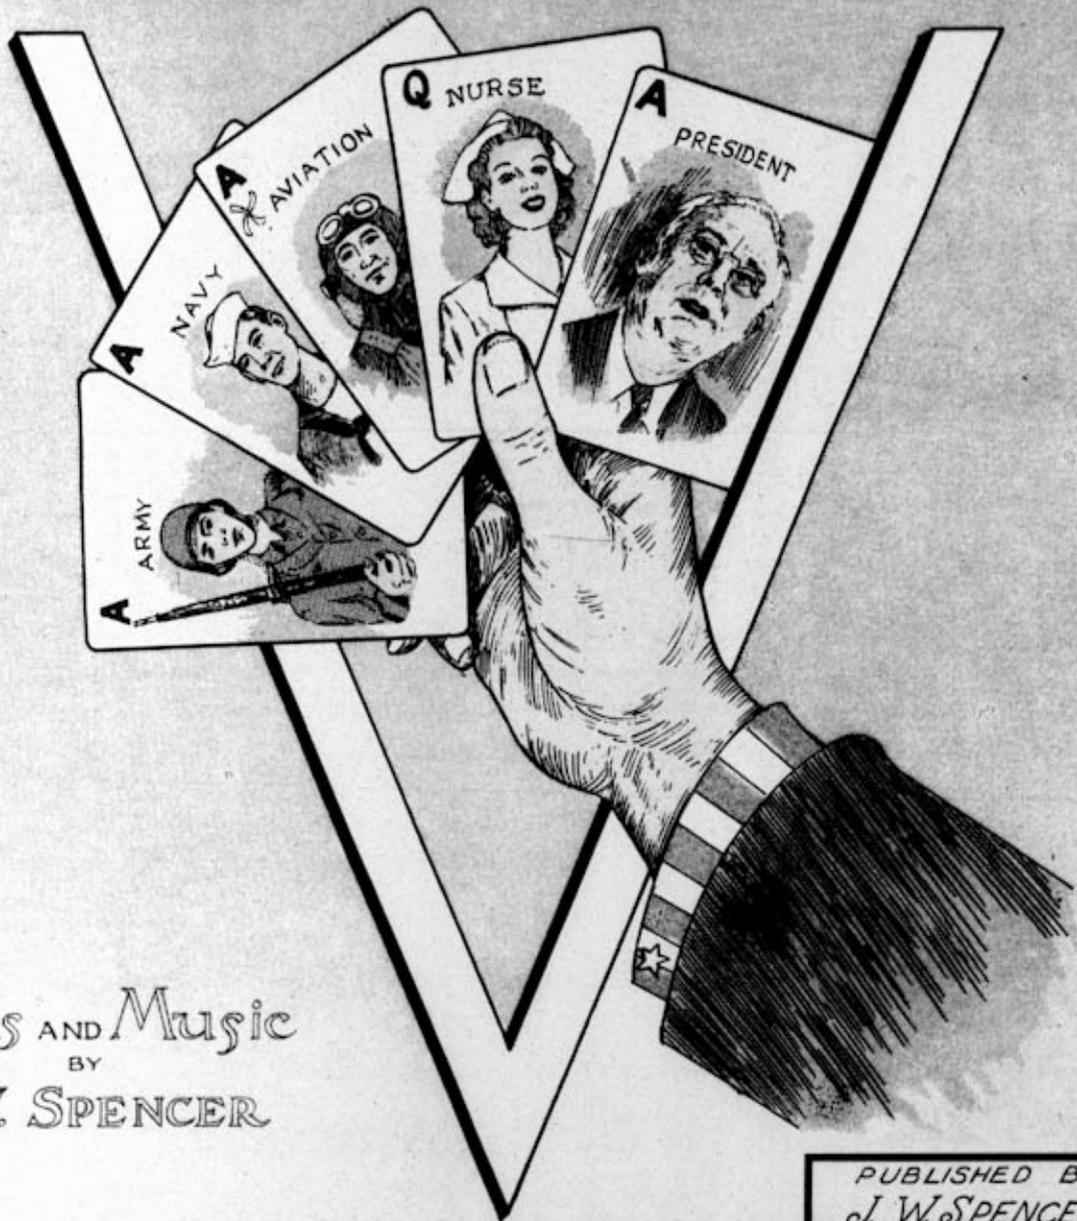

**PRESIDENT TRUMAN, THE ATOMIC MAN**  
Adopted Roosevelt's atomic plan  
To end the war and have a world that's free  
The four freedoms was his most earnest plea.  
Roosevelt's plan did Truman inspire,  
To rid the world of despots was Roosevelt's desire  
Stopped each crisis before it began  
So keep on **PRESIDENT TRUMAN, THE ATOMIC MAN.**

**VOICE**

Our boys are al-ways read-y — their own na-tion to de-fend — With  
The world knows we are guard-ing — with a win-ning force be-hind — Our

nervus of steel that are stead-y — For on them we all de-pend. —  
cour-age needs no de-bat-ing — Our pur-poss we have de-fined. —

**CHORUS**

Our Sol-dier Ace has nev-er been de-feat-ed — Our av-i-a-tor Ace no na-tion

whips. — Our Sailor Ace has nev-er yet re-treat-ed — They are the pride of our

staunch bat-tle ships. — We have a nurse ace that is well known for cour-age — And

many secret things at our com-mand. — Our White House ace the people's choice is war time chief

— And that is Uncle Sam-my's win-ning hand. Our Soldier hand.
