Dear Mrs. Fox:

Sometime ago we sent to you a parcel containing maps, etc. We have received word from both you and Mrs. Roosevelt that you wanted to have this material returned to you.

Today the package was returned, unclaimed. Do you have any further instructions?

Cordially yours,

E. A. Juckett,
Supervising Principal.

Dear Mrs. Roosevelt

I only need the photos

A big meeting of some 2,000 thinkers
will consider starting the real
study of their communities as parts
of the UN work with and I
thought those pictures might be
useful in regard to for example
the UN for we see the photos I
wanted of the Chicago, etc.

So glad the High in Hyde Park
has the charts. Tell them to keep them.

Yours truly

Richard L. Fox

Dear Mr. Juckott:

Last spring I gave you some charts and photographs done by Mrs. Fox. There were her idea of how to educate people about the United Nations.

Do you think you could find them and return them to her or to me?

I did not know that you wanted the charts and photographs returned to you and I gave them to the high school in Hyde Park. I will write to the principal and ask if he can return them to you.

Give her address

Mrs. Fox of Henry Street Settlement wants her photos and charts back. She left them with you last spring. I think we either gave them to the library or to the Hyde Park school. They aren't around here.

See Mr. Fox - but school - not here. She wanted them by then.

Doris Byrne wants the statement for Mead as soon as possible.

Earl called and asked if we could find an apartment in Wash. for Rippert. I told him he could use my name with Mrs. Freed and with Cafritz - not that I thought it would do a bit of good.

Earl may go up to Hyde Park Saturday morning in his "new" Ford.

for Rippert?

Henry may come up for this week end if it is all right with you.

ok

Tom says car will not be ready until tomorrow afternoon and perhaps not then.

*ok later May 1st
he won't have next Sunday
only Sat. p.m.*
