My dear Mrs. Roosevelt:

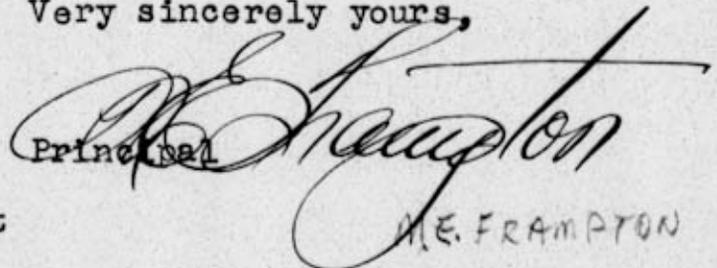

I want to take this opportunity to express to you my deep appreciation for your most generous consideration of our blind children on their visit on last Monday to the President's home and to his grave.

For some unknown reason, our administrative staff had not secured the information that the Memorial was closed on Monday and if it had not been for your most generous cooperation, the children would have been greatly disappointed.

On behalf of the blind children and the members of our staff, we extend to you our deep appreciation for this expression of your interest in our school and the education and care of blind children.

With personal best wishes, I am

Very sincerely yours,

Principal
M. E. FRAMPTON
