UNITED STATES CIVIL SERVICE COMMISSION
WASHINGTON, D.C.

November 25, 1946

Dear Eleanor:

I got your letter about the case of Ben Lezin. It doesn't look just right to me, and there is in this Commission a report that would indicate that the Navy has followed an entirely improper procedure. I am having the matter looked up, and some action will be taken by the Commission, either in the review of the case, or a direction to the Navy to reinstate him. I will let you know how it comes out.

With love,
