Deeply regret it will be impossible for me to be with you at your dedication ceremonies to express my deep appreciation for this tribute to my husband.

My dear Mrs. Roosevelt:

I am again writing to ask whether you will find it possible to attend the dedication ceremonies of the Franklin Delano Roosevelt - CIO Labor Center on Labor Day.

In your previous letter, you stated that you did not know definitely what your schedule for September would be, and if at all possible, you would be with us on Labor Day.

We are anxious to know definitely whether we will have the honor of your presence and would appreciate hearing from you in this regard as soon as possible. If you are able to attend, we want to give your appearance a lot of publicity.

Looking forward to your favorable reply, I remain

Sincerely yours,

August Scholle
President
