Dear Mrs. Roosevelt,

I wrote, on the radio, an half hour drama and it brought memories that I will always cherish. Our great President Roosevelt led us through one of the darkest periods our country has ever known. If the same as millions of others in this land and all the other lands in the world...
will never forget the work he done.

Somehow I feel where ever he is, that he will help guide me now and show me the road to take.

No, Mrs. Roosevelt, I have not forgotten nor will my son my son's son forget because Roosevelt's name will go down in History along with Washington and Lincoln.

Sincerely,

Mrs. Cora Jane Stauffer
