Dear Mrs. Roosevelt,

General McHarney has been advised that you have accepted his invitation to visit Germany after the Conference.

General Ridgway's Aide will communicate with you relative to details of transportation. I have made it plain to them that it will be necessary to arrange an ATC flight for you from the Continent to New York.

Dear Mrs. Roosevelt,

The evening at your apartment last night was not only enjoyable for us personally but was most productive from the standpoint of the United Nations.

I am writing Irving Caesar today and will follow up the matter of the publication of the songs some time during the Assembly.

With many thanks for your kindness and with best wishes always,

Sincerely yours,

E. R. Stettinius, Jr.

Dear Mrs. Roosevelt,

I am sorry that I was not in the office yesterday when Colonel von Pawel presented your letter of introduction. My assistant, Mr. Hazes, however, has told me of Colonel von Pawel's interest in being associated with the United Nations and you may be sure that he will receive every courtesy and consideration.

I wonder if you would be good enough to transmit the attached note to Colonel von Pawel.

With best wishes,

Sincerely yours,

Edward R. Stettinius, Jr.

My dear Mrs. Roosevelt,

Your letter of 12 March has just reached me, having been returned from Germany. I am sorry that it did not reach me prior to my departure from Frankfurt, for I know that I would have been able to secure some information for you. However I have returned your letter as an enclosure to a friend of mine and I am sure that he will attempt to locate Mr. Schumaker's nephew and write you accordingly.

I left Germany the 16th of March and returned to the United States for reassignment. Upon arrival in New York I called your home but since it was when you were turning over Hyde Park, and UNO seemed to be at its peak I was unable to reach you. Although I did intend to call again, my wife and I became very busy and we left New York sooner than we originally planned. I did so want to see you and thank you personally for your very kind letter and attentions to my mother and wife upon your return home, as well as to have a visit with you. I may be back in New York in a few weeks and if so I shall try and reach you at that time.

At the present I am enjoying my first leave in five years and a happy reunion with my wife and mother. I shall return to duty the 1st of June at some presently undetermined post. It is my hope that I shall be able to locate a position with a civilian concern during the time that I am on leave as it now appears that I shall not remain in the service. It is difficult to orient oneself as to business trends after such a long time overseas and as a result find myself at a loss to know the proper approach. This is helped by the fact that all of my adult life has been spent in the service-- I went on duty in 1936 and have been hard at it ever since. Now the problem is to sell this experience with a business concern. A challenge that I find enjoyable in spite of its difficulties.

Upon my arrival in the States I find I had forgotten just how wonderful this country is and the spirit of isolationism discourages me. I do feel that it is reactionary and as the people become more familiar with the world problems today we will broaden our viewpoint. I do hope this is true, and that the work of the UNO continues on successfully.

I trust that this finds you in your usual good form and that you are able to find time to take some much needed relaxation in this lovely Spring. If you should not receive any information in re to Mr. Shoemaker, please advise me and I shall pursue the matter further.

Very truly yours,
Ernest von Savell
