April 28, 1936.

Dear Tommy:

You asked me for prices on different sizes of loving cups which Mrs. Roosevelt wants to give to a group of colored women.

We can do the President's mug with the President's seal for $12.00, or we could make you up a large size loving cup with two handles for $20.00 or $25.00.

Will you let me know which you would like?

Lots of love

Affectionately,
April 28, 1936.

Dear Tommy:

I don't know how to answer this last paragraph as I don't know who the person was that Eleanor mentioned to Governor Cramer.

Will you let me know more in detail about it?

Affectionately,

Nancy.
Val-Kill Shop  
331 Madison Avenue  
New York City

For Release:  
Thursday, May 14th.

Mrs. Franklin D. Roosevelt announced today that henceforth the Val-Kill Furniture Shop at Hyde Park, New York, with which she has long been identified will be taken over and operated by one of the expert craftsmen employed there, Otto Berg of East Park, New York.

Miss Nancy Cook, President of Val-Kill, who has conducted the shop since its founding, finds the various craft projects have grown to such an extent that she can no longer give them her personal attention.

"Our Craft Workers", said Mrs. Roosevelt, "have wanted a shop of their own for some time. Now we are helping them all we can to get started. Since they have been with us many years we are assured that the beauty and workmanship of Val-Kill models will be retained." Miss Cook will still continue to give them advice and help.

The forge, where pewter and iron work is made, will be under the direction of Arnold Berg and Clifford Smith, both of Hyde Park, New York.

The weaving will continue under the direction of Nellie Johansen. During the winter months she will teach the art of weaving to any Hyde Park women who wish to learn.
Mrs. John Charles Hannan, Hotel Ansonia, 73rd to 74th St., at 2109 Broadway
N.Y.C. Wants to give Mrs. R. an antique rosewood chair.

May 18, 1936

Dear Nan:

Mrs. Roosevelt would like you to go tosee this chair. She thought perhaps it could be used in her apartment, and if not
would appreciate your having it sent to Hyde Park. She has written Mrs. Hannan that she is asking you to come to see it.

Affectionately,

Miss Nancy Cook

Dear Nan:

I told Mrs. Roosevelt about the woman you know who was teaching in the Washington Irving High School. I don't know any more about it than that. I hope you will be able to remember and let Governor Cramer know.

Mrs. Roosevelt wants the $12.00 cup with the President's seal. Will you go ahead with it.

Affectionately,

Nan dear: Cook

For some unknown reason
I gathered from Anna that you might
be in New York on Sunday and came to
see me, so I held this letter.
I am now sending it to you, though
I realize that you may have nothing
that this boy can do. Will you take
care of it for me?
May 7, 1936.

Dear Tommy:

We didn't receive, at the Cottage or shop, a candlestick, an original, from Miss Searing of Aurora. Did you have a letter saying that it was sent? If so, it might have gone to the White House or to the big house.

Lots of love and you sure will be invited to the dedication. It's to be a very small and exclusive party.

Affectionately,

Sam dear:

I will tell Tommy that you are inviting her for the 23rd.

I am awfully sorry about Marion. I certainly will do nothing else on the 5th but the school and I will try to have no other engagements around that time.

I think the publicity on the shop has gone well. I did not realize I was taking Agnes away from you and I hope the Troy meeting goes well.

You will be cheered to know that Anna expects to be back between the 1st and the 15th of June. John is not staying on the West Coast, so I think you will have her back for the summer.

Man dear:

Go in and look at the charts that Mollie has around her room. I think that idea might be worked out for your office by gathering anything that is good so that women who wander in and out can check up on the agencies and what they are doing. Incidentally, I think if you can get it over so that each committee chairwoman did the same thing in her headquarters - be it township or precinct - or anything you choose, it would help the organization.

Have you held off on the donkey banks because they did not give you any share? Isn't there some way in which we could encourage money-raising and arrange to keep half of it in the State? It might be a good way to get money where we have never gotten it before. Molly did not speak to me about it - I simply noticed the chart. Otherwise, everything is filled up in New York State.

Dear [Name],

I am delighted to hear from Earl that you are coming up on Sunday. I am anxious to have you see Earl's house, for I know you will like it a lot.

Can you tell me or find out from Otto how much he would charge to make a desk for Nick, 52 inches long, 28 inches wide, like mine here in the White House? It would be of walnut and with just the two drawers in the front. She would like it for her birthday and Christmas combined and it does not matter when it gets to her.

I am enclosing $25, $15 for the typewriter, and $10 for the lighters. Will you send them to me as soon as possible?

December 9, 1936

Dear Eleanor:

In preparation for drawing up your income tax returns, there are two points to which I ask your attention:

1. The Todhunter School.-- You will remember that in the balance sheet a considerable sum is set down as "reserves". I asked if you had received a share of that which should be entered among your income, and you said that it was being held as a reserve.

Under the law, this amount is called "undistributed profits". Under a law passed last spring, it is subject to an additional separate tax of from ten to twenty-seven per cent. The only way to avoid paying this tax on this amount is to distribute it among the owners before the end of the fiscal year.

2. The Valkill Shop.-- I should have a copy of the final balance sheet and of the comprehensive statement showing beginning capital, receipts, disbursements, final disposition of assets and loss or profit, drawn up in connection with the surrender of the charter of incorporation.

If there is a loss there, it can be offset against your income.

Dear Nan:

I am planning a birthday dinner on the 30th for Franklin. It will not, of course, be anything like the parties we used to have, because, without Louis, none of us have the heart to attempt anything like that. The gentlemen will probably play poker and I will probably make the rounds of birthday halls as usual.

We are looking forward to your being here.

Affectionately,

Miss Nancy Cook

January 7, 1937

Dear Nan:

Mrs. Roosevelt is having a party for the President on January 30 and, of course, you and Miss Dickerman are invited. In the meantime Mrs. Roosevelt wondered if you would have any suggestions as to what she could give as little souvenirs of the party. You will remember that one year we gave the paper knife made out of White House wood, another year, the little box made of White House wood, and last year the pewter tray with the seal. Mrs. Roosevelt will want something about the same price.

Affectionately,

Miss Nancy Cook
Room 704
331 Madison Avenue
New York
N.Y.
January 13, 1937

Dearest Nan:

As we gave the people at Franklin's birthday party last year the ash trays with the seal, I don't think we can give them again this year. Perhaps I can give them the bottle opener. How much are they? I do not want to spend too much; at the same time I will want something for the twenty people who will be at the Todhunter birthday dinner, the price to be in the neighborhood of one dollar. You will remember that last year we gave them the match boxes.

I hope Mr. Englehardt will get things straightened out and I suppose the simplest way will be to make him a contract on the job, and we will have no more difficulty.

I understand it was Mr. Eyler who made the complaint to the carpenters' union, and I think he is pretty low-down, in view of the fact that he has had so much work from us.

I am glad the upstairs work will soon be finished. Mr. Fimbel writes they cannot install the pump in the cellar until he has more room. Do you suppose it would be possible to stack the lumber now in any different way so that we could let him go ahead? I know that we cannot get rid of the lumber, because Otto can only take so much at a time.

Can you also tell me if Otto has started on the desk that I ordered for Hick? I have forgotten whether he gave me a price or not.
He made Earl's bedside table out of maple, and, as you remember, all of the things in Earl's guest room are dark walnut. Luckily, Earl stopped by to get it and did not take it. I hope Otto will hurry to get the walnut one done.

I won't be in New York on Saturday and can't imagine how such news got about. I will be there on the 29th, as I have written to Marion, but every minute of my day is jammed. Marion tells me that you and she are coming down that afternoon and I am delighted. I shall look forward to seeing you at the Inauguration, although from the present indications we will be so crowded and so hectic that I probably will not be able to do more than say hello.

I have put the Skillings and the Backers and Mrs. Rosenberg on the list as you requested. I think we are something like 500 for lunch and 3,000 for tea, and I will be glad when it is all over.

I am enclosing my check for $100 as my annual contribution to the Women's Division.

Much love.

Affectionately,
Dear Madeline,

Thanks for your note. Perhaps it would be just as well if I went up to Shanghai so as to get in the 17th instead of the 18th. I was planning a social dinner next Saturday, but I think I will change the date for some reason before I leave.

The 24th of Feb. is reserved for the dance, and I am getting the social committee and I am getting the social committee and the people who have been invited to the 24th of Feb. to come to the 17th. There are about 30 people who have been sent for the 24th of Feb. and I am having a social dinner on the 18th.

Please give me your thoughts on the matter.

Eleanor dear:

I forgot to ask what price you want to pay for Earl’s bedding.

For a large bed that he is having you could get a mattress and spring for $111.25 - for $85.00 and for $79.00. There would be a discount of 20% from these prices.

Will you want pillows sent him also? They are all the way from $8.00 to $15.00, with a discount of 20%.

Muddie dear:

It was nice to see you for a few minutes on Saturday and I only wish that you could have stayed longer. You breezed in and out so fast that I hardly appreciated that you had been there.

We are keeping June 8th and 9th, and have already written upstate to see whether it would be the most convenient place to have the meetings, and will let you know as soon as we get work back.

I gave up all hope of George ever getting a job, and as he was getting desperate I went out and saw some people, and Nathan Straus has taken him on in their store, and I hope it will be a permanent place. I have helped him with money since election, so I am glad he has at least got a place as it has been five months.

I got a very nice package from you on Saturday - the toilet water and powder, and I have already put it in my new bathroom. I needed it as I didn't have any. Thanks a lot dear.

Will you be in the office when you come up Friday. Anyway I will see you at the school.

Dear Nan:

Will you order the mattress and spring for $111.25? We do not want any pillows.

I am keeping June 8 and 9 open, but I must leave immediately after lunch on the 9th.

I have just written to Jim about George, but I will tell him that George has something, and I am delighted.

I will have to lunch on Friday at the Junior League, but will stop in after lunch and do my piece with Gertrude.

Do you think now that Otto could take the lumber out of my cellar? When I was up there I noticed that he has plenty of room in the downstairs part of his barn in which he could store it. I will want to get the cellar in order and so will Tommy, and I wondered if there was any way of getting the lumber out. I will, of course, be glad to pay the cartage.

Much love.

Affectionately,
Mrs. Franklin D. Roosevelt,
The White House,
Washington, D.C.

My dear Mrs. Roosevelt:

As you requested of Mr. Edwards yesterday, herewith is the name of the lady with whom you had lunch, Mrs. William H. Myers, Cades Cove, Tennessee. The hike you took was on Ekeneetlee Creek.

Assistant Chief Ranger Harold O. Edwards accompanied you on your trip yesterday.

Very sincerely yours,

J.R. Eakin,
Superintendent.

May 26, 1937

Dear Nan:

Will you please tell Mr. Englehardt for me just how the furniture should be treated so that he can direct whoever I send up.

On Tuesday I will send up Nanie and her husband if they can go and will you have them, if convenient for you, use the maid's room over Tommy's apartment and that little kitchen up there for themselves. He can do the furniture gradually; she can do the cleaning and any cooking you may need intermittently. A week later, on June 7th, I would like to send up Susie to make curtains if you don't mind having her use the little room in that apartment upstairs.

The furniture can be finished down in the cellar and then stood aside as finished until I arrive, in any room on the first floor where it will not be harmed. I don't want anything moved into place until I am there to direct it. I will be there Friday afternoon and thru the day Saturday, probably going to Albany Saturday night, returning on Sunday night or Monday morning early and going to Elizabeth Read'a that day.

Do you really think it absolutely necessary, and will you please ask Agnes for me, whether it would upset her if I did not appear at that afternoon meeting in Syracuse. It would be much easier for me, though I can make it if necessary.

Much love, Affectionately,

Maddie dear,  

I am back and all settled in the office again with only the very nice memory of my trip with you—All my playmates have been in all day and we have been fixing up the last details for the engine in Syracuse.

I am wondering if you have sold all your radio money—so if you would like to.

Consider giving Frank Swift (he is the young man that Dr. McCanlent sent to us to learn metal work) something each week for a year to see what he could do about it—time to keep the women busy. I can only pay him 25.00 a week for 5 days in the forge. He could do the material—so I can only pay him.  

Leaves him Saturdays and evenings to push the weaving women and to see what could be done—if he could get 10.00 a week on the weaving. I think I could get him to come for it.  

I do not know how you feel about it or if you think it wise—so this is only a suggestion. But I feel that they do need someone to push them, and it also would relieve the demand—and to at least

Will the boys and children
build up and find 3 or 4 women who will be willing to undertake the sweeping in a serious way. You did say that you would get the stores for them - but I am sure they will have to be visited several times a week if we are ever to get them going.

I am not sure that they will stick to it long enough. I am sure the only hope is to have someone who has the time to look after them and to solve all their difficulties.

Would you ask Tommy to call me up? I would have to know by Friday as he is considering another position and is coming to see me Saturday. I was home the first time I was home. The Hyde Park was still attending the classes very well.

Women were still attending the classes very well and it seemed more hopeful. I will go and Nelson seemed more hopeful. I will go and see the women and around this week and then see the women and see how things are going. I had a lovely time with you dear and you were nice to let me go along. If there are any little jobs you want done about the house for you and home - take them all and I will get them to gather up and I will get them together for you to make sure you can have a good time settling so you can have a good time settling.

Counting the days now; blustering the love dear.

Yours ever, Nanny

Dear [Name],

You were sweet to write me such a nice note and I don't want you to be concerned about me, because it is just a common, ordinary garden variety of cold. At the moment I am feeling a little sorry for myself and rather cranky, so I guess I will recover.

Mrs. Roosevelt thinks if you have 25 of the plain card holders made they will be enough and she would like them as soon as possible as she wants to get them initialed.

It is too bad about Mr. Nesbitt, but he went peacefully and quickly, which is all any of us can hope for. Mrs. Roosevelt is going to the funeral, so you will probably see her before you get this.

Man dear:

I have a feeling that this check should be for $165 instead of $155, but my other check book is put away, so let me know if I have made a mistake of $10.

Also I would like to pay a bigger share of Clifford's salary for the next few months, because he is doing so much work on my walls. I told Bill to help him when he needs help outside, but I do not think that would even it up at all.

Which would you rather let me do - pay a little more now or make him a present?

Much love.

Dear Muddie:

This is just a reminder for you to look up and see if you have a free day. It could be on Wednesday or Thursday, which would probably be better for you, sometime the latter part of May or the first of June, for the Annual State Meeting of the Women's Division.

It was nice seeing you at Hyde Park, and it looks as though this weather was going to keep up. Marion hopes to get to Hyde Park this weekend. She hasn't been up for a long time.

I ordered the seeds for the herbs, and Clifford will plant them in my new hot box, so I am in hopes that you and Tommy will have good seasoning for your soups next summer. Too bad I can't raise the bees in the hot box also.

Fanny Hirst's party was very nice, and everybody in the world was there. She has three floors now and it is all most attractive and thoroughly ecstastically designed. She sent her love to you and a kiss.

Bless you and all my love.

When Mrs. Roosevelt was in Kentucky last week, she promised to send the principal of the High School in Jackson, Kentucky, drawings of the double decker beds and anything else which you think would be simple enough for boys who are learning woodworking. They have a lathe and an instructor but haven't any very good designs.

Will you also send them the way you finish walnut according to your prescription, and one of the small-sized cherry bowls.

Dear President and Mrs. Roosevelt,

Perhaps you will be interested in knowing that two of the employees of The Foundation are soon to be married in the chapel which you so recently dedicated. It is to be the greatest occasion in our lives and we are very proud of the fact that ours is to be the first wedding in this lovely little chapel.
GEORGIA WARM SPRINGS FOUNDATION
WARM SPRINGS,
GEORGIA

I, the undersigned, have been a member of the Physical Therapy Staff for the past two years, while I have worked in the colony and infirmary for several years prior to today. Prior to entering Emory for medical work at Emory, I had attended Emory University. Following the summer of work here, I expect to enter Emory's Medical School this fall.

The foundation has been like a home to me for a long time and we have been extremely happy here. The

Dear Ben:

Thanks for returning my check. I did not realize that I had paid for July and October. Don't you need any extra money for repairing the road after the flood? It seemed to me you had to do a good deal of work which could not have been allowed for in the original budget.

I hope you do not get too weary in the campaign. You looked pretty well to me Tuesday night, but that was a terribly long trip to take just for a few hours.

The copper vases will find their way back to Hyde Park, and I am sure will always be useful. Many thanks.

Much love,

Dear Man:

I am sorry if my letter sounded unfriendly or unkind. I simply had to tell you the truth, which was that quite obviously the wood in these particular frames was entirely different from that in the other frames. Whether George made the mistake or whether Otto did not get the right wood I do not know.

I certainly do not expect any money back because, as I explained to you in my letter, I realized that whatever money was paid to the boys included all this and, therefore, unless we took it out of them we could not get any money back. If you send me a check I simply will not cash it. However, it does mean that I have to get some other kind of frames and just at this season when everything is in full swing, it is particularly annoying. However, there are many worse things than that in life and it is probably my own fault that I did not look at them when they arrived.

I told Otto to take the frames back to you because you may be able to suggest some way of taking off the markers and putting something else on as they cannot carry that plate or the President's seal if we are not using them. As I am trying to get others, of course I do not want these. I did not intend any criticism of you. It was just the phrasing of my letter at a time when I was too busy to give much thought to it and I hope you realize also that Otto had to have some excuse and I suppose the obvious one is that the wood was new wood. Whether it is or not no one of us can possibly prove.

A happy New Year to you.

Miss Nancy Cook
Val-Kill Cottage
Hyde Park, N.Y.

Affectionately,

T.D.D.
Eleanor dear;

I have your letter about the frames. When the lumber was put in the cellar, it was marked by George as White House wood. I do remember that the last time Otto came for pine he said he did not think it was the White House wood. I told him then that I knew nothing about it but since the pine was marked White House I had no reason for thinking it was not and he did not seem to have any positive ideas about it.

It is absurd that Otto should say that the frames pulled apart because the wood was new. Nine-hundred and ninety-nine frames out of a hundred which are made commercially are made from new wood and if the job is done right they certainly do not come apart.

I paid Otto for the cabinet work, Arnold for putting on the seals and plates and Clifford for finishing them. I also paid for the seals, finishing materials, the glass and card-board, so the boys are not out of pocket. The bill for the frames was the amount that it cost to do them. I did not give the entire job to Otto to do as I felt he could not invest fifty or a hundred dollars in the purchase of seals and I also thought that Clifford could finish them more nicely. However, I guess my effort and consideration for others seems to have been the wrong thing to do.

Since you think "the frames are obviously not White House wood" I will ask Otto to return them to me and I will send you a check for those returned. However, regardless of what Otto may think I still believe the frames were made from White House wood as George was a reasonably dependable person.

I am so sorry that this has caused you all this bother. Your letter dear, was not a very friendly or kind one.

Affectionately

Dear Nana:

Enclosed is my check for $165.00. If this turns out to be too much, will you credit it on the next three months and let me know the balance which I will then owe.

Affectionately,
Mr. Magee:

This looks bad for me! I am so surprised that the check is not in the envelope — where as a matter of routine I put them when writing a letter — that I can't remember anything about it.

I do remember seeing the check the first time the letter was written, and can only think that the first envelope was torn up with the check in it, or — what is less likely — that the first envelope went to Miss Cook.

I have tried to be most careful about checks, but it is, of course, perfectly possible that this is what happened.
Mr. Maga —

Did you have another look around for the check? I haven’t seen it.

Remember it was attached to the first letter which was written for my pay. I thought that letter to go to the president for Mrs. [illegible].

[illegible] thought with [illegible].
Dear Nan:

Do you know anything about some young people named Beckus, Lauterbach and Peabody, who are said to have worked effectively for the young voters' committee for Lasker? They are anxious to begin now for 1940 and have written Mrs. Roosevelt, but you and I know how many people make claims of having done this or that, so I want to check first.

Just a hurried note in reply to your letter of the 3rd.

Miss Cooks says that Dana Baskus is the husband of Louise Laidlaw, and is a very fine young man, and much interested and helped us a great deal during the last campaign.

Richard Leuterbach and George Peabody are also grand boys, but Miss Cook doesn't know them as well as she does Dana. Both Leuterbach and Peabody worked very hard during the campaign and are personal friends of the Governor's.

Dear Nancy:

I am writing Otto that I do not consider he is entitled to a present. You paid him for his work and there is no reason why he should receive anything more. No one can do anything financially in this situation but forget it.

I am glad the Jackson dinner was fine and also the Inauguration. Too bad Mrs. Lehman was sick. They were supposed to come down here but were unable to come at the last moment. I am sorry, too, about Eddie Flynn. Every one says he looks very bad.

I am going through New York City but not even stopping for any length of time so I do not know when I will have a chance to see you all again. I gather from Hall and Marion’s letter that New Year’s was great fun.

I am sorry you will not be in Hyde Park and grieve that you have to have a new furnace. I realize what that expense is!

Affectionately,

Nancy Cook

Dear Nan:

The boss is having clean-up week this week and discovered that she did not send her annual contribution of $100 to the Democratic State Committee. I know that, even though it is a bit late, you will put it to good use.

I was distressed to hear of Tom Lynch's death and did you know that Mrs. Lynch is pretty sick? I feel sorriest for the poor little kid, who is only six years old.

The rate at which people are popping off makes me wonder if I should struggle to save for my old age. We lost three here at the White House in one week, all of them looking hale and hearty.

I sent you two pairs of white flannel trousers which I thought Allan might be able to use.

We are going to have the Vassar Choir sing at the Big House after dinner on April 28 for the Norwegian Crown Prince and Princess, and if you are at Hyde Park and you and Molly and Marion want to come over about nine o'clock it will be very nice to have you.

Franklin is also planning a picnic on the top of the hill on Saturday, the 29th, and another one on May 1 for the Danish Crown Prince and Princess and we hope that you three will come to that.

Dear Nancy:

I am glad you all had a nice Thanksgiving. I saw you and Caroline and Mrs. Good at luncheon the other day. I seem to have been doing nothing but attend public functions these days!

It is kind of you and Marion to suggest my coming to dine with you, but as far as my calendar now looks it will have to be some time in the future - and not the very near future.

I am interested to hear that Molly is returning. I started her Christmas present on its way to England and am now trying to stop it. Otherwise it will take an unnecessary trip and probably not reach her by Christmas. Will you explain to her?

Does this mean that Molly is taking out United States citizenship papers?

Dear Mr. [Name],

Thank you for the lovely letter you sent me on Thanksgiving last month. I was very touched by your kind words and your invitation to spend the holiday with you and your family. I must say, I enjoyed the festivities and the delicious food. The atmosphere was warm and inviting, just like your hospitality.

I hope the holiday season was as delightful for you as it was for me. I spent the day with my family, enjoying the cozy ambiance of the house. We played games, cooked, and shared stories. It was a wonderful day, filled with love and joy.

I am looking forward to our next get-together. Did you have a good time at the Warm Spring party? Did you enjoy the music and dancing? I heard about all the fun you had, and I am quite eager to hear more.

Please convey my regards to your family and friends. I am grateful for your hospitality and I hope to see you soon.

Yours sincerely,

[Your Name]
This note is locked. I am so glad they were able to find it. 

The note says, "Then will you come to dinner with me and see the rooms? Do you have a little apartment? Do you have your book for you and your reading chair? Then go one to one hand and take the city and let your heart. The city is very much. I see you very much. I see your face. I am enjoying having you here."

The school is much better. I met a very dear lady and her son who had two words when I met her. She said, "Hello!"

Dear Tommy:

I am returning the check you sent for $165.00, as Mrs. Roosevelt has already sent $15.00 to much for this year for the Joint Account.

I figured out the best I could last year what the expenses would be for the things we all shared together.

From our past expenses it came to around $1,000.00, but we called it $960.00, as this made an even $40.00 a month for the Guest House to pay and $40.00 for the Cottage. Therefore your boss has $165.00 to the good which I am enclosing.

I was sorry not to see you but I came back to the city after the Vassar meeting.

Be good and love.

Affectionately,

[Nancy]
NOTE: - The services for which we jointly support are:

Dear Man:  

The other day when Xliss Thompson's name came up, Tommy asked me if in my variety of comings and goings, I had met her and given her permission to use my name. This morning Tommy had a letter from her explaining how it all happened. We both understand and Tommy has written her. However, in her explanation, she said inasmuch as my name is on the door, she thought I was still identified with the office. I meant to ask you long ago to have my name removed and I did not realize it was still there. I have so little knowledge or contact with the work nowadays, I much prefer not having my name used in any way so I shall count on you to have it taken off.

Affectionately,
Dear Eleanor,

I have your note concerning Alice Thompson and I have removed all the names from the donor list except hers.

Alice did a stupid and thoroughly dishonest thing - she not only used your name but also her connections with the State Committee to try and get to see people who that she could sell her manufacturing products to the Government.

Youth is great! We have big ideas in the office and from good college girls and from good homes - and most of them have done equally stupid things during the past
