The White House

Dear Mr. Roosevelt,

It gives me great pleasure to inform you that the Jewish National Workers Alliance, will celebrate its thirtieth anniversary during the month of December with a number of outstanding functions arranged in the City of New York and in about 100 other communities throughout the United States.

The Jewish National Workers' Alliance is a fraternal educational order with branches in the larger communities throughout the country, and is considered the major force in the Labor Zionist Movement in America. The Alliance is recognized in Jewish labor circles to be one of the most active organizations to support our Government in all its efforts at home and abroad, and has a special record of great significance in its activities, helping in every direction in the war effort of our beloved country.

The Alliance occupies a very important place in the labor movement and in all Jewish endeavors, especially helping in every possible way in the upbuilding of the Jewish National home in Palestine.

On the occasion of the 30th anniversary celebration the two leading Jewish dailies, the Day and the Jewish Morning Journal will publish special editions which will contain articles about the activities of the Alliance for the past 30 years, and greetings to the organization and its membership.

Your message of greeting on this occasion will be a great encouragement to the membership of the Alliance and its leaders.

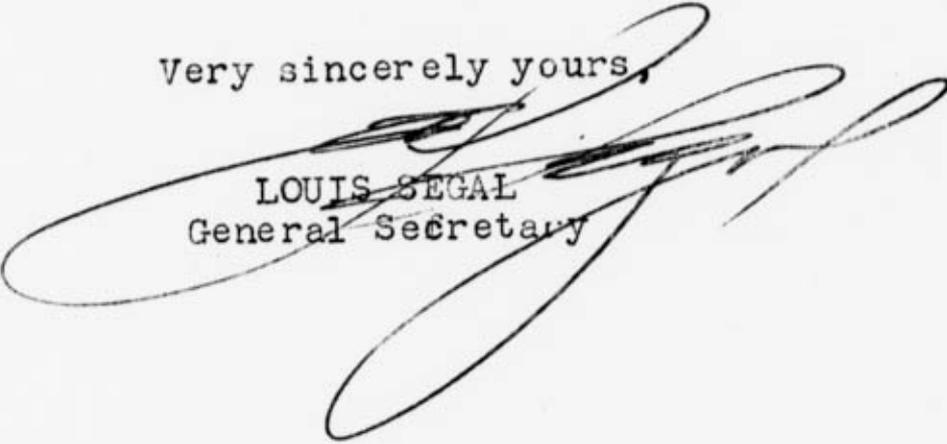

We are looking forward to receive your message, stressing especially your interest in the present plight of the Jewish people and its inspiration for upbuilding Palestine which is the hope of millions who are eager to build a new life for themselves and their people.
